

designed to target patients with complex chronic diseases through an interdisciplinary team of health professionals. This program showed a reduction in inpatient hospital days by 62 percent, and a reduction in nursing home bed days by 88 percent. This translated into a reduction in the cost of care from \$38,000 to \$29,000 per patient per year for patients enrolled in the program (a 24 percent reduction).

The Medicare program continues to increase in importance in my home state of California, where our senior population is increasing dramatically. The percentage of Californians age 60 and older is expected to grow from 6.4 percent in 2010 to 11.5 percent by 2030, according to the California Department of Aging. In my district, there are currently 63,053 Medicare recipients. I am committed to preserving benefits for current recipients and those nearing retirement, while guaranteeing the program's solvency for future generations of Americans.

For these reasons, I urge my colleagues to join me in support of Medicare's Skilled Home Healthcare Services act.

IN HONOR OF THE 75TH ANNIVERSARY OF THE NEW KENSINGTON AREA ROTARY CLUB

HON. MARK S. CRITZ

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 20, 2012

Mr. CRITZ. Mr. Speaker, I rise to honor the New Kensington Area Rotary Club on the occasion of its 75th anniversary. Since its inception, this great international service organization has operated according to its motto of "service above self," providing support to our troops and to laudable philanthropic causes in southwestern Pennsylvania and throughout the world.

In addition to providing support to local chapters of Meals on Wheels, the Salvation Army, Habitat for Humanity and the YMCA, the New Kensington Area Rotary Club has sponsored efforts to promote literacy at local elementary schools, held Santa breakfasts for local needy children, sent clothing, shoes and other needed materials to needy communities in Appalachia and provided computers to St. Joseph's Indian School on the Cheyenne Indian Reservation in South Dakota. It has also worked to improve lives in disadvantaged and medically underserved communities abroad, performing water projects in Uganda, supporting the effort to eliminate the global Polio epidemic and participating in national immunization days in India, Venezuela and elsewhere.

To honor the selfless efforts its members have made to promote peace and prosperity throughout the world over the last 75 years, the New Kensington Area Rotary Club will hold an Anniversary Gala on October 23rd at the Oakmont Country Club in Oakmont, Pennsylvania. It is my most sincere hope that this event brings pride and fulfillment to all those who have had a hand in making the New Kensington Area Rotary club one of Southwestern Pennsylvania's most successful community service organizations.

Mr. Speaker, I am extremely proud to represent the members of the New Kensington Area Rotary Club in Congress; everyone should attempt to emulate their abiding generosity and kindness. I have every expectation that their great organization will continue to accomplish charitable feats of international significance for years to come.

IN SUPPORT OF FUNDING FOR THE ORAL HEALTH CARE PROVISIONS IN HEALTH CARE REFORM

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 20, 2012

Mr. QUIGLEY. Mr. Speaker, I rise today because we can no longer afford to treat oral health as separate from general health.

The mouth is a part of the body, and dental care must be part of comprehensive care. Oral diseases and disorders can cause severe pain, malnutrition, and even death if left untreated.

But because oral care has long been excluded from comprehensive care, thousands of families and children are left without dental

care. Twenty-two percent of all out-of-pocket spending in the U.S. is spent on dental care, and dental decay is the most common chronic childhood disease.

Our workforce loses 164 million work hours each year due to dental problems, and close to half of military recruits in 2008 were ineligible for deployment due to dental issues.

This is unacceptable. We can, and must, do better than this.

We must preserve funding for the Maternal and Child Health Block Grant, and fully fund the many oral health care provisions in Health Care Reform. The mouth is part of the body, and must be treated as such.

FREE SPEECH, UNJUSTIFIED VIOLENCE AND HYPOCRISY

HON. BARNEY FRANK

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 20, 2012

Mr. FRANK of Massachusetts. Mr. Speaker, the recent death of several American diplomats is an outrageous example of wholly unjustified violence that must be unconditionally condemned. The fact that some people were angry because of what other people put into a movie does not begin to be a justification for violence, even against those who made the movie, and it is certainly, not remotely in any
