

should be our friends, and they are my friends.

Therefore, when I saw my Muslim friends there at the home of my friend Massoud, there were big hugs all around. This administration calls them war criminals because some of them fight as viciously as the Taliban that they fight against, but they were friends. They fought with us. They did much of our fighting for us before we became occupiers in Afghanistan.

Yet, when this administration throws our allies under a bus, it means for them to stay there. Well, some of us believe that if we ever hope to have other allies, then it is critical that we treat our allies with respect. We don't stab them in the back. We don't throw them under the bus. But that's a lesson hard learned.

There are international reports that say President Karzai may be willing to resign a year early. That's been heard different places around the world. Gee, wow, isn't that wonderful if Karzai would resign a year early. But in meeting with my friends who have talked to some of Karzai's circle, they point out: Do you in America not understand that when this President Karzai says he's looking at retiring a year early, it's not because he is some big-hearted, wonderful, democracy-loving person? If he loved democracy, he'd let us elect our governors. He'd let us elect our mayors. But he wants to appoint them, and he's not ready to give up power. But the Afghan constitution apparently says that if you've served two terms, you cannot run for a third term.

So, this President Karzai is looking at a way, when perhaps if he resigned a year early, then he could argue, I didn't serve two terms. I served 1 year short of two terms, therefore I can run for a third term.

□ 2030

Being as how the President of Afghanistan appoints the governors, the mayors, the chiefs of police, so many of the positions of power in Afghanistan, it's quite conceivable that he could ensure that he got elected again next time if he ran a third time. And if he were to be allowed to run a third time and get elected, that puts him beyond 2014, which means the United States will not be around to enforce the promises that President Karzai made.

Oh, it's a hope and prayer that this administration will quit living on the false promises of people who say they're going to help us, but are sworn publicly and privately to destroy our way of life. And there are those we continue to hear say, Look, Israel is just occupiers. They're occupiers in this land. The Palestinians have more claim. But as Newt Gingrich pointed out, the term "Palestinian" is a very recent word that found usage. If you go back, as one reporter did, who ended up being let go, she marveled that these people ought to go back to Poland or wherever they came from, when actually if you look at where they came

from 1,600, 1,700 years before Mohammed existed in the city of Hebron, a King named David ruled for 7 years. He then moved the capital up to Jerusalem, and a beautiful capital it was.

Some have said, "Well, where is the evidence of the Israelis being in Jerusalem?" Well, we know that Mohammed never went to Jerusalem. He had a dream, as I understand it at one point, that he had gone there; but he never physically went. That's for sure. But here is the current city of Jerusalem. This is the city of David here, south of the Temple Mount, Mount Moriah, where Abraham went. It's interesting, because people have said, gee, where is the archeological evidence? And we see people around the country in Hebron where Jesse was buried, where his tomb is, in what I call Shiloh and they were calling Sheloh. The Ark of the Covenant, they've found the location, it certainly appears, where it was kept for over 300 years, long before there was a Mohammed.

People have said, well, where is the evidence? It is beginning to show up in droves. Quite interesting, as the archeologists have begun to look, they've realized, you know what, the city of David may have been south down the hill from where the current Temple Mount is. They began excavating, and they found all kinds of dramatic evidence of Israel's existence. It's dramatic. There is no question from the things that are being found and the way they're being dated and the dates that are coming to light that Israel existed in the land where it has its country now. Not just in part, but throughout the West Bank. That was Israeli territory many, many centuries before a man named Mohammed lived.

I'm not attempting to push my religious beliefs on anybody else. These are simply the facts of history that we have to look at and understand. Until we have an administration that stops blinding those who are supposed to protect us, we're in big trouble. So it is important that we pay tribute to our dear friend Israel, stop the betrayals, and say thank God for the nation of Israel and the dear friend that they are to the United States.

With that, I yield back the balance of my time.
