

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. FATTAH. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Kansas will be postponed.

Mr. CLARKE of Michigan. Mr. Chairman, I move to strike the last word.

The Acting CHAIR. The gentleman is recognized for 5 minutes.

Mr. CLARKE of Michigan. I rise to engage in a colloquy with the esteemed subcommittee chair.

First of all, I wanted to support the inclusion of \$47 million in the National Science Foundation Educational and Human Resources Account. This is going to really further the effort to help educate Americans in the area of science, technology, engineering, and mathematics. It will help inspire many of our young people to study math and science and then go into these engineering and technology fields as careers.

Some of the most engaging ways to inspire young people to study math and science involve informal education settings, such as our science centers throughout this country, most notably, the Detroit Science Center, which engages in programs that inspire many inner-city youth and metro-Detroit youth to get involved in education in science and mathematics.

So I wanted to thank the chair and the ranking member for including the resources in the National Science Foundation's budget to help provide competitive grants to many organizations such as the Detroit Science Center to help further inspire and engage our young people to study math and science.

And we have a lot of jobs available, even in metro Detroit in manufacturing and technology. We just need the people trained in those areas. This effort, this funding will help encourage many of our young people to enjoy the intellectual stimulation of math and science, and then encourage them to go into careers that are not only fruitful for them, but will help our country's economy become more competitive in the global marketplace.

Mr. WOLF. Will the gentleman yield? Mr. CLARKE of Michigan. I yield to the gentleman from Virginia.

Mr. WOLF. I thank the gentleman for his interest in and advocacy for STEM education. I share his belief that STEM education must be a national priority, and I think the more we invest in it, it is very important for this country so the 21st century is the American century and not the Chinese century. And I look forward to working with him on this issue as we move forward.

Mr. CLARKE of Michigan. Mr. Chair, I yield back the balance of my time.

Mr. WOLF. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. WESTMORELAND) having assumed the chair, Mr. PRICE of Georgia, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 5326) making appropriations for the Departments of Commerce and Justice, Science, and Related Agencies for the fiscal year ending September 30, 2013, and for other purposes, had come to no resolution thereon.

#### REPORT ON RESOLUTION PROVIDING FOR CONSIDERATION OF H.R. 5652, SEQUESTER REPLACEMENT RECONCILIATION ACT OF 2012

Mr. WOODALL, from the Committee on Rules, submitted a privileged report (Rept. No. 112 472) on the resolution (H. Res. 648) providing for consideration of the bill (H.R. 5652) to provide for reconciliation pursuant to section 201 of the concurrent resolution on the budget for fiscal year 2013, which was referred to the House Calendar and ordered to be printed.

The SPEAKER pro tempore. Pursuant to House Resolution 643 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the further consideration of the bill, H.R. 5326.
