(2) by inserting “annual” after “include in the” in the matter preceding paragraph (1); and

(3) in paragraphs (1) and (2), by striking “and other ” and all that follows through the period at the end in both instances inserting in lieu thereof “and any other country designated by the President pursuant to section 203(d).”.

TITLE VI—MIDDLE EAST PEACE FACILITATION ACT OF 1995

SHORT TITLE

SEC. 601. This title may be cited as the “Middle East Peace Facilitation Act of 1995”.

FINDINGS

SEC. 602. The Congress finds that—

(1) the Palestine Liberation Organization (hereafter the “P.L.O.”) has recognized the State of Israel’s right to exist in peace and security, accepted United Nations Security Council Resolutions 242 and 338, committed itself to the peace process and peaceful coexistence with Israel, free from violence and all other acts which endanger peace and stability, and assumed responsibility over all P.L.O. elements and personnel in order to assure their compliance, prevent violations, and discipline violators;

(2) Israel has recognized the P.L.O. as the representative of the Palestinian people;

(3) Israel and the P.L.O. signed a Declaration of Principles on Interim Self-Government Arrangements (hereafter the “Declaration of Principles”) on September 13, 1993 at the White House;

(4) Israel and the P.L.O. signed an Agreement on the Gaza Strip and the Jericho Area (hereafter the “Gaza-Jericho Agreement”) on May 4, 1994 which established a Palestinian Authority for the Gaza and Jericho areas;

(5) Israel and the P.L.O. signed an Agreement on Preparatory Transfer of Powers and Responsibilities (hereafter the “Early Empowerment Agreement”) on August 29, 1994 which provided for the transfer to the Palestinian Authority of certain powers and responsibilities in the West Bank outside of the Jericho Area;

(6) under the terms of the Israeli-Palestinian Interim Agreement on the West Bank and Gaza (hereafter the “Interim Agreement”) signed on September 28, 1995, the Declaration of Principles, the Gaza-Jericho Agreement and the Early Empowerment Agreement, the powers and responsibilities of the Palestinian Authority are to be assumed by an elected Palestinian Council with jurisdiction in the West Bank and Gaza Strip in accordance with the Interim Agreement;

(7) permanent status negotiations relating to the West Bank and Gaza Strip are scheduled to begin by May 1996;

(8) the Congress has, since the conclusion of the Declaration of Principles and the P.L.O.'s renunciation of terrorism, provided authorities to the President to suspend certain statutory restrictions relating to the P.L.O., subject to Presidential certifications that the P.L.O. has continued to abide by commitments made in and in connection with or resulting from the good faith implementation of, the Declaration of Principles;

(9) the P.L.O. commitments relevant to Presidential certifications have included commitments to renounce and condemn terrorism, to submit to the Palestinian National Council for former approval the necessary changes to those articles of the Palestinian Covenant which call for Israel's destruction, and to prevent acts of terrorism and hostilities against Israel; and

(10) the United States is resolute in its determination to ensure that in providing assistance to Palestinians living under the jurisdiction of the Palestinian Authority or elsewhere, the beneficiaries of such assistance shall be held to the same standard of financial accountability and management control as any other recipient of United States assistance.

SENSE OF CONGRESS

SEC. 603. It is the sense of the Congress that the P.L.O. must do far more to demonstrate an irrevocable denunciation of terrorism and ensure a peaceful settlement of the Middle East dispute, and in particular it must—

(1) submit to the Palestinian National Council for formal approval the necessary changes to those articles of the Palestinian National Covenant which call for Israel's destruction;

(2) make greater efforts to pre-empt acts of terror, discipline violators and contribute to stemming the violence that has resulted in the deaths of over 140 Israeli and United States citizens since the signing of the Declaration of Principles;

(3) prohibit participation in its activities and in the Palestinian Authority and its successors by any groups or individuals which continue to promote and commit acts of terrorism;

(4) cease all anti-Israel rhetoric, which potentially undermines the peace process;

(5) confiscate all unlicensed weapons;

(6) transfer and cooperate in transfer proceedings relating to any person accused by Israel to acts of terrorism; and

(7) respect civil liberties, human rights and democratic norms.

AUTHORITY TO SUSPEND CERTAIN PROVISIONS

SEC. 604. (a) IN GENERAL.—Subject to subsection (b), beginning on the date of enactment of this Act and for eighteen months thereafter, the President may suspend for a period of not more than 6 months at a time any provision of law specified in subsection (d). (C) funds provided pursuant to the exercise of this authority and the authorities under section 583(a) of Public Law 103–236 and section 3(a) of Public Law 103–125 have been used for the purposes for which they were intended.

(3) *REQUIREMENT FOR CONTINUING P.L.O. COMPLIANCE.*—(A) The President shall ensure that P.L.O. performance is continuously monitored and if the President at any time determines that the P.L.O. has not continued to comply with all the commitments described in paragraph (4), he shall so notify the relevant congressional committees and any suspension under subsection (a) of a provision of law specified in subsection (d) shall cease to be effective.

(B) Beginning six months after the date of enactment of this Act, if the President on the basis of the continuous monitoring of the P.L.O.'s performance determines that the P.L.O. is not complying with the requirements described in subsection (c), he shall so notify the relevant congressional committees and no assistance shall be provided pursuant to the exercise by the President of the authority provided by subsection (a) until such time as the President makes the certification provided for in subsection (c).

(4) *P.L.O. COMMITMENTS DESCRIBED.*—The commitments referred to in paragraphs (2)(B) and (3)(A) are the commitments made by the P.L.O.—

(A) in its letter of September 9, 1993, to the Prime Minister of Israel; in its letter of September 9, 1993, to the Foreign Minister of Norway to—

(vi) submit to the Palestine National Council for formal approval the necessary changes to the Palestinian National Covenant eliminating calls for Israel's destruction, and

(B) in, and resulting from, the good faith implementation of the Declaration of Principles, including good faith implementation of subsequent agreements with Israel, with particular attention to the objective of preventing terrorism, as reflected in the provisions of the Interim Agreement concerning—

(i) prevention of acts of terrorism and legal measures against terrorists, including the arrest and prosecution of individuals suspected of perpetrating acts of violence and terror;

(ii) abstention from and prevention of incitement, including hostile propaganda;

(iii) operation of armed forces other than the Palestinian Police;

(vi) transfers to Israel of individuals suspected of, charged with, or convicted of an offense that falls within Israeli criminal jurisdiction;

(vii) cooperation with the government of Israel in criminal matters, including cooperation in the conduct of investigations; and

(viii) exercise of powers and responsibilities under the agreement with due regard to internationally accepted norms and principles of human rights and the rule of law.

(5) POLICY JUSTIFICATION.—As part of the President's written policy justification to be submitted to the relevant Congressional Committees pursuant to paragraph (1), the President will report on—

(A) the manner in which the P.L.O. has complied with the commitments specified in paragraph (4), including responses to individual acts of terrorism and violence, actions to discipline perpetrators of terror and violence, and actions to preempt acts of terror and violence;

(B) the extent to which the P.L.O. has fulfilled the requirements specified in subsection (c);

(C) actions that the P.L.O. has taken with regard to the Arab League boycott of Israel;

(D) the status and activities of the P.L.O. office in the United States;

(E) all United States assistance which benefits, directly or indirectly, the projects, programs, or activities of the Pal-

estinian Authority in Gaza, Jericho, or any other area it may control, since September 13, 1993, including—

(i) the obligation and disbursement of such assistance, by project, activity, and date, as well as by prime contractor and all subcontractors;

(ii) the organizations or individuals responsible for the receipt and obligation of such assistance;

(iii) the intended beneficiaries of such assistance; and

(iv) the amount of international donor funds that benefit the P.L.O. or the Palestinian Authority in Gaza, Jericho, or any other area the P.L.O. or the Palestinian Authority may control, and to which the United States is a contributor; and

(F) statements by senior official of the P.L.O., the Palestinian Authority, and successor entities that question the right of Israel to exist or urge armed conflict with or terrorism against Israel or its citizens, including an assessment of the degree to which such statements reflect official policy of the P.L.O., the Palestinian Authority, or successor entities.

(c) REQUIREMENT FOR CONTINUED PROVISION OF ASSISTANCE.—Six months after the enactment of this Act, United States assistance shall not be provided pursuant to the exercise by the President of the authority provided by subsection (a), unless and until the President determines and so certifies to the Congress that—

(1) if the Palestinian Council has been elected and assumed its responsibilities, it has, within 2 months, effectively disavowed and thereby nullified the articles of the Palestine National Covenant which call for Israel's destruction, unless the necessary changes to the Covenant have already been approved by the Palestine National Council;

(2) the P.L.O., the Palestinian Authority, and successor entities have exercised their authority resolutely to establish the necessary enforcement institutions; including laws, police, and a judicial system, for apprehending, transferring, prosecuting, convicting, and imprisoning terrorists;

(3) the P.L.O., has limited participation in the Palestinian Authority and its successors to individuals and groups that neither engage in nor practice terrorism or violence in the implementation of their political goals;

(4) the P.L.O., the Palestinian Authority, and successor entities have not provided any financial or material assistance, or training to any group, whether or not affiliated with the P.L.O., to carry out actions inconsistent with the Declaration of Principles, particularly acts of terrorism against Israel;

(5) the P.L.O., the Palestinian Authority, or successor entities have cooperated in good faith with Israeli authorities in—

(A) the preemption of acts of terrorism;

(B) the apprehension, trial, and punishment of individuals who have planned or committed terrorist acts subject to the jurisdiction of the Palestinian Authority or any successor entity; and

(C) the apprehension of and transfer to Israeli authorities of individual suspected of, charged with, or convicted of, planning or committing terrorist acts subject to Israeli jurisdiction in accordance with the specific provisions of the Interim Agreement;

(6) the P.L.O., the Palestinian Authority, and successor entities have exercised their authority resolutely to enact and implement laws requiring the disarming of civilians not specifically licensed to possess or carry weapons;

(7) the P.L.O., the Palestinian Authority, and successor entities have not funded, either partially or wholly, or have ceased funding, either partially or wholly, any office, or other presence of the Palestinian Authority in Jerusalem unless established by specific agreement between Israel and the P.L.O., the Palestinian Authority, or successor entities;

(8) the P.L.O., the Palestinian Authority, and successor entities are cooperating fully with the Government of the United States on the provision of information on United States nationals known to have been held at any time by the P.L.O. or factions thereof; and

(9) the P.L.O., the Palestinian Authority, and successor entities have not, without the agreement of the Government of Israel, taken any steps that will change the status of Jerusalem or the West Bank and Gaza Strip, pending the outcome of the permanent status negotiations.

(d) PROVISIONS THAT MAY BE SUSPENDED.—The provisions that may be suspended under the authority of subsection (a) are the following:

(1) Section 307 of the Foreign Assistance Act of 1961 (22 U.S.C. 2227) as it applies with respect to the P.L.O. or entities associated with it.

(2) Section 114 of the Department of State Authorization Act, fiscal years 1984 and 1985 (22 U.S.C. 287e note) as it applies with respect to the P.L.O. or entities associated with it.

(3) Section 1003 of the Foreign Relations Authorization Act, fiscal years 1988 and 1989 (22 U.S.C. 5202).

(4) Section 37 of the Bretton Woods Agreement Act (22 U.S.C. 286W) as it applies on the granting to the P.L.O. of observer status or other official status at any meeting sponsored by or associated with the International Monetary Fund. As used in this paragraph, the term "other official status" does not include membership in the International Monetary Fund.

(e) DEFINITIONS.—As used in this title:

(1) RELEVANT CONGRESSIONAL COMMITTEES.—The term "relevant congressional committees" mean—

(A) the Committee on International Relations, the Committee on Banking and Financial Services, and the Committee on Appropriations of the House of Representatives; and

(B) the Committee on Foreign Relations and the Committee on Appropriations of the Senate.

(2) UNITED STATES ASSISTANCE.—The term "United States assistance" means any form of grant, loan, loan guarantee,

credit, insurance, in kind assistance, or any other form of assistance.

(b) CONSULTATION.—For purposes of any exercise of the authority provided in section 583(a) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236) prior to November 15, 1995, the written policy justification dated June 1, 1995, and submitted to the Congress in accordance with section 583(b)(1) of such Act, and the consultations associated with such policy justification, shall be deemed to satisfy the requirements of section 583(b)(1) of such Act.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF
CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 1868) making appropriations for foreign operations, export financing, and related programs for the fiscal year ending September 30, 1996, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

TITLE I—EXPORT AND INVESTMENT ASSISTANCE

EXPORT-IMPORT BANK OF THE UNITED STATES

SUBSIDY APPROPRIATION

Amendment No. 1: Appropriates \$786,551,000 for the subsidy appropriation of the Export-Import Bank as proposed by the House instead of \$795,000,000 as proposed by the Senate. Deletes language proposed by the Senate relating to the proposed relocation of the Agency for International Development to the building at the Federal Triangle. This matter is addressed in amendment No. 31.

EXPORT-IMPORT BANK OF THE UNITED STATES

ADMINISTRATIVE EXPENSES

Amendment No. 2: Appropriates \$45,614,000 for the administrative expenses of the Export-Import Bank instead of \$45,228,000 as proposed by the House and \$46,000,000 as proposed by the Senate.

OVERSEAS PRIVATE INVESTMENT CORPORATION

NONCREDIT ACCOUNT

Amendment No. 3: Deletes Senate limitation of \$20,000 for official reception and representation expenses and restores House limitation of \$35,000.

OVERSEAS PRIVATE INVESTMENT CORPORATION

NONCREDIT ACCOUNT

Amendment No. 4: Inserts Senate limitation of \$26,000,000 for administrative expenses for the Overseas Private Investment Corporation instead of House limitation of \$26,500,000.

OVERSEAS PRIVATE INVESTMENT CORPORATION
PROGRAM ACCOUNT

Amendment No. 5: Appropriates \$72,000,000 for the costs of direct and guaranteed loans instead of \$69,500,000 as proposed by the House and \$79,000,000 as proposed by the Senate.

OVERSEAS PRIVATE INVESTMENT CORPORATION
PROGRAM ACCOUNT

Amendment No. 6: Deletes Senate language which allowed for the transfer of funds from the OPIC noncredit account in order to fund program activities. The House language provides for an appropriation from the general fund of the Treasury.

INTERNATIONAL FINANCIAL INSTITUTIONS

CONTRIBUTION TO THE INTERNATIONAL FINANCE CORPORATION
CONTRIBUTION TO THE ENTERPRISE FOR THE AMERICAS
MULTILATERAL INVESTMENT FUND

Amendment No. 7: Deletes House language providing appropriations for the International Finance Corporations and for the Contribution to the Enterprise for the Americas Multilateral Investment Fund. These matters are addressed in amendments no. 79, 82, and 88.

TITLE II—BILATERAL ECONOMIC ASSISTANCE FUNDS
APPROPRIATED TO THE PRESIDENT

AGENCY FOR INTERNATIONAL DEVELOPMENT
CHILD SURVIVAL AND DISEASE PROGRAMS

Amendment No. 8: Inserts language providing that not less than \$484,000,000 of the funds appropriated in title II, and in title IV under "International Organizations and Programs", shall be available for Child Survival and Disease Programs. The House had proposed an appropriation of \$592,660,000 for a "Children and Disease Programs Fund". The Senate bill contained no provision on this matter.

The managers support the maintenance of child survival (\$300,000,000), infectious disease programs, and funding for UNICEF (\$100,000,000), as indicated in the House report. In addition to funding for child survival programs included in the earmark in the conference agreement, \$30,000,000 would be available from "International Disaster Assistance" and \$16,000,000 would be provided from "Economic Support Fund" for programs in Egypt.

The managers support the House and Senate report language regarding the need for targeted polio eradication efforts, and recommend that \$20,000,000 be made available for purchase and delivery of polio vaccines. The managers urge that funding for HIV/AIDS be maintained at the current level.

The conferees believe that basic education programs are essential both to the well-being of the world's children and to achieving

the long-term economic goals of economic growth and trade. In particular, girls' education has multiple benefits, including improved child survival and overall family health. The conferees define basic education to include early childhood and primary education. The conferees strongly believe that strong support for these programs should be maintained and that \$108,000,000 should be maintained for children's basic education programs.

DEVELOPMENT ASSISTANCE

Amendment No. 9: Inserts language designating a combined development assistance account "Development Assistance" instead of "Development Assistance Fund" as proposed by the House and "Economic Assistance" as proposed by the Senate.

Amendment No. 10: Appropriates \$1,675,000,000 for "Development Assistance". The House had proposed that funding for development assistance activities be appropriated in three accounts, "Development Assistance Fund", "Children and Disease Programs Fund" and "Development Fund for Africa". The Senate proposed that development assistance activities, certain other activities, and non-Camp David funding from "Economic Support Fund" be appropriated in an account entitled "Economic Assistance". The conference agreement includes development assistance activities, including support for the Inter-American Foundation and the African Development Foundation, in one account and returns non-Camp David funding to "Economic Support Fund".

Funds are recommended for the continued participation of AID in the International Cooperative Biodiversity Group program at a level as close to the current level as possible.

The conferees continue to support the University Development Linkages Program. In addition, the conferees endorse the House report language regarding a proposal to establish an electronic interconnection involving colleges and universities in Latin America.

The conferees urge that the Office of Energy, Environment and Technology at AID be funded at the current level and recommend that AID continue funding for Office of Energy, Environment and Technology activities that promote power sector privatization, innovative technologies, renewable energy, and energy efficiency. The conferees reaffirm support for programs that promote economic development, reduce environmental pollution, and enhance United States industrial leadership in these areas.

The managers suggest that AID maintain the current dollar level of support for agriculture and agricultural research, including but not limited to, \$20,000,000 for the collaborative research support program. Also, because of the importance of livestock to the economies of developing countries and to women-run households, the conferees urge AID to support appropriate livestock research.

The conferees urge AID to give a high priority to programs that directly support sustainable economic growth in developing countries. In that regard, the managers urge that AID expand efforts to institutionalize community participation at the local level through core support for organizations that promote self-governance. In addition, organizations such as the Institute for Liberty and Democracy can help stimulate private sector-led growth by helping to apply to other settings the experiences in Peru in gener-

ating economic growth through land titling, removal of cumbersome regulations on business, and guaranteeing security of investment.

The managers support the AID Economic Growth Center's emphasis on economic and institutional reform. The managers encourage the Growth Center to identify the most serious domestic government barriers preventing AID recipients from achieving high levels of growth and recommend that AID propose appropriate free-market solutions.

The managers endorse the House report language regarding the need to maintain development assistance support for Latin America.

The managers support funding for management and training programs with ports in the developing world. The conferees urge AID and the State Department to work with U.S. ports and private port organizations, such as the International Port Development Council, Inc., to leverage the skills and expertise of U.S. seaport managers to improve port infrastructure overseas. Bilateral port cooperation will expand U.S. trade opportunities and improve the ability of developing countries to participate in the modern, global economy.

The conferees reaffirm their strong support for U.S. assistance programs that recognize the central role played by women in fostering economic development. The conferees urge AID to sustain support for the Office of Women in Development, including the continued provision of funds from the NIS assistance program.

Amendment No. 11: Inserts language providing that funds for the Inter-American Foundation and the African Development Foundation shall be made available (and apportioned directly to said foundations) from funds appropriated in "Development Assistance". Up to \$20,000,000 may be made available for the Inter-American Foundation and up to \$11,500,000 may be made available for the African Development Foundation. Senate language on the proportional of funds made available through the account is deleted.

The conference agreement also provides that up to \$25,000,000 may be made available to implement section 667 of the Foreign Assistance Act, and that not less than 65 percent of the funds made available for family planning assistance shall be made available directly to the Agency for International Development's central Office of Population and shall be programmed by that office for family planning activities. The Senate had proposed that not less than \$350,000,000 be made available for the latter activities.

The conference agreement also includes Senate language regarding the relative funding levels for activities of private and voluntary organizations and cooperatives, but does not include Senate language requiring a reprogramming notification to waive such language. House language on this matter is addressed in amendment No. 21.

FAMILY PLANNING ASSISTANCE

Amendment No. 12: Inserts language that defines the term "motivate" for purposes of obligating funds available for family planning assistance. The conference agreement modifies Senate language by removing the words "including abortion". This change is not intended to narrow the scope of any of the pregnancy options

included in last year's act. The House bill did not address this matter.

DEVELOPMENT FUND FOR AFRICA

Amendment No. 13: Deletes House language referring to the "Development Fund for Africa". The conference agreement does not include a separate appropriations account for this fund, and the reference is no longer necessary. This matter is further addressed in amendments No. 10, 11 and 17.

INTERNATIONAL FUND FOR AGRICULTURAL DEVELOPMENT

Amendment No. 14: Inserts Senate language increasing the limitation on funds that may be transferred to "International Organizations and Programs" for a contribution to the International Fund for Agricultural Development from \$15,000,000, as proposed by the House, to \$30,000,000, as proposed by the Senate.

Amendment No. 15: Deletes Senate language regarding a prohibition on funds for Zaire and an earmark for the International Fertilizer Development Center. The prohibition on funding for Zaire is addressed in amendment No. 36.

The managers support funding for the center as proposed in the Senate amendment.

UNITED STATES TELECOMMUNICATIONS TRAINING INSTITUTE

Amendment No. 16: Inserts language providing that not less than \$650,000 should be provided for support of the United States Telecommunications Training Institute. The Senate language would have mandated funding at \$800,000. The House bill contained no provision on this matter.

DEVELOPMENT FUND FOR AFRICA

Amendment No. 17: Deletes House language providing for a separate "Development Fund for Africa" account. Funding for this purpose, and a statutory reference to "Development Fund for Africa", has been included in "Development Assistance" in amendments No. 10 and 11.

The merger of bilateral development assistance funding into a single appropriations account is designed to allow the Administration the flexibility to respond to changing priorities with fewer resources. However, it does not indicate a lessening of interest in Africa; the managers expect that a major portion of the resources provided in the "Development Assistance" account will be committed to programs in sub-Saharan Africa, and have included bill language to require the President to seek to ensure that the amount of funds available for Africa for development assistance in fiscal year 1996 is in substantially the same proportion to the total amount available for development assistance as the funding provided in fiscal year 1995. Activities in Africa should be managed under the authorities of chapter 10 of part I of the Foreign Assistance Act of 1961.

The managers anticipate that AID will continue the reforms undertaken under the Development Fund for Africa that focus its limited funds on a smaller number of countries where the govern-

ments are committed to development policies that will promote equitable and sustainable economic growth. Concurrently, the managers expect that Africa humanitarian resources will be managed in a way that promotes long-term development, as development resources are programmed to minimize short-term crises. The Greater Horn of Africa initiative is a good example of such an effort.

CYPRUS

Amendment No. 18: Inserts language earmarking \$15,000,000 for Cyprus to be used only for scholarships, scholarship administrative costs, bicomunal projects, and measures aimed at reunification. The conference agreement is similar to Senate language, but allows for funds to be derived from both "Development Assistance" and "Economic Support Fund", and provides authority to use funds for administrative costs.

BURMA

Amendment No. 19: Inserts language providing that not less than \$2,380,000 of the funds appropriated in "Development Assistance" and in "Economic Support Fund" will be available for programs in Burma. These funds would be used to strengthen democracy, support humanitarian assistance, and provide for support to a nongovernmental organization for a crop substitution project in Burma.

For the past two years, the conferees have urged the Administration to provide meaningful levels of assistance to refugees and exiles supporting the restoration of democracy in Burma. Although the Administration agreed in writing to obligate no less than \$1,000,000 in such support for fiscal year 1995, the commitment to the Congress was not fulfilled.

The release of Daw Aung San Suu Kyi represents a unique opportunity to support initiatives to implement the results of the 1990 elections and strengthen free market principles and practices. The conferees have designated not less than \$2,380,000 to support students, organizations, and ethnic groups, including the Karen, Karenni, and Kachin dedicated to these goals. The conferees direct AID and the Department of State, in consultation with the Congress, to prepare a report sixty days after enactment of this Act on a plan for the expenditure of these resources.

PRIVATE AND VOLUNTARY ORGANIZATIONS

Amendment No. 20: Inserts Senate language allowing the Administrator of AID to waive, on a case-by-case basis, the requirement that no funds may be made available to private and voluntary organizations which obtain less than 20 percent of total funding for international activities from sources other than the United States government. The managers agree such authority should only be used in emergency or extraordinary situations, and that the Administrator should report to the Committees on Appropriations each time the waiver is used.

Amendment No. 21: Restores House language stating that funds appropriated or otherwise made available under title II should be made available to private and voluntary organizations at

a level which is equivalent to the level provided in fiscal year 1995. This matter is also addressed in amendment No. 11.

INTERNATIONAL DISASTER ASSISTANCE

Amendment No. 22: Appropriates \$181,000,000 for disaster assistance instead of \$200,000,000 as proposed by the House and \$175,000,000 as proposed by the Senate in amendment No. 29.

The conference agreement also inserts Senate language (proposed in amendment No. 29) providing that \$40,000,000 should be made available for emergency humanitarian assistance in the former Yugoslavia (of which not less than \$6,000,000 shall be available only for Kosova) and modifies such language to allow these funds to come from any appropriations account within title II of this Act.

DEBT RESTRUCTURING

Amendment No. 23: Deletes Senate language earmarking funds for "Debt restructuring" from "Economic Assistance", and restores House language providing for a direct appropriation of such funds.

Amendment No. 24: Appropriates \$10,000,000 for "Debt Restructuring" instead of \$7,000,000 as proposed by the House or earmarking such funds from "Economic Assistance" as proposed by the Senate. The conference agreement also restores House language allowing for debt restructuring of loans owed to the United States as a result of concessional loans made to eligible Latin American and Caribbean countries. The managers endorse the House report language regarding the need to reduce the debt burden on countries participating in debt restructuring, and expect individual reports on the expected new debt that would be assumed by any country proposed for such restructuring including the rationale justifying such additional debt.

MICRO AND SMALL ENTERPRISE DEVELOPMENT PROGRAM ACCOUNT

Amendment No. 25: Appropriates \$1,500,000 for subsidy costs of micro and small enterprise development loans and \$500,000 for administrative expenses as proposed by the House instead of earmarking such funds from "Economic Assistance" as proposed by the Senate.

Although the conferees have not designated a specific funding level for microenterprise lending programs, the conferees note a strong bipartisan commitment to these activities. The conferees support the program's emphasis on micro-loans for self-employment as a means to lift the poorest people from poverty. The conferees believe that these programs promote sustainable, market-based development at relatively little cost and deserve support substantially consistent with last year's level. The conferees urge AID, consistent with its Microenterprise Initiative, to allocate up to one-half of its microenterprise funds to poverty lending programs that provide loans of less than \$300.

Amendment No. 26: Inserts Senate language allowing up to 70 percent of the principal amount of a micro loan to be guaranteed notwithstanding section 108 of the Foreign Assistance Act.

Amendment No. 27: Inserts Senate language making funds available for obligation until September 30, 1997.

HOUSING GUARANTY PROGRAM ACCOUNT

Amendment No. 28: Appropriates \$4,000,000 for the subsidy cost of guaranteed loans. The House had proposed no funding for this purpose, and the Senate had proposed \$8,000,000, to be derived from funds appropriated in "Economic Assistance". The conference agreement also includes \$7,000,000 as proposed by the House for the administrative costs of the housing guaranty program, instead of earmarking such funds from "Economic Assistance" as proposed by the Senate.

INTERNATIONAL DISASTER ASSISTANCE AND ASSISTANCE TO PAKISTAN

Amendment No. 29: Deletes Senate language providing an appropriation of \$175,000,000 for "International Disaster Assistance" and requiring that \$40,000,000 of such funds should be made available for emergency humanitarian assistance to the former Yugoslavia. These matters are addressed in amendment No. 22.

Also, deletes Senate language clarifying restrictions on assistance to Pakistan. This matter is addressed in amendment No. 145.

OPERATING EXPENSES OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT

Amendment No. 30: Appropriates \$465,750,000 for operating expenses of the Agency for International Development as proposed by the House instead of \$490,000,000 as proposed by the Senate. The conferees expect the Committees on Appropriations to be informed any time prior to the exercise of the authority to use up to \$25,000,000, as provided for under amendment No. 11, for purposes of section 667 of the Foreign Assistance Act.

Amendment No. 31: Inserts language proposed by the House and stricken by the Senate that would limit to \$1,475,000 the amount of funds available for printing costs, and limit to \$25,000 the cost of any individual report without the approval of the Administrator.

The conference agreement also includes new language, similar to Senate language from amendment no. 1, that would prohibit the use of any funds in this Act to relocate the Agency for International Development to the Federal Triangle. The managers expect AID to assess the need for such a move, and to report to the Committees on Appropriations on future plans for a move, if warranted, at a lower cost and with lower rental payments. The prohibitive cost of the proposed relocation to the Federal Triangle building, including exorbitant rental costs, was the primary reason for the decision to prohibit the use of funds for the move.

OPERATING EXPENSES OF THE AGENCY FOR INTERNATIONAL DEVELOPMENT

OFFICE OF INSPECTOR GENERAL

Amendment No. 32: Appropriates \$30,200,000 for the operating expenses of the Inspector General as proposed by the Senate instead of \$35,200,000 as proposed by the House and makes such

funds available for two fiscal years. The managers anticipate that the Inspector General will use deobligated prior year funds in order to maintain an adequate program level.

ECONOMIC SUPPORT FUND

Amendment No. 33: Deletes Senate language inserting "Middle East Fund", and restores House language designating the account "Economic Support Fund".

Amendment No. 34: Appropriates \$2,340,000,000 for "Economic Support Fund" instead of \$2,300,000,000 as proposed by the House and \$2,015,000,000 as proposed by the Senate.

Amendment No. 35: Inserts language earmarking \$1,200,000,000 for Israel on a grant basis and \$815,000,000 for Egypt on a grant basis of which not less than \$200,000,000 shall be provided by Commodity Import Program assistance, provides that the President assure such assistance does not cause an adverse impact on the total level of non-military exports from the United States to Israel and Egypt, links aid to Egypt and Israel in great measure to their continued participation in the Camp David Accords, and authorizes the use of local currency for increasing the endowment of the American University in Cairo and for projects and programs which promote the preservation and restoration of Egyptian antiquities. This assistance, which utilizes only local currency generated by our foreign assistance program, is a "no-cost" way of fostering U.S. values in a region of the world that is vital to our national interests. This will be the third time Congress has approved a replenishment for the A.U.C. endowment, and the second time Congress has approved assistance for the preservation of Egyptian antiquities. The managers expect the administration to utilize this authority by providing at least the amounts detailed in the legislation. The House bill contained no provision on this matter.

Amendment No. 36: Restores House language which prohibits assistance to Zaire.

INTERNATIONAL FUND FOR IRELAND

Amendment No. 37: Appropriates up to \$19,600,000 for the International Fund for Ireland as proposed by the House. The Senate bill did not contain a provision on this matter.

The conferees strongly urge the International Fund for Ireland to take every step possible to ensure that all recipients of Fund support are promoting equality of opportunity and non-discrimination in employment.

The conferees note the formation of a distance learning consortium that includes six universities from the United States, Northern Ireland, and the Irish Republic, and suggest that an allocation be provided for support of this service to business and investment in Ireland.

ASSISTANCE FOR EASTERN EUROPE AND THE BALTIC STATES

Amendment No. 38: Inserts a subsection designation as proposed by the Senate.

Amendment No. 39: Appropriates \$324,000,000 for "Assistance for Eastern Europe and the Baltic States" as proposed by the House instead of \$335,000,000 as proposed by the Senate.

Amendment No. 40: Inserts a subsection designation as proposed by the Senate.

Amendment No. 41: Inserts a subsection designation as proposed by the Senate.

ASSISTANCE FOR THE NEW INDEPENDENT STATES OF THE FORMER SOVIET UNION

Amendment No. 42: Appropriates \$641,000,000 for assistance for the New Independent States of the former Soviet Union (NIS) instead of \$580,000,000 as proposed by the House and \$705,000,000 as proposed by the Senate.

The conferees expect that not more than \$195,000,000 of the total amount made available under this heading should be provided to Russia in 1996 in consideration of the fact that Russia has been allocated more than 60 percent of the funds obligated under this heading since fiscal year 1993. This matter is addressed in amendment No. 47.

Amendment No. 43: Inserts House language regarding a Presidential national security waiver that was deleted by the Senate, and modifies a reference to the Helsinki Final Act.

Amendment No. 44: Deletes Senate language permitting funds to be used for defense conversion.

Amendment No. 45: Inserts language requiring that projects in the NIS should employ in key positions individuals with prior experience in the region and relevant language skills, instead of requiring that organizations previously functioning in the region be given priority in grants and contracts as proposed by the House.

Amendment No. 46: Inserts language directing that the Agency for International Development encourage and give significant weight to cost-sharing in its awards of grants and contracts to assist privatization activities within the New Independent States of the former Soviet Union. The House language mandated cost-sharing on a 1 to 1 basis. The conference agreement is not intended to disadvantage private and voluntary organizations, but to encourage, to the extent feasible, use of their own resources when implementing private sector programs.

OMNIBUS II PRIVATIZATION PROJECT CONTRACT

The managers support the open competition for contracts under the Omnibus II Privatization Project that resulted in an appreciable number of base contract awards to new and/or small businesses. However, they note that the actual number of task orders awarded to small and new contractors is disappointingly small. The managers direct USAID to take immediate measures to ensure that all awardees receive a fair proportion of task order awards and a chance to perform. A level playing field must be implemented for the competition process as many small and new businesses find it impossible to successfully compete for task orders against large and established USAID contractors. The use of dollar goals and competitions limited to new and/or small firms should be utilized,

if necessary, to expand access beyond the Washington D.C. region. The Assistant Administrator for Europe and the New Independent States, in consultation with the Coordinator for Assistance to the NIS, should report to the House and Senate Committees on Appropriations on progress toward opening the task order process to small businesses and firms not currently under USAID contract, no later than February 15, 1996.

Amendment No. 47: Inserts language providing various directives regarding the allocation and use of funds appropriated for assistance to Ukraine, Russia, Armenia and other independent states of the former Soviet Union. The House bill contained no provisions on this matter other than those addressed in amendments No. 151, 152, and 160.

Inserts language proposed by the Senate with regard to retention of interest by enterprise funds and language allowing any enterprise fund established with respect to more than one country to establish advisory councils in lieu of the appointment of host country nationals to its board of directors.

The language also includes Senate provisions that not less than \$225,000,000 shall be made available for Ukraine, not less than \$85,000,000 shall be made available for Armenia, and that not less than \$15,000,000 shall be made available for a Trans-Caucasus Enterprise Fund.

Obligation of funds for Russia is made contingent on a determination by the President that the Government of Russia has terminated implementation of arrangements to provide Iran with certain goods and services related to nuclear programs in Iran. The managers also included a provision allowing the President to waive the provisions of the subsection on national security grounds. The House had no similar provision.

The managers strongly support a program of assistance to the New Independent States that reflects a shift in emphasis toward Ukraine, Armenia, Moldova, Georgia, the Kyrgyz Republic, and other states that the United States is encouraging to move toward free markets and democracy.

Recent progress by Armenia in carrying out economic reforms is noted by the managers. Because of concern about the impact of the continuing economic blockade and conflict in the region, the conferees have provided \$85,000,000 for technical and humanitarian assistance requested by the Government of Armenia, including food, fuel, and medical supplies and services. The managers expect the projects and activities undertaken under this subsection to be in addition to the projects and activities included in the 1996 congressional justification documents.

The managers support funding for the Russian, Eurasian, and East European Research and Training Program (Title VIII) from both the NIS and Eastern Europe and Baltic assistance accounts. The program is intended to assure that broad-based regional expertise is available to both policy managers and the academic community. To the maximum extent possible, funding for this program is recommended at the fiscal year 1995 level. The conference agreement also assumes continuation of other graduate fellowship, partnership, and training projects in the region, such as the Central and Eastern European Graduate fellowship program. Regional stu-

dent exchange programs, in general, should be distributed equitably among high school, college, and graduate categories.

NIS NON-PROLIFERATION

The managers agree that the Soviet-Designed Reactor Safety Program and implementation of the Russian agreement to cease production of weapons-grade plutonium are essential elements of our foreign and non-proliferation policies. In administering the NIS assistance programs, the Coordinator and AID are urged to expeditiously transfer funds to other federal agencies that are engaged in implementing these non-proliferation programs.

UKRAINE

The managers have provided \$225,000,000 for Ukraine, conditioned on additional progress with respect to economic reform. Of this amount, \$50,000,000 has been provided to reduce uncertainties in Ukraine's energy supply that have severely impeded its economic recovery and renewed development. The conference agreement assumes that \$30,000,000 is to be expended for technical assistance in the energy sector, including assistance to develop regulatory institutions for managing the purchase, licensing, and use of nuclear fuel. The managers urge that none of these funds be used to purchase or pay for oil, natural gas, or nuclear fuel.

Historically, Ukraine has been dependent upon Russia for the technical management of nuclear facilities. As a result, during the Chernobyl crisis, local technicians were not sufficiently skilled, nor prepared to take any action independent of guidance from Moscow. Ongoing concern about the adequacy of safety measures and equipment in Ukraine's nuclear plants has motivated the conferees to recommend that \$20,000,000 be made available to meet a request from the Government of Ukraine for the purchase, installation, and training to operate new display and control systems that have the capability to monitor and shut down a facility before a crisis occurs.

The managers have also provided \$22,000,000 to strengthen small and medium businesses. Learning from the experience of Russia, the conferees conclude that mass privatization efforts alone do not generate sufficient jobs and income during a period of radical economic and social transition. The managers also support continued assistance to strengthen independent print and broadcast media that appear capable of becoming financially self-sufficient. The availability of accurate, timely information during the current period of transition is key to maintaining support of necessary economic and political reforms.

The conferees continue to view with concern the decision of the Committee for the Implementation of Textile Agreements (CITA) to impose restrictive quotas on textile imports from Ukraine. Testimony earlier this year before the House Committee by the Coordinator of United States Assistance in the New Independent States suggested that every effort should be undertaken to encourage a market economy in Ukraine.

CRIME IN EASTERN EUROPE AND RUSSIA

The managers have provided not less than \$12,600,000 for activities in support of training and investigations related to international crime in Central and Eastern Europe, Ukraine and Russia. This is a minimum amount, and the coordinators of aid to Eastern Europe and the NIS should make this a top priority in allocating funds if additional amounts are required.

Corruption and violent crimes have increased markedly over the past year in much of the region, with estimates of many thousands of criminal organizations that are rapidly expanding narcotics smuggling, banking and insurance fraud, extortion and kidnaping activities into Western Europe and the United States. The conferees are particularly concerned about an escalation in the number of reported incidents of smuggling of fissile and nuclear-related materials that could be used by international terrorists.

The managers also inserted a provision allowing the President, under certain limited conditions, to provide only humanitarian assistance for the Government of Azerbaijan for the exclusive use of refugees and displaced persons within Azerbaijan.

INDEPENDENT AGENCY

Amendment No. 48: Inserts language providing for the heading "Independent Agency" instead of "Independent Agencies" as proposed by the House. The Senate amendment deleted the heading.

AFRICAN DEVELOPMENT FOUNDATION

Amendment No. 49: Deletes House language providing an appropriation of \$11,500,000 for the African Development Foundation. This matter is further addressed in amendments No. 10 and 11.

INTER-AMERICAN FOUNDATION

Amendment No. 50: Deletes House language providing an appropriation of \$20,000,000 for the Inter-American Foundation. This matter is further addressed in amendments No. 10 and 11.

PEACE CORPS

Amendment No. 51: Appropriates \$205,000,000 for the Peace Corps instead of \$210,000,000 as proposed by the House and \$200,000,000 as proposed by the Senate. The managers expect that the Peace Corps and the Trade and Development Agency will receive by transfer from funds appropriated for assistance for the NIS the cost of fiscal year 1996 activities and operations in the NIS.

Amendment No. 52: Inserts Senate language making funds for the Peace Corps available until September 30, 1997.

DEPARTMENT OF STATE

INTERNATIONAL NARCOTICS CONTROL

Amendment No. 53: Appropriates \$115,000,000 for "International Narcotics Control" instead of \$113,000,000 as proposed by

the House and \$150,000,000 as proposed by the Senate. Authority to transfer additional funds to this account is provided in amendment No. 175.

Amendment No. 54: Deletes language proposed by the Senate earmarking \$1,800,000 for a Federal Bureau of Investigation Legal Attaché office in Cairo, Egypt, and \$5,000,000 for the Federal Bureau of Investigation and Secret Service to establish and maintain offices in the Triborder area of Argentina, Brazil, and Paraguay.

MIGRATION AND REFUGEE ASSISTANCE

Amendment No. 55: Inserts language allowing the use of funds appropriated under this heading to be used for salaries and expenses of personnel and dependents as authorized by the Foreign Service Act of 1980, and for allowances as authorized by sections 5921 through 5925 of title 5, United States Code. Deletes language proposed by the Senate that would have allowed funds to be used for salaries and expenses of personnel assigned to the Bureau charged with carrying out the Migration and Refugee Assistance Act.

The managers agree that funds for salaries and expenses should be made available for the same purposes as they were made available under this heading in fiscal year 1995, and should not be made available for other purposes.

Since 1991 the United States has provided humanitarian assistance for Tibetan refugees living in exile, and the conferees expect that such support be continued.

Amendment No. 56: Inserts Senate language making available not more than \$12,000,000 for administrative expenses.

Amendment No. 57: Deletes House language limiting funds for salaries and expenses of personnel assigned to the Bureau charged with carrying out the Migration and Refugee Assistance Act.

Amendment No. 58: Inserts Senate language earmarking not less than \$80,000,000 for refugees from the former Soviet Union and Eastern Europe and other refugees resettling in Israel. The House bill contained no provision on this matter.

REFUGEE RESETTLEMENT ASSISTANCE

Amendment No. 59: Appropriates \$5,000,000 for "Refugee Resettlement Assistance" as proposed by the House. The Senate bill did not contain a provision on this matter.

ANTI-TERRORISM ASSISTANCE

Amendment No. 60: Appropriates \$16,000,000 for "Anti-Terrorism Assistance" instead of \$17,000,000 as proposed by the House and \$15,000,000 as proposed by the Senate.

TITLE III—MILITARY ASSISTANCE FUNDS APPROPRIATED TO THE PRESIDENT

INTERNATIONAL MILITARY EDUCATION AND TRAINING

Amendment No. 61: Appropriates \$39,000,000 as proposed by the House instead of \$19,000,000 as proposed by the Senate. The Senate supported full funding for IMET in fiscal year 1996 but pro-

posed \$19,000,000 from this Act and \$20,000,000 from the Department of Defense.

Amendment No. 62: Inserts Senate language adding Guatemala as a nation prohibited from receiving IMET funding. This matter is also addressed in amendments No. 63 and 176.

Amendment No. 63: Deletes language proposed by the House permitting expanded IMET training only for Guatemala and retains House language permitting expanded IMET training only for Indonesia. The managers have agreed to permit "expanded" IMET assistance for Indonesia because they believe that expanded IMET could address some of the human rights concerns associated with the Indonesian military. The conferees expect the IMET courses to focus on human rights, military justice, and civilian management and control of the armed forces, and the courses should include members of the Indonesian legislature and representatives from nongovernmental organizations.

FOREIGN MILITARY FINANCING PROGRAM

Amendment No. 64: Appropriates \$3,208,390,000 instead of \$3,211,279,000 as proposed by the House and \$3,207,500,000 as proposed by the Senate.

Amendment No. 65: Inserts Senate language earmarking not less than \$1,800,000,000 for grants only for Israel and not less than \$1,300,000,000 for grants only for Egypt. Retains language in both House and Senate bills directing that funds appropriated for Israel shall be disbursed within thirty days of enactment of this Act or by October 31, 1995, whichever is later. Inserts language proposed in both House and Senate bills making funds available for advanced weapons systems of which not less than \$475,000,000 shall be available for procurement in Israel of defense articles and services, including research and development, and deletes Senate language making funds available for advanced fighter aircraft programs and up to \$150,000,000 for research and development in the United States.

Amendment No. 66: Inserts Senate language providing that funds made available under this paragraph shall be nonrepayable notwithstanding any requirement in section 23 of the Arms Export Control Act, and that up to \$20,000,000 may be transferred from funds made available for the NIS and SEED for the purpose of supporting the Warsaw Initiative Program.

CENTRAL EUROPE

The conferees note that Poland, the Czech Republic, Hungary, and the Slovak Republic are all considering the replacement of many of their Air Forces' high performance aircraft. The managers urge the Administration to take steps to ensure that U.S.-produced aircraft can compete effectively for these sales. For this reason, the conferees urge the administration to support any possible sale of high performance U.S. fighter aircraft to these nations.

Amendment No. 67: Inserts Senate language, "the following:" in order to conform the common dollar amounts provided by the House and Senate for Greece and Turkey to language changes made by amendments No. 68 and 70.

Amendment No. 68: Inserts the word “only” as proposed by the Senate.

Amendment No. 69: Strikes House language to conform with amendments No. 68 and 70 as proposed by the Senate.

Amendment No. 70: Inserts the word “only” as proposed by the Senate.

Amendment No. 71: Deletes Senate language related to access by international organizations.

ALIZA MARCUS

The managers are concerned that Aliza Marcus, a Reuters journalist and U.S. citizen, is being tried in Turkey on charges of “provoking racial hatred” for reporting on the Turkish military’s forced evacuation and destruction of villages in southeastern Turkey. The conferees recognize Turkey’s legitimate right to combat terrorism, and expect that the government of Turkey will protect freedom of expression and information by interceding with the military-sponsored State Security Courts on behalf of Aliza Marcus.

Amendment No. 72: Inserts a limitation of \$23,250,000 for expenses for administering military assistance instead of \$24,000,000 as provided by the House and \$22,500,000 as proposed by the Senate.

PEACEKEEPING OPERATIONS

Amendment No. 73: Appropriates \$70,000,000 for “Peacekeeping Operations”, instead of \$68,300,000 as proposed by the House and \$72,033,000 as proposed by the Senate, and inserts language proposed by the Senate subjecting the obligation and expenditure of such funds to the regular notification procedures of the Committee on Appropriations.

The appropriation for the Multilateral Investment Fund contained in the Senate amendment is addressed in amendment No. 82.

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

Amendment No. 89: Appropriates \$285,000,000 for "International Organizations and Programs" instead of \$155,000,000 as proposed by the House and \$260,000,000 as proposed by the Senate. Within these funds, the managers expect that \$100,000,000 will be made available for a grant to UNICEF.

The conferees recognize the vital role UNDP plays as the coordinating agency for United Nations activities in support of sustainable development worldwide.

Amendment No. 90: Deletes an earmark of \$3,000,000 for the World Food Program that was proposed by the Senate. The conferees urge the Secretary of State to provide \$3,000,000 for the World Food Program in fiscal year 1996, the same amount prior conferees have urged in the past two statements of managers. The conferees recognize that the World Food Program plays an essential role in providing food and other aid to the neediest people in the world, especially in conflict zones such as Bosnia and parts of sub-Saharan Africa.

No funds are available for KEDO funding for administrative expenses and heavy fuel oil costs beyond the total amount included for KEDO in the fiscal year 1996 congressional presentation. The conference agreement further provides that these funds may only be made available if the President determines and certifies in writing to the Congress that certain specific actions have been undertaken in support of the Agreed Framework with North Korea. The managers agree that none of the funds in this bill that are made available for KEDO in fiscal year 1996 may be used to contribute to the lightwater nuclear reactors being provided to North Korea under the terms of the Agreed Framework. This matter is also addressed in amendment No. 164.

Amendment No. 95: Deletes Senate language earmarking \$1,500,000 for the United Nations Fund for Victims of Torture. The House bill contained no provision on this matter.

The conferees urge the Secretary of State to provide a total of \$2,250,000 for the United Nations Fund for Victims of Torture and the United Nations Development Fund for Women in fiscal 1996.

COMMERCE AND TRADE

Amendment No. 105: Inserts Senate language regarding notifications on actions authorized by this section.

NOTIFICATION REQUIREMENTS

Amendment No. 106: Inserts language subjecting "Development Assistance" to the notification requirements of this section. The House had proposed that such requirements be applied to "Child Survival and Disease Programs Fund", "Development Assistance Fund", and "Development Fund for Africa". The Senate had deleted these accounts from the notification requirements and had inserted a new account, "Economic Assistance". The notification requirements now conform to the account structure contained in the conference agreement.

Amendment No. 107: Restores House language which includes "Economic Support Fund" in the notification requirements of section 515.

Amendment No. 111: Inserts Senate language reducing to 10 percent the threshold triggering a notification for changes in the amount of funds to be obligated from the level justified to the Congress for any program, project, or activity. This modification conforms with the threshold currently contained in the Foreign Assistance Act.

Amendment No. 118: Deletes language proposed by the House and stricken by the Senate that exempts Indonesia from the special notification requirements of section 520 for the purpose of obligating or expending funds for development assistance activities. PROHIBITION AGAINST DIRECT FUNDING TO CERTAIN COUNTRIES

Amendment No. 120: Deletes Senate language requiring the President to certify that withholding indirect funding for certain countries would be contrary to the national security interest of the United States prior to the obligation of funds. The conference agreement would require the certification to be made based on the national interest of the United States.

AUTHORIZATION REQUIREMENT

Amendment No. 121: Inserts Senate language waiving the provisions of section 10 of Public Law 91-672 and section 15 of the State Department Basic Authorities Act of 1956 for funds appropriated by this Act. The House bill would have subjected the funds to the provisions of these sections.

SUPPORT FOR AUTHORIZATION PROCESS

The managers regret that they must recommend waiving the statutory authorization requirement for most programs in this bill in order to avoid passing what would be in effect a partial year appropriation.

The Committees on International Relations and Foreign Relations have gone to great lengths this year to end the decade-long stalemate over foreign aid authorizations. The majority of the man-

agers have supported that effort and will continue to do so. Only through the enactment of an authorization bill for foreign aid will the Committees on Appropriations be able to benefit from formal legislative guidance as they apportion the spending allocations for programs under their jurisdiction.

Under the current situation, in which the House has passed an authorization for foreign assistance and the Senate is attempting to complete action on its counterpart measure under an agreement to limit time for further consideration, the managers have been asked by members of authorization committees to include in the conference report substantial legislation such as the Middle East Peace Facilitation Act and the NATO Participation Act, as well as extension of the au pair program. In addition, the managers have gone to some effort to conform spending levels to authorization levels passed by the House or reported in the Senate, taking into consideration that the two authorization bills contain differing ceilings in many accounts.

Amendment No. 123: Deletes an excess "and".

The House bill contained a limitation of \$50,000,000 on the value of such articles and services.

RESTRICTIONS ON THE TERMINATION OF SANCTIONS AGAINST SERBIA AND MONTENEGRO

Amendment No. 132: Inserts language allowing the President to waive the provisions of section 540A only for the purposes of meeting emergency humanitarian assistance or to achieve a negotiated settlement of the conflict in Bosnia-Herzegovina that is acceptable to the parties.

In addition, the conference agreement includes language proposed by the Senate expanding the authority of section 660(b) of the Foreign Assistance Act to allow police training with respect to sanctions monitoring and enforcement, and to reconstitute civilian police authority under certain circumstances. The conferees recognize that there may be instances when there is no practical alternative to utilizing U.S. military personnel to conduct short-term training of civilian police. The conferees intend that any such use of U.S. military personnel for police training should be on a limited, short-term basis.

SPECIAL AUTHORITIES

Amendment No. 133: Deletes Haiti from the list of countries and programs for which funds are made available notwithstanding any other provision of law, as proposed by the Senate.

Amendment No. 134: Restores House language, stricken by the Senate, that would have deleted displaced Burmese from the list of countries and programs for which funds are made available notwithstanding any other provision of law.

Amendment No. 135: Inserts language which requires the President to terminate assistance to the military of any country or

organization that he determines is cooperating, tactically or strategically, with the Khmer Rouge in their military operations, or to the military of which the President determines is not taking steps to prevent a pattern or practice of commercial relations with the Khmer Rouge. The conferees are concerned by reports that Thai military personnel are engaging in cooperative commercial relations with the Khmer Rouge in the export of timber and gems. The conferees believe that meaningful efforts should be made by the government of Thailand and the Thai military to halt this source of income for the Khmer Rouge.

ANTI-NARCOTICS ACTIVITIES

Amendment No. 136: Restores House language allowing funds appropriated in "Economic Support Fund" to be used for administration of justice programs in Latin America and the Caribbean. The Senate language would have stricken the reference to "Economic Support Fund" and replaced it with a reference to "Economic Assistance". The disposition of this amendment conforms with the conference agreement on the account structure for bilateral assistance.

Amendment No. 137: Deletes Senate language referring to titles I and II of the Agricultural Trade Development and Assistance Act of 1954.

Amendment No. 141: Deletes Senate language which allows the President to transfer lethal excess defense articles to Estonia. This matter is addressed in amendment No. 140.

PROHIBITION ON PUBLICITY OR PROPAGANDA

Amendment No. 142: Inserts language limiting use of funds for development education to \$750,000,000 instead of a funding prohibition as proposed by the House and stricken by the Senate.

PAKISTAN

Amendment No. 145: Deletes House language requiring a GAO report, and inserts language which amends section 620E of the Foreign Assistance Act of 1961 regarding Pakistan as follows: allows the transfer of military equipment to Pakistan (other than F-16 aircraft) contracted for prior to October 1, 1990; provides that the restrictions in section 620E continue to apply to contracts for the delivery of F-16 aircraft; provides that the prohibitions in section 620E do not apply to assistance provided for counternarcotics purposes, military to military contact, IMET training, humanitarian and civic assistance, peacekeeping (except that lethal military equipment can only be leased or loaned), and antiterrorism activities; and provides further that the President may release Pakistan of storage costs for item purchased but not delivered and may reimburse Pakistan for such amounts paid provided that such payments have no budgetary impact.

The conferees believe that in light of this important administration policy initiative, the administration should provide to the Committees on Appropriations, not later than April 1, 1996, a report on conventional force reduction and non-proliferation in south Asia. This report should include an assessment of the strategic and conventional balance in the region, efforts taken by the United States to achieve regional agreement on nuclear non-proliferation and conventional force reductions, the role of United States aid in achieving these objectives, and progress being made by nations in the region in meeting U.S. non-proliferation objectives. This report should be unclassified to the extent possible, with a classified addendum if required.

The conferees also note that the State Department has determined that the Pressler amendment prohibition applies to government to government sales of military equipment while the commercial sale of military equipment is subject to especially rigorous case by case license review. The conferees believe that certain items which may promote border security and stability, such as border surveillance equipment, radar, and radar warning receivers should be reviewed, consistent with current law, in light of their contribution as confidence building measures contributing to security in border areas in the region.

RESTRICTIONS CONCERNING THE PALESTINIAN AUTHORITY

Amendment No. 146: Inserts Senate language replacing the word "subsection" with the word "restriction".

LIMITATION ON ASSISTANCE TO COUNTRIES THAT RESTRICT THE
TRANSPORT OR DELIVERY OF UNITED STATES HUMANITARIAN AS-
SISTANCE

Amendment No. 147: Restores House language stricken by the Senate which prohibits funds for any country if the government of such country prohibits or otherwise restricts, directly or indirectly, the transport or delivery of United States humanitarian assistance and further provides the President waiver authority if he determines it to be in the national security interest. This matter is addressed in amendment No. 174.

The exceptions include assistance to meet urgent humanitarian needs, including disaster assistance and refugee relief; democratic political reform and rule of law activities; the creation of private sector and nongovernmental organizations that are independent of government control; the development of a free market economic system; and assistance for the purposes described in the Cooperative Threat Reduction Act of 1993 (Nunn-Lugar). The con-

ference agreement deletes subsection (c) of the Senate amendment, regarding definitions.

LIMITATION ON FUNDS FOR HAITI

Amendment No. 153: Restores House language stricken by the Senate prohibiting assistance for Haiti when it is made known to the President that the Government of Haiti is controlled by a regime holding power through means other than the democratic elections scheduled for calendar year 1995 and held in substantial compliance with the requirements of the 1987 Constitution of Haiti.

Amendment No. 155: Inserts a limitation of \$33,500,000 for ESF for Turkey instead of the House limitation of \$21,000,000.

LIMITATION OF FUNDS FOR THE NORTH AMERICAN DEVELOPMENT BANK

Amendment No. 156: Inserts language limiting the use of community adjustment and investment programs of the North American Development Bank to those set out in the binational agreement under which the Bank was established. The Senate bill contained no provision on this matter.

The managers direct that funds appropriated for the North American Development Bank's Community Adjustment and Investment Program (CAIP) be limited to the purposes as defined in the binational agreement establishing the Bank, specifically adjustment assistance and investment relate to trade. The conferees expect CAIP funds to be restricted to communities or businesses that can clearly demonstrate adverse foreign trade-induced economic impact and that otherwise cannot secure financing from commercial lenders. It is further expected that projects in trade-impacted communities should focus on job creation, job retention, and retooling.

The managers do not recommend funding for the Bank in order for it to serve as a pass-through for existing federal programs. The managers oppose the use of CAIP funds for personnel or operating expenses of other federal entities participating in CAIP projects. The Committees on Appropriations will closely monitor compliance with these directives when considering fiscal year 1997 funding for the Bank.

To increase accountability, the managers recommend that the North American Development Bank make the final determination

regarding both CAIP eligibility criteria and endorsement of projects for financing on a case-by-case basis.

LIMITATION ON FUNDS FOR BURMA

Amendment No. 157: Restores House language stricken by the Senate prohibiting funds in this Act from being used for international narcotics control or crop substitution assistance for the government of Burma. The Senate amendment would have allowed such assistance if the Secretary of State certified that it was fully consistent with United States human rights concerns in Burma and serve a vital United States national interest. The Senate amendment also extended to such assistance the reporting requirements of chapter 8 of part I of the Foreign Assistance Act.

ASIAN DEVELOPMENT BANK AND INTERNATIONAL DEVELOPMENT ASSOCIATION

Amendment No. 158: Inserts language to authorize the Secretary of the Treasury to subscribe to the fourth general capital increase of the Asian Development Bank and authorizes appropriations of \$66,614,647 over the multi-year period. The amount is the same as the appropriation for IDA in amendment No. 78.

SPECIAL DEBT RELIEF FOR THE POOREST

Amendment No. 159: Inserts language proposed by the Senate authorizing the President to reduce debt provided to certain countries under the Foreign Assistance Act and the Arms Export Control Act. In addition, the conference agreement inserts language authorizing the President to engage in debt buybacks and sales, including debt-for-equity swaps, debt-for-development swaps, or debt-for-nature swaps. The inclusion of such language is consistent with the House language contained in the conference agreement on "Debt Restructuring" in amendment No. 24.

LIMITATION ON FUNDS FOR RUSSIA

Amendment No. 160: Strikes House language limiting the amount of funds under the heading "Assistance for the New Independent States of the Former Soviet Union" that may be made available for Russia as proposed by the Senate. LIMITATION ON ASSISTANCE TO MEXICO

Amendment No. 161: Deletes language contained in the House bill and stricken by the Senate limiting assistance to Mexico.

The managers expect the United States Government to continue to urge the Government of Mexico to take actions to reduce the amount of illegal drug entering the United States from Mexico,

and to take effective law enforcement actions to deal with illegal drugs activities, especially illegal narcotics trafficking.

HUMAN RIGHTS IN ETHIOPIA

Amendment No. 162: Deletes House language requiring the State Department to closely monitor and take into account human rights progress in Ethiopia as it obligates fiscal year 1996 assistance for that country. The managers expect the Department of State to continue to be attentive to this important issue.

BASIC EDUCATION FOR CHILDREN

Amendment No. 163: Deletes House language providing that not more than \$108,000,000 from the AID "Children and Disease Programs Fund" may be used for basic education for children. The conference agreement does not contain such a fund.

KOREAN PENINSULA ENERGY DEVELOPMENT ORGANIZATION

Amendment No. 164: Deletes Senate language. This matter is addressed in amendment No. 94.

DRAWDOWN AUTHORITY FOR JORDAN

Amendment No. 165: Inserts Senate language which provides that the President may direct the drawdown of up to \$100,000,000 of defense articles, service and training from the Department of Defense for Jordan.

An important opportunity exists to promote the ongoing Arab-Israeli peace process which the administration can seize without the need for additional appropriated funds. Jordan's signing of a treaty of peace with Israel and its break with Iraq has now exposed Jordan to the risks of peace. Jordan's assumption of these burdens should be acknowledged by including Jordan with Israel and Egypt for the statutory designation of a major "non-NATO" ally. Further, the administration should honor this increased risk to Jordan's security brought about by its break with Iraq and accepting peace with Israel by carefully reviewing the Government of Jordan's request to acquire up to 80 Egyptian-American built M1A1 tanks to address its near-term security needs.

FEDERAL PROHIBITION OF FEMALE GENITAL MUTILATION

Amendment No. 166: Deletes Senate language amending chapter 7 of title 18, United States Code, imposing fines and criminal penalties on those who violate the provisions of the proposed amendment regarding female mutilation. The Senate amendment would have also required the Secretary of Health and Human Services to conduct information and education activities regarding female mutilation.

The managers urge the authorization committees of the Congress to review this issue as soon as possible, and to report legislation as appropriate.

LIBERIA

Amendment No. 167: Inserts language, amending Public Law 102-270, that would exempt Liberia from the provisions of section 620(q) of the Foreign Assistance Act and section 512 of this Act. The new language would exempt assistance to Liberia from provisions of these sections for funds appropriated in this Act. The Senate amendment would have provided a permanent exemption for Liberia from these sections, and also included language expressing the sense of the Congress regarding the peace process in Liberia. The House bill contained no provision on this matter.

ANNUAL REPORT ON ECONOMIC AND SOCIAL GROWTH

Amendment No. 168: Inserts language which requires the President to submit an annual report to the appropriate committees providing a concise overview of the prospects for economic and social growth on a broad, equitable and sustainable basis in countries receiving assistance under title II of this Act, to include criteria regarding wage and price controls, State ownership production and distribution, State control of financial institutions, trade and investment, capital and profit repatriation, tax and private property protections and a country's commitment to stimulate education, health and human development. The report shall be submitted with the Administration's annual congressional presentation for appropriations.

BUY AMERICA PROVISIONS FOR MAPPING AND SURVEYING SERVICES

Amendment No. 171: Inserts language requiring a March 31, 1996 report on Hong Kong consistent with the provisions of the United States-Hong Kong Policy Act of 1992, and includes Senate language regarding the content of said report. The House bill contained no provision on this matter.

HONDURAS

Amendment No. 172: Deletes Senate language regarding Honduras.

The conferees note that during the 1980's, a secret Honduran army death squad known as Battalion 316 allegedly engaged in a campaign of systematically kidnapping, torturing and murdering

suspected subversives. Victims included Honduran students, teachers, labor leaders, and journalists. Also, in 1993 there were reportedly 184 unsolved cases of persons who were allegedly “disappeared”, and are presumed dead. The conferees urge the President to order the expedited declassification of any documents in the possession of the United States Government pertaining to persons who allegedly “disappeared” in Honduras, and promptly make such documents available to Honduran authorities who are seeking to determine the fate of these individuals.

REPORT ON RUSSIAN MILITARY OPERATIONS

Amendment No. 173: Deletes Senate language which requires the President to declassify and resubmit to the Congress no later than three months after the date of enactment a report on Russian military operations as required by section 528 of Public Law 103-236.

The conferees request that the Administration submit to Congress a declassified version of the report submitted pursuant to section 528 of P.L. 103-236. The conferees understand declassification will be to the maximum extent possible.

The report shall also provide an unclassified assessment of: (a) Russian compliance with the Russian-Moldovan agreement of October 24, 1994; (b) allegations of Russian involvement in the September 1994 coup attempt against the Azerbaijan Government; (c) the Russian deployment of troops of the Ministry of Defense, Ministry of Interior, or any other security agency to secure the borders of the New Independent States (NIS) of the former Soviet Union; (d) Russian efforts to integrate the security, defense and intelligence forces of the government of the NIS; and (e) compliance with the Treaty on Conventional Armed Forces in Europe.

Amendment No. 175: Inserts language providing that up to \$20,000,000 of the funds made available through “Development Assistance” or “Economic Support Fund” may be transferred to “International Narcotics Control”. Senate language would have required such a transfer from funds made available to the Agency for International Development. The House bill contained no provision on this matter.

GUATEMALA

Amendment No. 176: Deletes Senate language and inserts new language which allows the Guatemalan military to receive expanded IMET only, or FMF funds, only if the President certifies that the Guatemalan military is cooperating with efforts to resolve human rights abuses. The prohibitions included in this section

shall not apply to funds made available to implement a cease-fire or peace agreement. Any funds made available are subject to the regular notification procedures of the Committees on Appropriations. This matter is addressed in amendment No. 63.

The conferees commend the Guatemalan President for his efforts to negotiate a peaceful settlement of the civil war in Guatemala and to improve respect for human rights and the rule of law. The conferees are disturbed by reports that members of the military and security forces continue to commit human rights abuses including several cases involving American citizens. The conferees have included a provision which conditions aid to the military and security forces on their cooperation in resolving human rights abuses which their members are alleged to have committed, ordered or attempted to thwart the investigation of. The conferees intend that the cases listed in the April 7, 1995 bipartisan letter to President Clinton by twelve members of the U.S. Senate, as well as the murder of U.S. Ambassador John Gordon Mein, should be among those of particular concern.

PERU AND NARCOTICS

CONVENTIONAL WEAPONS REVIEW

Amendment No. 182: Inserts Senate language which requires that for a period of one year beginning three years after the date of enactment of this Act, the United States shall not use anti-

personnel landmines except along internationally recognized national borders or in demilitarized zones within a perimeter marked area that is monitored by military personnel and protected by adequate means to ensure the exclusion of civilians. The managers agree that this issue must be closely monitored in the period leading up to the moratorium's implementation and that the case of Guantanamo Bay, Cuba, must be carefully reviewed in light of the moratorium's application to this especially sensitive facility.

The conferees recognize the global crisis caused by unexploded landmines. According to the Department of State, there are an estimated 80,000,000 to 110,000,000 landmines deployed in 62 countries. As a result, the conferees urge the President to actively encourage other governments to join the U.S. in solving the global landmine problem by implementing moratoria on the use of anti-personnel mines similar to the U.S. moratorium as a step toward the elimination of antipersonnel landmines.

The conferees recommend that the U.S. should not sell, license for export, or otherwise transfer defense articles and services to any foreign government which, as determined by the President, sells, exports or otherwise transfers antipersonnel landmines.

EXTENSION OF AU PAIR PROGRAMS

Amendment No. 183: Inserts language extending the authority for the Au Pair program of the U.S. Information Agency through fiscal year 1996. The Senate amendment would have extended such authority through fiscal year 1998. The House bill contained no provision on this matter.

Amendment No. 186: Inserts language that would not allow funds appropriated in this Act to be made available for the government of any country that is knowingly granting sanctuary to war criminals. Such criminals would include those indicted by the International Criminal Tribunal for the former Yugoslavia or the International Criminal Tribunal for Rwanda, or Nazi war criminals. The Senate language would have restricted bilateral and multilateral assistance provided in such fiscal year for any country which harbored war criminals. The House bill contained no provision on this matter.

RUSSIAN COMPLIANCE WITH THE CFE TREATY AND PRIORITIES FOR
MODIFYING EXISTING ARMS AGREEMENTS

Amendment No. 187: Deletes Senate language. The conferees consider compliance with the terms of the Treaty on Conventional Armed Forces in Europe (CFE) an important priority in U.S. relations with the Russian Federation. The conferees believe the Treaty provides adequate means by which the Russian Federation can meet its military requirements for treaty limited equipment in the flank zones defined by Article V of the Treaty. The conferees strongly believe that efforts by the Government of Russia to modify CFE Treaty obligations, including those regarding movement or deployment of treaty limited equipment on the flanks, must be resolved through negotiations, not unilateral reinterpretation.

Amendment No. 188: This matter is dealt with in amendment No. 192.

LIMITATION ON ASSISTANCE TO HAITI

Amendment No. 189: Deletes Senate language and inserts language which prohibits the availability of funds for Haiti unless the President determines that the government of Haiti is conducting thorough investigations of political and extrajudicial killings and cooperating with U.S. authorities in the investigation of political and extrajudicial killings. The managers agree that nothing in subsection (a) shall be construed to restrict the provision of humanitarian or electoral assistance to Haiti. The President may waive the requirements of this section if he determines and certifies to the appropriate committees of Congress that it is the national interest of the United States or necessary to ensure the safe and timely withdrawal of American forces from Haiti.

LIMITATION ON FUNDS TO THE TERRITORY OF THE BOSNIA-CROAT
FEDERATION

Amendment No. 190: Inserts Senate language limiting United States assistance to Bosnia and Herzegovina (other than refugee and disaster assistance, and assistance for restoration of certain infrastructure) to the territory of the Bosnia-Croat Federation. The House bill contained no provision on this matter.

PLAN RECOMMENDING A STRATEGIC REORGANIZATION OF THE UNITED
NATIONS

Amendment No. 191: Deletes Senate language requiring a plan for a strategic reorganization of the United Nations.

On the occasion of the 50th anniversary of the United Nations, the conferees concur with the Administration's stated intention to implement significant management and financial reforms. Accordingly the conferees request a report to be submitted in conjunction with the fiscal year 1997 budget request regarding reorganization of the United Nations. The report should include proposals to achieve (a) reductions in the number of agencies within the UN system including proposals to abolish, consolidate or restructure financing mechanisms for agencies with low priority; (b) the identification and strengthening of core agencies; (c) the increased cooperation and elimination of duplication between UN headquarters

and offices in Geneva and the merger of technical cooperation functions of various UN agencies; (d) the consolidation of the UN emergency response mechanisms by merging functions in relevant agencies; and (e) improvements in the administrative and management capabilities of the Secretary General.

NATO PARTICIPATION ACT AMENDMENTS OF 1995

Amendment No. 192: Inserts language which amends the NATO Participation Act of 1994 and provides that the President should evaluate the degree to which any country emerging from communist domination which has expressed its interest in joining NATO meets certain specified criteria. The President may within 60 days designate one or more of these countries as eligible to receive assistance under the program established by the NATO Participation Act of 1994.

TITLE VI—MIDDLE EAST PEACE FACILITATION ACT OF 1995

Inserts additional language to the Senate proposed “Middle East Peace Facilitation Act of 1995” (which extends the authority of the President to waive certain provisions of law to facilitate the provision of U.S. assistance in support of the Middle East peace process). The House provisions increase accountability and provide additional detailed oversight over the provision of U.S. funds in support of the Middle East peace process, either directly or indirectly, to the P.L.O., the Palestinian Authority, and successor entities. The managers further agree to extend the President’s authority to suspend certain provisions of law from twelve months to eighteen months.

The managers believe that the information provided pursuant to section 604(b)(5)(E) should be as extensive as possible and in accordance with AID’s normal accounting practices. With respect to section 604(b)(5)(F), this section does not require a detailed listing of all statements of senior officials of the PLO, the Palestinian Authority and successor entities but rather an assessment of such statements, with attribution of those specific statements which best reflect the issues of concern described in this subparagraph. The managers also note that the reference to Jerusalem in section 604(c)(9) is not intended to suggest that the Palestinian Authority will operate in Jerusalem under the Interim Agreement; rather this section emphasizes the managers’ concern that the PLO not purport to affect the status of Jerusalem.
