

campus numerous times to meet with Jordan scholars, tour the campus agriculture facilities and to attend Ag One and athletic events. With the generosity of the family over the past fourteen years the most recent gift has exceeded all expectations. Earlier this year, the Jordan family sold their Dublin farm and gave \$29 million to CAST; the largest single cash gift in the entire California State University system.

This tremendous gift will be used for research and facilities for CAST. In great appreciation of this gift CSU Fresno will build upon the Jordan family legacy by renaming CAST to the Jordan College of Agricultural Sciences and Technology.

Madam Speaker, I rise today to honor the Jordan family for the remarkable impact that they have had on agriculture for CSU Fresno, the Central Valley and the State of California through their multiple gifts. I invite my colleagues to join me in honoring the Jordan family.

CONGRATULATING THE UNIVERSITY OF ARKANSAS FORT SMITH RIFLE TEAM

HON. JOHN BOOZMAN

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 14, 2009

Mr. BOOZMAN. Madam Speaker, I rise to congratulate the Lion Rifles Team from the University of Arkansas Fort Smith for its well deserved rank as the fifth-best collegiate team in the country in the National Rifle Association's Intercollegiate International Air Rifle standings.

For the past two years the UA Fort Smith Air Rifle Team has proven itself by placing in the top five teams in the nation. A small school like UAFS can be proud to see its team ranked among major universities like Penn State, Clemson, Illinois State and Michigan State. This team provides a great opportunity for many college students to become well-rounded. These students serve as good examples for others, as they accomplish their academic goals while achieving success on the rifle range. These members should be proud of the reward they experience from their hard work.

Members of the team who deserve credit for this high ranking are Elizabeth Garris, Tom Nguyen, J.D. Peronia, Morgan Welch and John Wozniak. These sharp shooters are led by Roy Hill, who works hard to equip each individual to succeed. I congratulate each member of the University of Arkansas-Fort Smith Air Rifle Team on their success and wish them the best of luck in future competitions.

BERG'S TRUE VALUE'S 75TH ANNIVERSARY

HON. ADRIAN SMITH

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 14, 2009

Mr. SMITH of Nebraska. Madam Speaker, throughout the month of May, the city of Bridgeport has been celebrating the 75th anniversary of a family business which is more of an institution than a store.

I want to thank Jack and Dee Berg for their commitment and their dedication to their community. They should serve as an inspiration for us all.

This remarkable achievement has spanned two generations of Bergs and thirteen presidents. The family business—first a Gamble's Department Store before becoming Berg's True Value—served Bridgeport through two World Wars, good economic times and bad, and has strengthened western Nebraska for decades.

The store remains in its original location, but has grown from 1,000 to 10,500 square feet. As it grew, it changed with the times—stocking everything from clothing to furniture.

It is still the best place to get Husker gear.

I want to congratulate the Bergs as they continue to their anniversary celebration. May they find continued success in the years to come.

GAO STUDY OF CIVIL AIR PATROL IN HOMELAND SECURITY MISSIONS

SPEECH OF

HON. PHIL GINGREY

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 12, 2009

Mr. GINGREY of Georgia. Madam Speaker, I rise today to express my support for H.R. 1178, legislation that would direct the Comptroller General to conduct a study on the use of Civil Air Patrol personnel to support homeland security missions.

Since its inception in 1941, the Civil Air Patrol has been vital in emergency services and disaster relief operations across the United States. As the official civilian auxiliary to the United States Air Force, the Civil Air Patrol contains over 56,000 of America's finest volunteers and owns several thousand aircraft and vehicles to complete its missions.

Furthermore, the Civil Air Patrol has provided the nation's youth and general public with aerospace education and created numerous cadet programs for young people ages 12–18. These cadet programs help supply the necessary skills and resources for our nation's future leaders. Two such leaders, Barry and Christiana Loudermilk, reside in the 11th District of Georgia, which it has been an honor and privilege to represent for the last six years in this great body.

Despite a very busy and demanding career as both a State Legislator and a businessman, Barry Loudermilk is an active officer in the Rome Civil Air Patrol Squadron. He also serves as the Squadron Commander of the Georgia Civil Air Patrol Legislative Squadron and is a Government Affairs Officer for the Georgia Wing Civil Air Patrol. Additionally, Barry has been active in his community as a Volunteer Search and Rescue Ground Team Leader and a Volunteer Search and Rescue Pilot.

His daughter, Christiana, has distinguished herself as a leader throughout her career in the Civil Air Patrol. Christiana holds the rank of Cadet Captain and is a certified ground search and rescue specialist. She served as the Cadet Commander of the Rome Composite Squadron and attended the 2007 Cadet Officers School at Maxwell Air Force Base.

For her tireless efforts, Christiana has received the Georgia Air Wing Commander's "Coin of Excellence," and was awarded the Civil Air Patrol's "Community Service Award" for her volunteer works in a local hospital.

In 2008, Christiana served as the Alpha Flight Commander at the Georgia Wing encampment and her flight was named the encampment's "Honor Flight." In addition to serving as Alpha Flight Commander, she was selected to attend the "Specialized Undergraduate Pilot Training Course" at Columbus Air Force Base in Columbus, Mississippi. I want to publicly thank Christiana for her service and thank the Civil Air Patrol for providing this type of quality leadership training to our young people.

Madam Speaker, it is my firm belief that the Civil Air Patrol will provide an extraordinary addition to the Department of Homeland Security (DHS) if the Comptroller General finds it worthwhile for such an endeavor. The Civil Air Patrol has displayed volunteer leadership for over 60 years in working with the United States Air Force, and it is a leader for developing our nation's youth. I applaud both Barry and Christiana Loudermilk for their accomplishments in this organization, and I support expanding the mission of the Civil Air Patrol so that they can assist DHS in defending the United States. We must use every resource necessary to keep America safe, and I am positive that the Civil Air Patrol will add to and continue the remarkable job our military has provided in defending our nation at home and abroad.

21ST CENTURY GREEN HIGH-PERFORMING PUBLIC SCHOOL FACILITIES ACT

SPEECH OF

HON. ANN KIRKPATRICK

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 13, 2009

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2187) to direct the Secretary of Education to make grants to State educational agencies for the modernization, renovation, or repair of public school facilities, and for other purposes:

Mrs. KIRKPATRICK of Arizona. Mr. Chair, I want to thank Chairman Miller for adopting my amendment in his Manager's amendment to the 21st Century Green High-Performing Public School Facilities Act. My proposal will double the funding available to improve tribal and outlying school infrastructure.

With this bill, we recognize that our children need a modern, well-maintained learning environment to get the education it takes to compete in the global economy. We have allowed far too many of the schools that serve our Native American communities to fall short of that standard, and this is a great opportunity to get them on the right track.

My mother was a schoolteacher on tribal lands in eastern Arizona and my district is home to 11 tribes, so I have seen firsthand the challenges Indian Country's schools face. Less than half of Native American students graduate high school, and less than 14 percent get the college degree that is becoming more and more important to getting jobs in the
