IN RECOGNITION OF JUDGE DAVID
GARCIA

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2018

Mr. BURGESS. Mr. Speaker, I rise today to recognize the Honorable David Garcia, Judge of Denton County Criminal Court No. 3, for his service to Denton County and to the many combat veterans he has impacted through his work with the Denton County Veterans Treatment Court Program (VTCP).

Judge Garcia was appointed to the Denton County Criminal Court No. 3 on September 1, 1997 and will conclude his tenure at the end of December after 21 years of service to our community. Since 2012, he has presided over the Veterans Court. After his appointment to the Court, Judge Garcia not only completed a backlog of cases, but he also built a new model for veterans courts that prioritizes improving the quality of mental health care available to justice-involved veterans. Under his guidance, the veterans court provided evaluation and treatment for certain veterans' combat-related mental illnesses. In his role, Judge Garcia shifted the focus in sentencing from the pursuit of judicial compliance and reduced recidivism toward a regimen that allows combat veterans suffering from the impact of PTSD and MST to graduate from the VTCP program and return to their families and communities with charges dismissed.

As a Member of Congress, one of my greatest privileges is to support veterans in North Texas and around the country. During his two decades of service, Judge Garcia has advocated for broader veteran health care access by supporting the Veterans Access, Choice and Accountability Act of 2014 and the VA MISSION Act of 2018, legislation that improves care for those who have sacrificed and served for our country. On behalf of the 26th District of Texas, I extend my sincere appreciation to Judge Garcia for the contributions he has made to the Denton County community and to our region's veterans.

LIBERALISM EXPLAINED

HON. LAMAR SMITH

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 20, 2018

Mr. SMITH of Texas. Mr. Speaker, I now have a unified theory that I believe explains the ideology of liberals.

It covers their views of virtually any subject—higher taxes, open borders, more regulations, and the traducing of traditional values.

The reason liberals want more government control is so they can control our daily lives. The reason liberals want to control our daily lives is because they think they are smarter than the American people. The reason they think they are smarter than the American people is . . . well, there is no good reason.

I'm sure many liberals are well-meaning. They want what they feel is best for the country. But that's the problem. They want to impose their views on the American people.

Conservatives want to conserve values and protect freedoms—free speech, freedom of religion, and freedom from excessive government control. That, I believe is what Americans want too.
