The recess having expired, the House was called to order by the Speaker pro tempore (Mr. FLEISCHMANN) at noon.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer:

Eternal God, we give You thanks for giving us another day. Lead us this day in Your ways that our Nation might be guided along the roads of peace, justice, and goodwill.

Grant strength and wisdom to our Speaker and the Members of both the people's House and the Senate, to our President and his Cabinet, and to our Supreme Court.

Bless as well the moral and military leaders of our country, and may those who are the captains of business, industry, and unions learn to work together toward the mutual benefit of all, walking in the ways of righteousness and working for the highest good of our beloved land.

Grant us the courage to develop a sound energy program for the good of all, and may our people respond with willing hearts to make that program work.

Bless us this day and every day, and may all that is done within the people's House be for Your greater honor and glory.

Amen.

YUCCA REPOSITORY BILL

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, in 2002, Yucca Mountain was approved as the location for our Nation's nuclear repository, which was previously authorized by Congress in 1987. In 2010, sadly, the President placed party politics over the interests of the American people and began the wasteful process of stopping the project.

Consumers in South Carolina have paid over \$1.3 billion for the establishment of a national nuclear repository at Yucca Mountain. In order to establish accountability and to protect the people living in the Second Congressional District of South Carolina, I have introduced the Yucca Utilization to Control Contamination Act. This bill gives the administration two options: first, certify the Yucca Mountain project or, second, face fines to reimburse consumers across the Nation who have paid for its opening.

The President constantly talks about fairness. It is only fair that the people of South Carolina receive the services they have already paid for with hard-working taxpayer dollars promoting jobs.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

PATIENTS DESERVE CHOICE

(Ms. CHU asked and was given permission to address the House for 1 minute.)

Ms. CHU. Patients deserve choice when selecting the right prescriptions and pharmacies for them, but powerful, unregulated middlemen, known as pharmacy benefit managers, or PBMs,

are limiting their options, and most people don't even know it.

These companies are telling doctors what drugs they can prescribe, limiting access to pharmacy patient care, and they're telling customers what pharmacies they can go to. That's not fair to patients. With the pending merger of two of the biggest PBMs, one company will control three-quarters of the private insurance market. This leaves us with even less competition, higher prices, and fewer choices.

That's why I support the Medicare Pharmacy Transparency and Fair Auditing Act. This bill will ensure that PBMs are transparent and fair when dealing with local pharmacies, and it will help make sure the Medicare part D prescription program works for seniors. It will be an important step in protecting pharmacy choice for patients.

SUGAR REFORM

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, last week, liberal MSNBC host Ed Schultz found himself agreeing with the Heritage Foundation and Mitt Romney. What issue could possibly unite liberals and conservatives? The answer is: sugar reform.

You see, sugar farmers and sugar processors benefit from a Federal sugar program that fixes prices and guarantees their profits. Indeed, Schultz noted that one of the biggest processors, American Crystal Sugar, makes \$1.5 billion in revenue and pays its CEO \$2.4 million a year in compensation.

While Schultz is, probably, mostly concerned about a labor dispute between American Crystal and its workers, I hope he will also consider the many other workers in sugar-using industries. The Federal program inflates the price of sugar in the U.S., placing American sugar users at a severe disadvantage to their foreign competition. In the last 15 years, more than 100,000 workers in sugar-using industries have lost their jobs.

I've been proud to work with Congressman DANNY DAVIS to reform this program and to make it fair for everyone. Democrats and Republicans, liberals and conservatives agree that the government shouldn't be guaranteeing corporate profits at the expense of workers and consumers. I hope the Ag Committee will reform the sugar program as we deal with the farm bill.

HORSE SLAUGHTER

(Ms. SCHAKOWSKY asked and was given permission to address the House for 1 minute.)

Ms. SCHAKOWSKY. Mr. Speaker, I rise today about a serious issue: horse slaughter.

A recent poll confirms what many of us already know: 80 percent of American voters are opposed to slaughtering
