

I want to give credit to Senator WYDEN of Oregon, the ranking Democrat on my committee and my partner on this issue.

Thank you for working with us in the tradition of the Finance Committee in the same way that Senator Baucus and I worked together 15 years ago on Part D legislation.

I ask all of my colleagues to join Senator WYDEN and me in our bipartisan effort to lower the cost of prescription drugs.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. McCONNELL. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

MORNING BUSINESS

(At the request of Mr. SCHUMER, the following statement was ordered to be printed in the RECORD.)

S.J. RES. 53

• Ms. KLOBUCHAR. Mr. President, I rise today to discuss S.J. Res. 53, the resolution of disapproval under the Congressional Review Act on the Environmental Protection Agency's Affordable Clean Energy, ACE rule. I fully support passage of the resolution.

Every week seems to bring fresh evidence of the damage climate change is causing to our environment and economy. Increasing floods, heatwaves, droughts, hurricanes, and snowstorms have wreaked havoc on communities across the country. We cannot continue to ignore that climate change is already happening all around us. We must take immediate action.

The Obama administration's Clean Power Plan established Federal standards for emissions of carbon dioxide from fossil fuel-fired power plants. The plan set achievable carbon emissions reduction targets of 32 percent from 2005 levels by 2030 to be reached by reducing emissions from coal-fired power plants, shifting energy generation from fossil fuels to renewable sources, and promoting energy conservation. The Clean Power Plan not only helped drive the transition of our energy generation to cleaner sources, it also served as the centerpiece of U.S. efforts to lead the world in addressing climate change through the Paris Climate Agreement.

The administration's rule would take us backward by repealing the emissions reduction targets in the Clean Power Plan and replacing them with less ambitious targets based on narrow energy efficiency improvements that also wholly exempt natural gas-fired power plants. It is clear that the new rules will likely result in more carbon pollution, halt the accelerated trends toward low- and zero-carbon energy, and

have dire implications for our air quality and public health.

For these reasons, I oppose the administration's rule and support passage of Senator CARDIN's resolution—S.J. Res. 53—to disapprove of it.

Thank you. •

(At the request of Mr. SCHUMER, the following statement was ordered to be printed in the RECORD.)

VOTE EXPLANATION

• Ms. HARRIS. Mr. President, I was absent for vote No. 324 on S.J. Res. 53, providing for congressional disapproval under chapter 8 of title 5, United States Code, of the rule submitted by the Environmental Protection Agency relating to "Repeal of the Clean Power Plan; Emission Guidelines for Greenhouse Gas Emissions From Existing Utility Generating Units; Revisions to Emissions Guidelines Implementing Regulations."

Had I been present, I would have voted yea on the resolution. •

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. JAMES E. RISCH,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 19-51 concerning the Air Force's proposed Letter(s) of Offer and Acceptance to the Republic of Korea for defense articles and services estimated to cost \$253 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

CHARLES W. HOOPER,
Lieutenant General, USA, Director.

Enclosures.

TRANSMITTAL NO. 19-51

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Republic of Korea.

(ii) Total Estimated Value:
Major Defense Equipment * \$250 million.
Other \$3 million.
Total \$253 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE): One hundred twenty (120) AIM-120C-7/C-8 Advanced Medium Range Air-to-Air Missile (AMRAAM).

Non-MDE: Also included are containers; weapon support and support equipment; spare and repair parts; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistical and program support.

(iv) Military Department: Air Force (KS-D-YDB).

(v) Prior Related Cases, if any: None.

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Annex Attached.

(viii) Date Report Delivered to Congress: October 17, 2019.

* As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Republic of Korea—AIM-120C Advanced Medium Range Air-to-Air Missile (AMRAAM)

The Republic of Korea (ROK) has requested to buy one hundred twenty (120) AIM-120C-7/C-8 Advanced Medium Range Air-to-Air Missiles (AMRAAM). Also included are containers; weapon support and support equipment; spare and repair parts; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistical and program support. The total estimated program cost is \$253 million.

This proposed sale will support the foreign policy and national security objectives of the United States by meeting the legitimate security and defense needs of one of the closest allies in the INDOPACOM Theater. The Republic of Korea is one of the major political and economic powers in East Asia and the Western Pacific and a key partner of the United States in ensuring peace and stability in that region. It is vital to U.S. national interests to assist the Republic of Korea in developing and maintaining a strong and ready self-defense capability.

This proposed sale will improve the ROK capability to meet current and future threats by increasing its stocks of medium range missiles for its F-15K, KF-16, and F-35 fleets for its national defense. The potential sale will further strengthen the interoperability between the United States and the ROK. The ROK will have no difficulty absorbing these additional missiles into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon of Waltham, MA. There are no known offset agreements proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the Purchaser and the prime contractor.

Implementation of the proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the ROK.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 19-51

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:
