R E P O R T

[To accompany H. Res. 352]

The Committee on Transportation and Infrastructure, to whom was referred the resolution (H. Res. 352) supporting the goals and ideals of National Public Works Week, having considered the same, report favorably thereon without amendment and recommend that the resolution be agreed to.

PURPOSE OF THE LEGISLATION

H. Res. 352 supports the goals and ideals of National Public Works Week.

BACKGROUND AND NEED FOR LEGISLATION

“Public works” is loosely defined as projects or programs carried out by Federal, state, or local government for the benefit of the community. These projects and programs include: transportation systems, such as rail, highways, and public transit; water supply infrastructure; sewage and refuse disposal systems; public buildings; and other structures and facilities.

Public works infrastructure, facilities, and services provide safety, health, and economic assurances for both large and small populations. These services are provided in an efficient and effective method because of the skill of public works professionals, such as engineers, administrators, and servicemen.

H. Res. 352 recognizes the contribution of public works professionals to communities across the country by facilitating a resolution to recognize this year’s National Public Works Week, which is being held from May 20 through 26, 2007.

## SUMMARY OF THE LEGISLATION

H. Res. 352 recognizes the significant diverse contributions that public works professionals make every day to improve the U.S. public infrastructure and the communities that they serve, and states that the House of Representatives—

(1) supports the goals and ideals of National Public Works Week;

(2) recognizes and celebrates the important service that public works professionals make to each citizen's daily life; and

(3) urges citizens and communities throughout the United States to pay tribute to public works professionals and to recognize the substantial contributions that public works professionals make to the Nation.
