By Ms. BALDWIN:

S. 2598. A bill to require the payment of user fees by qualified professional asset managers seeking an individual exemption from certain requirements; to the Committee on Health, Education, Labor, and Pensions.

Ms. BALDWIN. Mr. President, I introduce my legislation today to help shore up the government's insurance plan for these pensions. The Pension Stability Act would add funding to the Pension Benefit Guaranty Corporation's multiemployer program by imposing a fee on financial firms that are convicted of financial crimes.

This weekend, I was in Endeavor, WI. I was meeting there with retirees who meet once a month at the fire station in order to update one another on the progress here in Washington. In the months since the House passed the Butch Lewis Act, there hasn't been much progress to speak of. The Senate hasn't taken up the bill, and no other proposals have been presented. All the while, retirees and workers in the Central States Pension Fund continue to doubt their retirement security.

If Washington does not act, workers and retirees face massive cuts to the pensions they have earned over decades of hard work. I have come to the floor many times over these past 3½ years to remind this body about the retirees who stand to lose 50 percent—some more than 50 percent—of their pensions if Washington fails to act. Since then, nothing has been done, so I am here to, once again, remind my colleagues that this is about a promise that must be kept.

This is about a promise made to Bob Brockway, who stands to lose more than half of his monthly pension. Bob retired in 1999. He has made the trip to Washington to be a part of the solution even though Margie, his wife, would rather he stayed at home. He also organizes the meetings that are held every month in Endeavor.

This is about a promise made to Thomas from Hartland, WI. Thomas is a 72-year-old retired semitruck driver and an Army veteran.

He is also a cancer patient, and his wife has significant medical bills.

Thomas wrote to me this summer. He said:

I've put many, much-needed home repairs on hold since this whole mess started. We have had no vacations or any other extravagances since I retired. We did nothing wrong. We paid into Central States and somehow the government dropped the ball.

This is about a promise made to Donald and his wife Janet in Beaver Dam, WI. Donald wrote to me to tell me the following:

After 25 years working at a company where I earned a pension as part of a wage and benefit package, I retired. I retired four years ago because my body wouldn't let me perform tasks in the factory that could more easily be performed in my younger years. My pension and Social Security allow me to pay for heat, electricity, food and maintenance on my home. A 50 percent reduction in my monthly pension payment would mean we could no longer afford visiting our children or grandchildren, buying Christmas and birthday gifts, or seeing an occasional movie. And without this pension, I doubt we could afford the most basic of household expenditures.

This is about a promise made to Mary in Greenfield, WI. Mary wrote to tell me the following:

My story is simple. In November 2014, my husband passed away. In December, I learned the bad news about my pension. Worrying all this time has taken its toll. What will I be able to afford? I will probably have to move. I need a new car, but that's on hold. The list goes on. I am turning 70 in a few days and I never thought at this age I would have to worry about how I will survive.

If Washington does not act, we will be breaking a promise made to 1.5 million retirees nationwide. Pension promises must be kept. So once again I will say: Washington needs to act, and we need to do it now.

By Mr. DURBIN:

(1) **LOCAL EDUCATIONAL AGENCY CONCUSSION SAFETY AND MANAGEMENT PLAN.**—Each local educational agency in the State, in consultation with members of the community in which such agency is located, shall develop and implement a standard plan for concussion safety and management that—

(A) educates students, parents, and school personnel about concussions, through activities such as—

(i) disseminating information on concussion safety and management to the public; and

(ii) applying uniform best practice standards for concussion safety and management to all students enrolled in public schools.

(2) **POSTING OF INFORMATION ON CONCUSSIONS.**—Each public elementary school and each public secondary school shall post on school grounds, in a manner that is visible to students and school personnel, and make publicly available on the school website, information on concussions that—

(A) is based on peer-reviewed scientific evidence (such as information made available by the Centers for Disease Control and Prevention);

(B) shall include information on—

(i) the risks posed by sustaining a concussion;

(ii) the actions a student should take in response to sustaining a concussion, including the notification of school personnel; and

(iii) the signs and symptoms of a concussion; and

(C) may include information on—

(i) the definition of a concussion;

(ii) the means available to the student to reduce the incidence or recurrence of a concussion; and

(iii) the effects of a concussion on academic learning and performance.

(3) **RESPONSE TO CONCUSSION.**—If an individual designated from among school personnel for purposes of this Act, one of whom must be in attendance at every school-sponsored activity, suspects that a student has sustained a concussion (regardless of whether or not the concussion occurred during school-sponsored activities, during school hours, on school property, or during an athletic activity)—

(A) the student shall be—

(i) immediately removed from participation in a school-sponsored athletic activity; and

(ii) prohibited from returning to participate in a school-sponsored athletic activity on the day that student is removed from such participation; and

(B) the designated individual shall report to the parent or guardian of such student—

(i) any information that the designated school employee is aware of regarding the date, time, and type of the injury suffered by such student (regardless of where, when, or how a concussion may have occurred); and

(ii) any actions taken to treat such student.

(4) RETURN TO ATHLETICS.—If a student has sustained a concussion (regardless of whether or not the concussion occurred during school-sponsored activities, during school hours, on school property, or during an athletic activity), before such student resumes participation in school-sponsored athletic activities, the school shall receive a written release from a health care professional, that—

(A) states that the student is capable of resuming participation in such activities; and

(B) may require the student to follow a plan designed to aid the student in recovering and resuming participation in such activities in a manner that—

(i) is coordinated, as appropriate, with periods of cognitive and physical rest while symptoms of a concussion persist; and

(ii) reintroduces cognitive and physical demands on such student on a progressive basis only as such increases in exertion do not cause the reemergence or worsening of symptoms of a concussion.

(b) NONCOMPLIANCE.—

(1) FIRST YEAR.—If a State described in subsection (a) fails to comply with subsection (a) by the compliance deadline, the Secretary of Education shall reduce by 5 percent the amount of funds the State receives under the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.) for the first fiscal year following the compliance deadline.
