

civil engineer in state and federal transportation planning.

A California native, Mr. Fielder completed his B.S. in Civil Engineering at the University of California, Davis and his Master in Business Administration at Humboldt State University. He moved to Humboldt County in 1988 and has been an active member of his community ever since.

Mr. Fielder began his career with Caltrans as a Junior Civil Engineer and rapidly earned promotions in the agency. He served as a Transportation Engineer, Senior Transportation Engineer and Supervising Transportation Engineer over the next three years before earning a promotion to Deputy District Director for Program and Project Management. He was appointed District 1 Director in 2003 and has since been responsible for transportation policy and projects across northern California. Mr. Fielder has also served in Sacramento as an Interim Deputy Director for Maintenance and Operations, where he was responsible for over 50,000 lane miles throughout California.

Throughout his career, Mr. Fielder has focused on collaborative approaches to transportation operations. He has served our community well by receiving and implementing suggestions from the public. In addition to his work with Caltrans, he is a member of the American Society of Civil Engineers and he serves as a committee member on the Transportation Research Board which addresses transportation issues on a national level.

Mr. Speaker, Mr. Fielder has dedicated his career to making the process of delivering a safe, sustainable, integrated and efficient transportation system as transparent as possible. Therefore, it is fitting and proper that we honor him here today and extend our best wishes for an enjoyable retirement.

TRIBUTE TO TERRY MOORE, JR.

HON. BRAD ASHFORD

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 28, 2016

Mr. ASHFORD. Mr. Speaker, I rise today to honor and remember a beloved Nebraskan whose life was truly an inspiration to all who were fortunate enough to know him.

Terry Moore, Jr., who has passed away at the age of 47, suffered from a rare developmental disorder known as Williams Syndrome.

Although it brings with it a lifetime of health and learning challenges, Terry refused to let it slow him down as he maintained an extremely rigorous, productive and fulfilling life.

Many Omahans came to know him during his years happily working in the City-County building, as an energetic and most-helpful clerk in the Douglas County Treasurer's office.

This is a most difficult time for Terry's dad, Terry Moore, Sr., a very good friend of mine and longtime Nebraska labor leader.

Terry, I can't begin to understand the pain you are suffering but please know that your son will long be remembered for his never-ending courage and grace as he lived a truly motivating life.

PRESIDENT OBAMA VETOES SUPPORT FOR 9/11 VICTIM FAMILIES

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 28, 2016

Mr. POE of Texas. Mr. Speaker, fifteen years ago, on September 11, 2001, our country was instantly transformed. Three thousand Americans and people from other nations were murdered at the hands of evil, malicious terrorists.

A few weeks ago Congress granted the families of these victims their basic right under the Constitution of the U.S., to their day in court, the right to sue the perpetrators. President Obama disagrees. He vetoed the bill.

Based on the 28 pages held secret for years, there may be evidence that the country of Saudi Arabia and their officials may have had some involvement in planning the elements of that attack.

As a former judge I am a strong believer in the jury trial to solve such disputes. That is what the courtroom is for. However the administration seems more interested in diplomatic niceties with foreign nations than the victims of 9/11.

Congress must override this veto. The truth needs to be known about who was responsible for the 9/11 attacks. The families of the 9/11 victims deserve to pursue justice because Mr. Speaker, justice is what we do in America.

And that's just the way it is.

RECOGNIZING THE MARK L. WILT AMERICAN LEGION POST 210 FOR 95 YEARS OF SERVICE

HON. JACKIE WALORSKI

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 28, 2016

Mrs. WALORSKI. Mr. Speaker, I rise today to acknowledge the members of the Mark L. Wilt American Legion Post 210 in Middlebury, Indiana, as they celebrate 95 years of service to our community and advocacy on behalf of all veterans.

After its founding in 1921, American Legion Post 210 was named in honor of Mark L. Wilt, a local citizen who was killed in World War I. Post 210 met at several locations until 1969, when construction was completed on their present building on York Road in Middlebury.

Post 210 has grown since its founding, as has its mark on the community. The members of Post 210 have been constant advocates for Northern Indiana veterans, consistently raising charitable donations and honoring the area's veterans through activities such as dedicating headstones for unmarked military graves. Their continued success is due to their standing within the Northern Indiana community as a patriotic organization whose mission helps American veterans within our community and ensures future generations of Hoosiers recognize the sacrifices these heroes made on their behalf.

Because of their many significant contributions to our community and our veterans, I am grateful that the Mark L. Wilt American Legion Post 210 is in Indiana's Second District. It is

clear the veterans of Post 210 are still serving the nation long after their active duty has ended.

According to its mission statement, the American Legion "is the nation's largest wartime veterans service organization, committed to mentoring youth and sponsorship of wholesome programs in our communities, advocating patriotism and honor, promoting strong national security, and continued devotion to our fellow service members and veterans." For Hoosiers, Post 210 exemplifies the longstanding tradition of excellence in Indiana.

On behalf of 2nd District Hoosiers, I sincerely congratulate the Mark L. Wilt American Legion Post 210 on their 95th Anniversary, and I wish them continued success and growth in the years ahead.

HONORING THE BICENTENNIAL OF HOWARD COUNTY, MISSOURI

HON. VICKY HARTZLER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 28, 2016

Mrs. HARTZLER. Mr. Speaker, I rise today to honor the bicentennial birthday of Howard County, Missouri, a truly monumental milestone. Howard County was first established in January 23, 1816 as migrants from Kentucky, Tennessee, and Virginia came west looking for room for their families to grow. Twenty-three more counties would be formed from this Missouri "Mother of Counties" which stretched all the way from St. Louis to what was then the edge of the Missouri Territory. After 200 years this thriving rural area, though quite a bit smaller in land mass, is home to more than 10,139 residents, 192 businesses, a plethora of family farms, and one of the loveliest court-houses in Missouri.

I am honored to represent the good people of Howard County and I want to congratulate the leaders of this beautiful area for their efforts in making this county one of the priceless gems of central Missouri.

SEA BOX, INC.

HON. THOMAS MacARTHUR

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 28, 2016

Mr. MACARTHUR. Mr. Speaker, I rise today to honor Sea Box, Inc., of New Jersey's Third Congressional District, in its recent award of a 32 million dollar General Services Administration contract to provide the United States Air Force with Containerized Hygiene Systems over the next two years.

Sea Box, Inc., of East Riverton, was established in 1983 and specializes in the design, customization, and manufacturing of ISO containers and related equipment for military and commercial applications. Sea Box directly supports our warfighters and has created 200 manufacturing jobs in New Jersey. This two year contract will provide the United States Air Force with temperature controlled expendable shelters for bathing and storage that can be transported worldwide, utilizing standard military equipment.

Sea Box, Inc., has deep ties to the community and has answered the call of need for our
