

Since 1999, Hanna Grade School has raised more than \$6,000. That amount is enough to save more than 120 acres of rainforest.

Mr. Speaker, I'd like to recognize Hanna Grade School for its outstanding hard work and dedication to protecting the environment, and thank its former and current students, parents, and faculty for their devotion to making the world a better place.

IN RECOGNITION OF LORI S. LIU

HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, December 15, 2017

Ms. SPEIER. Mr. Speaker, I rise to honor Lori Liu who is leaving public service after four years on the Brisbane City Council, the last year as Mayor of this storied town near San Francisco Bay. Lori's deep commitment to public service is evident from her accomplishments and contributions to her community. She is a champion of education, children, the arts, recreation, economic development and the environment.

Lori was first elected to the council in 2013. While on the council, she served on, or as representative to, a number of organizations, including the Association of Bay Area Governments, the Peninsula Clean Energy Board of Directors, the County Library JPA, the council's Economic Development Subcommittee, the Health and Safety Subcommittee, the League of California Cities, the liaison to the Parks and Recreation Commission, the Airport Community Roundtable, the Planning Commission, the liaison to the Open Space and Ecology Committee, the Community Choice Energy Advisory Committee and many others. You may justifiably surmise from this lengthy list that Lori is well-versed in a variety of issues affecting the residents of Brisbane and the region.

Her leadership is notable as she tackled one of the most longstanding opportunities and challenges in the community: the Baylands Project. Lori was indefatigable as she conducted council meetings and listened closely to the community through hours of discussions involving possible offices, open space, housing, environmental cleanup and restoration, and the overall concept of a sustainable community. She carefully weighed the impacts of this project on Brisbane and our region.

She was instrumental in laying the groundwork to build a new library which will be constructed starting next year. Libraries are community spaces that connect generations and nurture life-long learning. The Brisbane Library will include a Maker's Space to spark the creativity of the next generation of innovators, spaces for children and teens, a quiet study area, an outdoor garden, a community center, and the first public arts project triggered by a city ordinance.

Lori has a long track record of working on environmental issues. In fact, when she moved to Brisbane in 2004, her very first volunteer activity was to attend an Earth Day clean up event. While on the council, she helped to secure a grant to renovate Crocker Park Trail. This funding will make the trail more usable for bicyclists, joggers and parents with strollers. It will also establish a safe pe-

destrian and bike-friendly connection between residential development at the Ridge and Lipman Middle School. Due in part to Lori's outstanding work, Brisbane received the Platinum level Spotlight Award from the Institute for Local Government for environmental leadership and best practices. With her support, the city signed up to have all municipal electric accounts serviced by 100 percent renewable energy.

Lori understands that a high quality of life for residents depends on a healthy balance of physical and financial security, education, functioning infrastructure, clean air and clean water, and recreation and entertainment. Life without music and fun would not be complete, so Lori supported the launch of two spectacular, family-friendly community events, the Marina Kite Festival and the Star City Music Festival. The kite festival celebrated its first anniversary this June and the music festival will have its premier in July next year.

Lori holds a B.A. from Tufts University and a J.D. from Northwestern University School of Law. She and her husband Raymond Liu live in Brisbane with their two young children, Samantha and Noah.

Mr. Speaker, I ask the House of Representatives to rise with me to honor Lori Liu for her exemplary service on the Brisbane City Council. Her public service made Brisbane a better place to live, work and visit. I personally regret that she is leaving office and hope she will return to offer Brisbane her skills and talents in addressing the issues facing her beloved city. I have no doubt that Lori will continue to make enormous contributions to any effort she undertakes.

CONGRATULATING GALESBURG,
ILLINOIS FOR BEING NAMED A
PROJECT WINNER FOR THE 2017
GOVERNOR'S HOMETOWN AWARD

HON. CHERI BUSTOS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, December 15, 2017

Mrs. BUSTOS. Mr. Speaker, I rise today to congratulate Galesburg, Illinois for being named a project winner for the 2017 Governor's Hometown Award due to its outstanding Galesburg Heart & Soul program.

The Galesburg Heart & Soul project is a community revitalization and development effort, based on broad and vigorous resident participation. The project's goal is to allow residents to voice what they value most about their town and encourage them to actively participate in community development. The project did this by collecting the input of Galesburg Residents from all walks of life through hosting multiple focus groups. Based on their voices, an action plan was built in order to guide all stakeholders to develop a stronger, healthier, and more economically dynamic community for all.

The hard work and community collaboration visible through the Galesburg Heart & Soul project makes me especially proud to serve Illinois' 17th Congressional District. Mr. Speaker, I would like to again formally congratulate Galesburg, Illinois for being named a project winner for the 2017 Governor's Hometown Award.

HONORING THE LIFE OF CHARLES
GILBERT SLEPIAN

HON. JAMES B. RENACCI

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, December 15, 2017

Mr. RENACCI. Mr. Speaker, I rise today to pay tribute to the life of Charles Gilbert Slepian. A veteran of the United States Army, Charles dedicated his life to protecting and serving his country.

Charles "Chic" Slepian was born and raised in the South Bronx in New York, New York. Charles was a loving husband to his wife Patricia Murray, dedicated father to his children Jon and Keri from his marriage with Nita Koval, and to Jenny and James from his marriage to Jeanette Slepian. He was a caring grandfather to his many grandchildren and proud uncle to Michael and Mark Slepian, and Lori Mulick.

A graduate of the City College of New York and Fordham Law School, Charles had a rich career as an educator and attorney. He served as Deputy Commissioner to New York City Mayor John Lindsay. Additionally, he founded the Foreseeable Risk Analysis Center to consult on various security protocols. As a security consultant, Slepian was frequently called upon by national media outlets to offer his expert analysis on the improvement of security practices.

Mr. Speaker, it is my honor to recognize a life so fully lived. Charles shared his energy with those whom he worked and instilled his values of sacrifice and service in his loved ones. His son, James Slepian, served not only as my chief of staff, but my confidant and friend. I am grateful for the Slepian family's service to our country and ask my colleagues in the House to join me in paying tribute to a valued soldier and citizen, Charles Gilbert Slepian.

HONORING U.S. NATIONAL
GUARD'S 381ST BIRTHDAY

HON. J. FRENCH HILL

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Friday, December 15, 2017

Mr. HILL. Mr. Speaker, I rise today to honor the men and women of the National Guard for their 381 years of dedicated service and sacrifice to the defense of our nation.

On December 13, 1636, the first militia regiments in North America were organized in Massachusetts.

From deploying overseas in theaters of war, to being activated by our nation's governors in times of natural disaster, the Guard has been a critical component of our national security strategy, and an integral part of America's military supremacy.

I extend my thanks to Arkansas's Adjutant General, Mark Berry, for his dedication and leadership of Arkansas's Guard.

Thank you to those Guardsmen who are currently deployed overseas, including the Arkansas Guardsmen currently deployed around the world in Kosovo and Kuwait.

But most of all, thank you to those National Guardsmen who have given the ultimate sacrifice in defense of our nation.
