

1-1, poison control centers, and mental health hotlines, and the public needs to be educated on when to use those services in addition to or instead of 9-1-1;

Whereas international visitors and immigrants make up an increasing percentage of the United States population each year, and visitors and immigrants may have limited knowledge of our emergency calling system;

Whereas people of all ages use 9-1-1 and it is critical to educate those people on the proper use of 9-1-1;

Whereas senior citizens are at high risk for needing to access to 9-1-1 and many senior citizens are learning to use new technology;

Whereas thousands of 9-1-1 calls are made every year by children properly trained in the use of 9-1-1, which saves lives and underscores the critical importance of training children early in life about 9-1-1;

Whereas the 9-1-1 system is often misused, including by the placement of prank and nonemergency calls;

Whereas misuse of the 9-1-1 system results in costly and inefficient use of 9-1-1 and emergency response resources and needs to be reduced;

Whereas parents, teachers, and all other caregivers need to play an active role in 9-1-1 education for children, but will do so only after being first educated themselves;

Whereas there are many avenues for 9-1-1 public education, including safety fairs, school presentations, libraries, churches, businesses, public safety answering point tours or open houses, civic organizations, and senior citizen centers;

Whereas children, parents, teachers, and the National Parent Teacher Association contribute importantly to the education of children about the importance of 9-1-1 through targeted outreach efforts to public and private school systems;

Whereas we as a Nation should strive to host at least 1 educational event regarding the proper use of 9-1-1 in every school in the country every year;

Whereas programs to promote proper use of 9-1-1 during National 9-1-1 Education Month could include—

(1) public awareness events, including conferences and media outreach, training activities for parents, teachers, school administrators, other caregivers and businesses;

(2) educational events in schools and other appropriate venues; and

(3) production and distribution of information about the 9-1-1 system designed to educate people of all ages on the importance and proper use of 9-1-1; and

Whereas the people of the United States deserve the best education regarding the use of 9-1-1: Now, therefore, be it

Resolved, That the Senate—

(1) designates April 2010 as “National 9-1-1 Education Month”; and

(2) urges Government officials, parents, teachers, school administrators, caregivers, businesses, nonprofit organizations, and the people of the United States to observe the month with appropriate ceremonies, training events, and activities.
