

over the world. North Carolina has cultivated one of the strongest business climates in the country and we are proud to open our doors to a wide variety of industries from retail to biotechnology.

I applaud Advance Auto Parts for its decision to expand operations in our thriving Raleigh community and am excited for the future growth opportunities companies like these bring to North Carolina every day.

HONORING KATY CANNON

HON. LUKE MESSER

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 11, 2018

Mr. MESSER. Mr. Speaker, I rise to recognize a former member of my staff, Katy Cannon, for her work in my office and her service to our state.

Katy worked as part of our team in Washington, D.C., for over five years. Katy has an incredible work ethic and was a tremendous asset to our operation. She brought a wealth of experience and knowledge to our team and was someone I could rely on for advice.

On a personal note, Katy is a kind soul, with a positive spirit and consistent big smile. Katy works extremely hard, but never forgets to treat people the right way. I am proud to call her my friend.

I would also like to thank Katy for her kindness to my family and her hard work for our operation. I wish her and Matt continued success in all that remains ahead for their family.

IN RECOGNITION OF PRADEEP GUPTA

HON. JACKIE SPEIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 11, 2018

Ms. SPEIER. Mr. Speaker, I rise to honor Pradeep Gupta as he departs the South San Francisco city council. Councilman Gupta served four years during a time of enormous change in South San Francisco, and previously served for three years as a planning commissioner.

South San Francisco is a city of 67,000 with a long and colorful history. Immigrants settled in the early 1900's and were the backbone of a thriving industrial hub. The city was once home to steel mills, meat packing plants, and paint manufacturers, among many industrial enterprises. Today, South San Francisco is universally recognized as the biotechnology capital of the world, and the founding location of the biotechnology industry with Genentech's establishment in 1976 in the city's Oyster Point area.

Pradeep Gupta fits well with his city's history. In 1964, he arrived in the United States from India with a superb education and ambition, but little money. He attended Purdue and obtained his MSEE in 1966 and his PhD in Electrical Engineering in 1969. He had a successful engineering career around the globe working with Southern California Edison, the Electric Power Research Institute (EPRI), and as a consultant to USAID and the World Bank on international energy projects. Ultimately,

Pradeep and his wife, Kumkum, settled in South San Francisco.

Councilman Gupta is a scientist at heart, and a leader in growing the connections between industry and local schools. He initiated the Steering Committee on Biotechnology, Workforce and Education. He worked hard with the Genentech Foundation so that a new \$7.9 million biotechnology laboratory at South San Francisco High School could be approved and constructed. Today's students in South San Francisco schools come from around the globe. Councilman Gupta is living proof that America thrives when its immigrants have opportunity. Extending this lesson to others, and using his position on the council for educational advocacy, is a passion of Councilman Gupta.

Population growth is rarely without conflict. Historically, South San Francisco has extended the hand of welcome to new arrivals and allowed for the construction of ample housing at affordable prices. In recent years, global capital flowing into the biotechnology sector has brought explosive employment growth to the east side of the city. Councilman Gupta was far-sighted enough to welcome new, high density housing in the city's core and around the train station so that employees could find homes near their jobs. On numerous occasions over the years, Councilman Gupta remarked to me or to my staff about how troubled he was by the hardships created by skyrocketing rental and homeownership costs. He can be proud that developments near the core and near the BART station around Chestnut and the El Camino Real will allow many families to settle and work in the community.

San Mateo County is one of a few communities to have created its own electricity aggregator. Peninsula Clean Energy delivers greener, less expensive electricity than the existing utility. Councilman Gupta, with his extensive history in the industry, was an invaluable contributor to the effort to bring this service to San Mateo County residents.

Among his many responsibilities on the council, he has served as a board member of the Association of Bay Area Governments, as the Chair of the Economic Strategy Group, as Mayor in 2017, and as a board member of the C/CAG Resource Management and Climate Protection Committee. He performs all these official duties while also being a loving father to his children Seema and Susheem, and a loving grandfather to grandson David and granddaughters Riya, Raveena, and Nadia.

I closing, I want to remark upon the goodwill and grace of Pradeep Gupta. He is my friend, and I've known him to be passionate, but I've never seen him cross. I've known him to be energetic, but he's always organized. His constituents recognize him as highly educated but nonetheless a man who easily relates to others. In short, he is a quintessential leader of South San Francisco—outgoing, responsive to community needs, and deeply devoted to his family. As he closes this chapter in his life, others will open.

I spent my childhood in this city, and despite all of the outward change the community remains rooted in family, faith and country. In sum, South San Francisco, the Industrial City, is a place of generous, loving people vigorously engaged in the enterprise of building the United States of America. Pradeep Gupta will be remembered by his neighbors and friends as a master builder.

TRIBUTE TO JOHN TAVAGLIONE

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 11, 2018

Mr. CALVERT. Mr. Speaker, I rise today to honor and pay tribute to an individual whose dedication and contributions to our region have been exceptional. After serving 24 years on the Riverside County Board of Supervisors, my good friend John Tavaglione will be stepping down.

John is a fourth generation resident of Riverside County and has dedicated much of his life to improving the Inland Empire region. John received his bachelor's degree in business administration from California Baptist University and is a proud U.S. Army veteran. His professional career spanned nearly 25 years as a commercial real estate executive. Prior to his election to the Board of Supervisors, he served on the Riverside City Council and was a member of the Riverside Public Utilities Commission. In 1994, John was elected to represent the Second District on the Riverside County Board of Supervisors.

As a member of the Board of Supervisors, John has been credited for his leadership in regional transportation issues, community and economic development, parks and open space preservation, and for his strong fiscal and organizational management. In 2010, John was selected to serve as President of the California State Association of Counties by California's 58 counties. Over the years, John and his wife Jan have graciously helped to send hundreds of students to college by hosting an annual fundraiser where all proceeds go towards scholarships for graduating high school seniors in his district.

John has contributed immensely to the betterment of our region and I am proud to call him a fellow community member, American and my friend. To conclude, Mr. Speaker I want to thank John for his service to the Inland Empire—his dedication, insight and passion will be greatly missed.

HONORING KATHY NICKEL FOR HER TIRELESS SERVICE IN ADDRESSING THE OPIOID CRISIS

HON. ANN M. KUSTER

OF NEW HAMPSHIRE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 11, 2018

Ms. KUSTER of New Hampshire. Mr. Speaker, I rise today to recognize our Brookings Fellow, Kathy Nickel. I am sad to say that her last day in my office is today, December 14th. I thank Kathy for her work on addressing the opioid crisis. Her service to the people of New Hampshire and the United States of America is truly appreciated.

Kathy, like many of us, is personally affected by the opioid epidemic. Her desire to make a positive impact in our nation's struggle with this "disease of the brain" brought her to Washington from her home in Oxford, Ohio. An accomplished employee for the Environmental Protection Agency, she brought a passion and perspective that is greatly needed here in Washington.

As you might expect, Kathy was a wonderful liaison to families and community leaders
