Whereas the Constitution of the United States—

(1) was the first permanent constitution in the world adopted by elected representatives;

(2) includes seminal ideas about individual rights, the separation of powers, and the rule of law; and

Mr. SCOTT (for himself, Mr. BOOKER, Mr. ISAKSON, Mr. BROWN, Mr. RUBIO, Mr. COONS, and Ms. WARREN) submitted the following resolution; which was considered and agreed to:

S. RES. 273

Whereas sickle cell disease (referred to in this preamble as "SCD") is an inherited blood disorder that is a major health problem in the United States and worldwide;

Whereas SCD causes the rapid destruction of sickle cells, which results in multiple

medical complications, including anemia, jaundice, gallstones, strokes, restricted blood flow, damaged tissue in the liver, spleen, and kidneys, and death;

Whereas SCD causes episodes of considerable pain in the arms, legs, chest, and abdomen of an individual;

Whereas SCD affects an estimated 100,000 individuals in the United States;

Whereas approximately 1,000 babies are born with SCD each year in the United States, with the disease occurring in approximately 1 in 365 newborn African-American infants and 1 in 16,300 newborn Hispanic-American infants, and is found in individuals of Mediterranean, Middle Eastern, Asian, and Indian origin;

Whereas more than 3,000,000 individuals in the United States have the sickle cell trait and 1 in 13 African-Americans carries the trait;

Whereas there is a 1 in 4 chance that a child born to parents who both have the sickle cell trait will have the disease;

Whereas the life expectancy of an individual with SCD is often severely limited;

Whereas, while hematopoietic stem cell transplantation (commonly known as "HSCT") is currently the only cure for SCD and advances in treating the associated complications of SCD have occurred, more research is needed to find widely available treatments and cures to help patients with SCD; and

Whereas September 2017 has been designated as Sickle Cell Disease Awareness Month in order to educate communities across the United States about SCD, including early detection methods, effective treatments, and preventative care programs with respect to SCD, complications from SCD, and conditions related to SCD: Now, therefore, be it

SENATE RESOLUTION 274—SUPPORTING THE GOALS AND IDEALS OF NATIONAL RETIREMENT SECURITY WEEK, INCLUDING RAISING PUBLIC AWARENESS OF THE VARIOUS TAX-PREFERRED RETIREMENT VEHICLES, INCREASING PERSONAL FINANCIAL LITERACY, AND ENGAGING THE PEOPLE OF THE UNITED STATES ON THE KEYS TO SUCCESS IN ACHIEVING AND MAINTAINING RETIREMENT SECURITY THROUGHOUT THEIR LIFETIMES

Mr. ENZI (for himself, Mr. CARDIN, Mr. WYDEN, Ms. COLLINS, and Mr. ALEXANDER) submitted the following resolution; which was considered and agreed to:

S. RES. 274

Whereas people in the United States are living longer and the cost of retirement is increasing significantly;

Whereas Social Security remains the bedrock of retirement income for the great majority of the people of the United States but was never intended by Congress to be the

sole source of retirement income for families;

Whereas recent data from the Employee Benefit Research Institute indicates that, in the United States—

(1) only approximately 3% of workers or the spouses of those workers are saving for retirement; and

(2) the amount that workers have saved for retirement is much less than the amount those workers need to adequately fund their retirement years;

Whereas the financial literacy of workers in the United States is important so that those workers understand the need to save for retirement;

Whereas saving for retirement is a key component of overall financial health and security during retirement years and the importance of financial literacy in planning for retirement must be advocated;

Whereas many workers may not—

(1) be aware of the various options in saving for retirement; or

(2) have focused on the importance of, and need for, saving for retirement and successfully achieving retirement security;

Whereas, although many employees have access through their employers to defined benefit and defined contribution plans to assist the employees in preparing for retirement, many of those employees may not be taking advantage of those plans at all or to the full extent allowed by Federal law;

Whereas saving for retirement is necessary even during economic downturns or market declines, which makes continued contributions all the more important;

Whereas all workers, including public and private sector employees, employees of tax-exempt organizations, and self-employed individuals, can benefit from developing personal budgets and financial plans that include retirement savings strategies that take advantage of tax-preferred retirement savings vehicles;

Whereas effectively and sustainably withdrawing retirement resources throughout the retirement years of an individual is as important and crucial as saving and accumulating funds for retirement; and

Whereas the week of October 15 through October 21, 2017, has been designated as "National Retirement Security Week": Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of National Retirement Security Week, including raising public awareness of the importance of saving adequately for retirement;

(2) acknowledges the need to raise public awareness of a variety of tax-preferred retirement vehicles that are used by many people in the United States but could be used by more; and
