

THE JOURNAL

The SPEAKER pro tempore. The unfinished business is the question on agreeing to the Speaker's approval of the Journal, which the Chair will put de novo.

The question is on the Speaker's approval of the Journal.

Pursuant to clause 1, rule I, the Journal stands approved.

DIRECTING THE CLERK OF THE HOUSE OF REPRESENTATIVES TO MAKE A CORRECTION IN THE ENROLLMENT OF H.R. 5325

Mr. ROGERS of Kentucky. Mr. Speaker, I ask unanimous consent to take from the Speaker's table (S. Con. Res. 53) directing the Clerk of the House of Representatives to make a correction in the enrollment of H.R. 5325, and ask for its immediate consideration in the House.

The Clerk read the title of the concurrent resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Kentucky?

There was no objection.

The text of the concurrent resolution is as follows:

S. CON. RES. 53

Resolved by the Senate (the House of Representatives concurring). That, in the enrollment of the bill H.R. 5325, the Clerk of the House of Representatives shall make the following correction to the title so as to read: "Making continuing appropriations for fiscal year 2017, and for other purposes."

The concurrent resolution was concurred in.

A motion to reconsider was laid on the table.

REMEMBERING ARNOLD PALMER

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Mr. Speaker, last Sunday, we said goodbye to a true American hero, not just in the golf world but in American life.

Arnold Palmer was larger than life, both on and off the golf course. After learning to play golf at age 4, he never quit and changed the sport forever. The "King," as he was known, had 62 victories on the PGA Tour, including 7 majors and 10 on the Champions Tour, not to mention his own signature drink that delighted the masses for generations.

Mr. Speaker, I have the honor of representing the 12th District of Georgia and the good people who live and work there. Georgia's 12th Congressional District is home to the Augusta National, which hosts the most famous Masters tournament.

In Augusta, we consider Arnold Palmer one of our own. He won the coveted green jacket four times: 1958, 1960, 1962, and 1964. He took the Masters and golf to a whole new level in the

sports world. The Masters will never be the same. Like Tiger Woods said, "It's hard to imagine golf without him." I am not sure we even want to.

Arnie's Army mourns together. We remember the king of golf, the legendary Arnold Palmer.

Arnie, you will be sorely missed.

HONORING THE LIFE OF RODNEY NOEL ELLIS, SR.

(Ms. ADAMS asked and was given permission to address the House for 1 minute.)

Ms. ADAMS. Mr. Speaker, I rise today to honor the life of the late Mr. Rodney Noel Ellis, Sr., a dedicated public servant and immediate past president of the North Carolina Association of Educators.

Throughout his entire career, Rodney was a talented teacher and a steadfast advocate for North Carolina's students and educators, who worked relentlessly to improve public schools and fought tirelessly for equal and quality education.

A cherished friend and confidant, I never met anyone who worked harder or gave more than Rodney Ellis. He will not only be remembered as our champion for education and kids, but as a dedicated and devoted family man who loved his wife and five children. He was an inspiration. His loss will be felt throughout our entire State.

Rodney was a titan with a gentile spirit and a heart of gold. North Carolina has lost one of her most extraordinary educators and one of her greatest leaders.

My thoughts and prayers continue to be with Rodney's family, his friends, and our community.

BREAST CANCER AWARENESS MONTH

(Ms. WASSERMAN SCHULTZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I rise today as we approach October to recognize Breast Cancer Awareness Month.

The statistics are sobering: one in eight women will get breast cancer in her lifetime.

After being diagnosed with breast cancer at the age of 41, I quickly understood the importance of knowing your risk for breast cancer. I learned that, as an Ashkenazi Jewish woman, my chances of having the BRCA mutation linked to breast cancer were significantly higher.

That is why in 2009 I introduced the EARLY Act, which equips young women with the tools they need to make informed decisions about their breast health. Though we have made significant advances on some fronts, there is still work to be done. For example, there has been no statistically

significant improvement in survival rates for the metastatic cancer community in the past 20 years.

We must do more to support those who are affected by this deadly disease and do everything we can to eradicate breast cancer once and for all.
