

older Americans will be faced with paying higher premiums under the bill's age tax.

We cannot let this bill become law. We cannot allow patients, families, seniors, and those who have diabetes and chronic illnesses like asthma, COPD, or obesity to be left to fend for themselves. That is not the America that we know. That is not the values that we share.

We don't believe that healthcare is a commodity only for those that can afford it. Those who can't afford healthcare will have to fend for themselves, simply because they can't afford it. We believe that we all have a responsibility for health as a common good, with a social responsibility to make sure that our neighbors and our communities are well, that our neighbors' kids are free from infections that can spread to other kids. That is why we have strong vaccination programs.

Health is, fundamentally, a human right. The rest of the world sees it that way, so why not America, the leaders of our globe. We must and we can do better.

To my Republican colleagues, I know that passing a bill is important politically because you campaigned on this for the past 8 years. I understand that you have a lot of pressures from donors. Just think about patients. Do the right thing. Put politics aside.

Let's heed the words of Senator MCCAIN. Let's come back to regular order. Let's figure out what we can do together to fix and improve on the Affordable Care Act to bring down premiums and bring down the cost of healthcare and medicines and make sure that we expand coverage to more people and not take away coverage for millions of people.

Let's put people above partisanship. Let's put solutions above ideology. Let's do the right thing. Let's come together and help pragmatically improve healthcare for millions of Americans.

CONGRATULATING WAYNE MARSHFIELD ON HIS RETIREMENT

The SPEAKER pro tempore. The Chair recognizes the gentleman from New York (Mr. FASO) for 5 minutes.

Mr. FASO. Mr. Speaker, today, I rise to recognize the commitment and dedication of Wayne Marshfield, who just recently retired after 50 years of hard work with the Delaware County Electric Cooperative.

Over the course of his career, Wayne has supported the Cooperative's central mission of providing reliable and affordable energy services to families throughout its entire service area.

□ 1045

Wayne's leadership and penchant for innovation have significantly enhanced the Cooperative's operations in our upstate communities. For example, Wayne developed the service location system, which greatly improved his company's service mapping, allowing

us to greater respond to emergencies and needs of the community. In addition, he implemented the smart meter to modernize the area's outage alerts.

We thank Wayne Marshfield for his indispensable 50 years of service at the Delaware County Electric Cooperative, and also his 20 years-plus service as Hamden's town supervisor. Wayne has always gone above and beyond to ensure affordable and reliable power to our local homes and businesses.

Mr. Speaker, I salute Wayne Marshfield.

NORTHERN COLUMBIA LIONS CLUB 70TH ANNIVERSARY

Mr. FASO. Mr. Speaker, I rise today to congratulate the Northern Columbia Lions Club, which will soon celebrate its 70th anniversary on September 30 of this year.

Based in Valatie, New York, this Lions Club International post has a long history of extending a helping hand to neighbors in need. Its members practice charitable leadership, living out the Lions Club motto: "Where there's a need, there's a Lion."

This year alone, the Northern Columbia Lions Club has hosted vision screening tests for preschoolers, held a successful eyeglass drive for people in underdeveloped countries, refurbished benches in Chatham's Callan Memorial Park, and awarded scholarships to local college-bound students.

I thank our past and present members of the Northern Columbia Lions Club for their 70 years of dedication to a better Columbia County and a better world.

KNEELING IN RECOGNITION OF THE GLORY OF OUR NATION

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Texas (Ms. JACKSON LEE) for 5 minutes.

Ms. JACKSON LEE. Mr. Speaker, last evening, I took to kneeling on this floor in recognition, first of all, of the glory of this Nation, the pride that I have in representing the Nation in far-away places as a Member of Congress, and visiting heads of states, and visiting with the people of other countries who have such an admiration for the purity of our freedom.

I also take great pride in Texas being a State that is home to any number of military bases and reservists and Active Duty and veterans. We interact all the time. Our military liaison in my office is a veteran of the Iraq and Afghan wars.

There is no lacking in sense of pride, and not one of us remembers missing the national anthem and the Pledge of Allegiance as children growing up in our daily activities as we went to school. But I also have come to understand what those symbols mean. They are not just cloth or music. They, in fact, represent ideals and values, and many people interpret them in different ways.

I abhor spitting or burning or destroying of the flag. I have not done

any of those. Colin Kaepernick's kneeling in the early months past was no disrespect of his love of this country, but a recognition that people were hurting and people were losing their lives, and we needed to reform systems of justice to be able to respond to the grieving mothers who lost children, in many instances—I would say all the instances—that we can recall of the recent 2 years, unnecessarily.

It did not mean that we did not have, again, the greatest respect for our men and women in blue. I will take no backseat to my honoring them, fighting for them, working alongside them during Hurricane Harvey, thanking them for the first responders and enormous work they did, working alongside them as we rescued a group of individuals in a church who have fled for their lives during Hurricane Harvey.

We must understand each other as people, and it is unfortunate that the Commander in Chief has taken to a distraction that wants to peel away our unity and report in the news: They like it, don't they? He is really, working for his base.

I don't know anything about a base. I know about Americans. I see them all the time, and they don't look like me. They disagree with me. They have different opinions. I still respect that opinion, but I do believe that we can all come together.

That knee was in respect of Colin and the young men who have now successfully taken to their knees, and the owners. Yes, I know that what they have done does not feed people; does not work on your retirement; does not get us something better than the Graham-Cassidy bill, which will destroy and undermine healthcare for millions of Americans, those with preexisting diseases, those who suffer from the lack of income, and those who need good healthcare—the very promise that was made by the President and all of us as Members of Congress that there should be some structure.

There is no structure in the Graham-Cassidy bill. All it does is throw it over to the State and say: If you don't have the money, forget about it. Don't worry about them. Take the money and give tax cuts to the rich.

That is not the American way.

I rise today to say that I remain on bended knee in spirit with all of those young men. I look forward to working with the NFL and all the sports as we explain that these young men are vital parts of the community. Thank you to J.J. Watt and the Texans and all of those who have contributed.

HUMANITARIAN CRISIS IN PUERTO RICO

Ms. JACKSON LEE. Mr. Speaker, now, what is the most important message?

My people are suffering—and my constituents—still in Texas. They are suffering now extraordinarily in the U.S. Virgin Islands and Puerto Rico.

Your eyes should burn and your hearts should be struck by the absolute
