

other providers remain open so that people can access healthcare services. In Fiscal Year 2018, 49 percent of all third-party payor reimbursements to CHCC were Medicaid. That amounts to \$17.3 Million in revenue representing almost 30 percent of the hospital's total revenue. CHCC relies on Medicaid. With no certainty of funding, the Marianas made the tough decision on June 1, 2019 to cut off Medicaid reimbursements to providers, directing all Medicaid beneficiaries to use the clinics of the CHCC until further notice.

We received an additional \$36 Million for Medicaid in the disaster supplemental H.R. 2157, but in just a month after disbursement, more than half of the funds were paid out to providers, many of which are still owed reimbursements. We know the positive impact that regular access to healthcare can have on a person's overall health—just as we know how much worse a medical event can be for an individual that no longer has regular access. For the Marianas, it is already difficult for people to get to their providers for their specific healthcare needs. The hold imposed on outpatient clinics is evidence that taking this funding away not only threatens low-income families, but everyone at all income levels. It is already happening, and Congress should act now.

I thank Chairman PALLONE, Ranking Member WALDEN, and all the members of the committee for understanding the urgency of the Medicaid crisis in the insular areas and addressing the issue in a bipartisan way.

Let's bring H.R. 2328 to the floor and show that the House is united in our support for the Insular Areas. Let's fix the Medicaid funding cliff.

FLETC ARTESIA 30-YEAR ANNIVERSARY

HON. XOCHITL TORRES SMALL

OF NEW MEXICO

IN THE HOUSE OF REPRESENTATIVES

Friday, October 18, 2019

Ms. TORRES SMALL of New Mexico. Madam Speaker, today, October 18, 2019 marks the Federal Law Enforcement Training Center (FLETC), Office of Artesia Operation's 30-year anniversary. On September 22, 1988, President Ronald Reagan signed the Treasury, Postal Service and General Government Appropriations Act, House Resolution 4775, to grant the purchase, renovation, and adaptation of a former college campus in Artesia, New Mexico, as a facility of FLETC. The following year, FLETC-Artesia was officially established as a Training Delivery Point. Today, Artesia, New Mexico, is the second largest FLETC site in terms of workload, and largest in square miles housing up to 1,800 students at any time.

FLETC-Artesia's role in keeping the country safe cannot be understated. For the last three decades, it has remained committed to preparing the federal law enforcement community through strategic partnerships in accordance with a mission to safeguard the American people, our country, and our values. FLETC-Artesia has played a critical role in the initial training of law enforcement officers on the front line—including those joining United States Border Patrol, the Federal Air Marshals and Federal Flight Deck Officers. The Artesia

campus is also home to the Bureau of Indian Affairs, Indian Police Academy, and the Bureau of Indian Affairs Memorial, which honors the service and sacrifice of those who have died in the line of duty.

Since Congress authorized FLETC to purchase, rehabilitate, and expand the site in 1989, over one million officers and agents have been trained. More recently, in fiscal year 2018, FLETC Artesia trained just under 4,000 students.

As a witness to the work that FLETC's Artesia location executes, I am honored to recognize the full extent of FLETC's work, including the diversity and extensiveness of the trainings and the collaboration required for both local and global impact. The commitment to delivering the quality training agents and officers need to successfully do their jobs, protect our communities, and protect themselves is clear.

Law enforcement from across the country and the world travel to Artesia, New Mexico to learn from FLETC's expertise. I am grateful for FLETC's work to serve New Mexico's 2nd Congressional District and our country. FLETC is a cornerstone of our community, and we celebrate its work and impact on FLETC-Artesia's 30-year anniversary.

RECOGNIZE THE INSTITUTE FOR INCLUSION IN THE LEGAL PROFESSION ON ITS 10TH ANNIVERSARY

HON. DANNY K. DAVIS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Friday, October 18, 2019

Mr. DANNY K. DAVIS of Illinois. Madam Speaker, I rise to recognize the Institute for Inclusion in the Legal Profession on its 10th Anniversary. The legal profession remains one of the least diverse professions in the United States. This adversely impacts the pipeline of women, racial/ethnic minorities, openly LGBTQ+ individuals, individuals with disabilities, and religious minorities, who will serve as future legislators, judges, public policy advocates, civic and community leaders, and the lawyers who can be found daily in boardrooms and courtrooms. While there are an abundance of organizations working to make the American legal profession more diverse and inclusive, and some progress made, much remains to be done.

For ten years, the Institute for Inclusion in the Legal Profession ("IILP") has been working for "Real change. Now." Its approach has differed from more traditional efforts. It has focused on inclusion rather than just diversity. It has emphasized the supply side over the demand side: making the legal profession more hospitable to diverse individuals, one where anyone with the talent, aptitude, ambition, and determination may enter and rise as high as those abilities will permit. It has grounded its work in research and data that go beyond the anecdotal. It discusses the hard issues and tackles the tough questions that need to be resolved before this profession can truly become more diverse and inclusive. It addresses all types of diversity in all practice settings all over the United States. More importantly, everyone in the legal profession has a home within the Institute for Inclusion in the Legal Profession.

I was honored to give remarks during the inaugural year of the formation of the IILP in 2009 and I am pleased to share these highlights from its first ten years of service. The IILP is continuing to publish its "Review on the State of Diversity and Inclusion in the Legal Profession," the only comprehensive compilation of data, statistics, demographics, and thought leadership essays designed in the country. This report has become an important tool to everyone in the legal profession who is concerned about diversity and inclusion issues. In addition, the IILP presented some 40 Symposia on the State of Diversity and Inclusion in the Legal Profession to lawyers all over the United States. These symposia bring together an extremely diverse group of lawyers who learn about all types of diversity and find synergies that allow them to work across lines of difference. The IILP provided the legal profession with the only hard data available on the business case for diversity in "The Business Case for Diversity: Reality or Wishful Thinking?". The IILP published the series, "Competing Interests," which is the only analysis of the conflict between corporate efforts aimed at economy and efficiency with corporate efforts supporting diversity and inclusion in the legal profession and the impact this has upon minority lawyers. The IILP established the Social Impact Incubator, a group of Millennial lawyers from a wide range of backgrounds and practice settings, who are learning to be thought leaders on diversity and inclusion for their generation. The IILP developed the program, "Diversity and Data Privacy in a Digital World." While much has been focused on data privacy issues, this program is the first to examine those issues through the lens of diversity and inclusion concerns. The IILP conducts programs that offer unique and thought-provoking ways to look at and think about diversity and inclusion, such as "The Ethics of Diversity and the Politics of Inclusion," wherein IILP examined challenges to diversity and political considerations that are impacting inclusion efforts; and "Women and Minorities," studying the root causes and potential strategies to address tensions between white women, women of color, lesbians, and trans women. The IILP presented the first conference outside the United State or United Kingdom that was dedicated to diversity and inclusion issues within the legal profession.

For its 10th Anniversary, the Institute for Inclusion in the Legal Profession is celebrating with another thought-provoking program: "Is ROI (Return on Investment) the Appropriate Measure for D&I (Diversity and Inclusion)?" On behalf of the 7th Congressional District of Illinois, I offer my deepest appreciation for the work that you do and encourage that you continue to finding innovative approaches to ensure our legal professionals produce diverse and inclusive workforces.
