and for working hard to bring appropriations bills to the floor, including my subcommittee's work on the Commerce, Justice, Science, and Related Agencies appropriations bill.

As the chairman of that CJS Subcommittee, I worked closely with the ranking member, Senator SHAHEEN, the Senator from New Hampshire, whom I know very well. Senator SHAHEEN and I have worked together to produce a good-government, bipartisan bill that is part of this appropriations package we are now debating. I express my gratitude to her and her staff for her partnership, and I am proud we were able to report the bill out of the Appropriations Committee by a unanimous vote. I appreciate Senator SHAHEEN's willingness to find common ground, and I look forward to seeing this bill pass the Senate and ultimately be enacted into law.

As I have said before, this is a good bill. It is consist with our subcommittee's 302(b) allocation, and I believe it balances the many competing priorities of our funding jurisdiction.

As you expect in a bill that is titled "Commerce, Justice, Science, and Related Agencies," there are many competing interests in determining how we allocate the spending within that 302(b) allocation.

The CJS bill supports activities related to national security; Federal, State, local, and Tribal law enforcement; space exploration; economic development; trade promotion and enforcement; scientific research; and many other critical government functions.

The CJS bill provides funding for the Department of Commerce, which includes an increase of significant amounts of dollars that are necessary in fiscal year 2020 to fund the Census Bureau to ensure that we have an accurate counting for the 2020 decennial census—a constitutional requirement. It is one of the reasons that it is difficult to allocate money in our bill, because the census is so critical and must be done in a professional and timely manner. We believe we have included the necessary support for that to occur.

This bill also has a strong support for NOAA programs—the National Oceanic and Atmospheric Administration-to ensure continuation of core operations, including ocean monitoring, fisheries management, coastal grants to States, aquaculture research, and severe weather forecasting, and additional opportunities for economic growth by supporting the Economic Development Agency and continuing the National Institute of Standards and Tech-Manufacturing nology's Extension Partnership Program.

The CJS bill also supports space and scientific exploration. This bill is the bill that funds NASA. As many of my colleagues know, this year the administration took a step—a bold step—in advancing the timeframe by which American astronauts will return to the

Moon. The plan is now to return to the Moon by 2024. This bill helps accelerate that goal and will cement America's leadership in space exploration. The bill provides robust funding for NASA, including funding for science and aeronautics and the Artemis mission—that trip to the Moon—which will allow NASA to begin to take those important steps to achieve its goal—and a goal of mine—of putting the first woman on the Moon by 2024.

The bill also includes needed funding for STEM education programs.

In most recent times, when the 50th anniversary of Apollo 11 was celebrated, it caused me to remember back to the days in which many people in this country saw what we were able to accomplish and dedicated their lives young people—to science and research, to space exploration. This bill is supportive of that and is designed to inspire the next generation of scientists—young people and others.

Finally, the CJS bill also provides for increased funding for the Department of Justice. The funding includes additional resources for the Department's law enforcement components, enabling the Department to hire additional agents, deputy marshals, and correctional officers, expanding the Department's efforts to combat mass violence and violent crime.

Funding for the Executive Office for Immigration Review is also increased so that additional immigration judges and support staff can be hired, continuing our committee's effort to reduce the immigration court backlog, which is now over 960,000.

Additionally, as an original sponsor of the First Step Act, I am proud that this bill provides \$75 million—the fully authorized level—to the Bureau of Prisons for its implementation.

Our bill provides \$2.3 billion in funding for State, local, and Tribal law enforcement assistance, including a total of \$517 million to combat the various opioid, meth, and substance abuse crises raging our communities, \$500 million for grants authorized under the Violence Against Women Act, and \$315 million for juvenile justice grants. These grants will help local communities prevent crime and also provide support and assistance for crime victims.

Unfortunately, many of our law enforcement officials are under significant stress, increasing pressures, and there is an increasing level of suicide among law enforcement officers across the country. Again, we have provided funding for counseling—something I wish were not necessary.

We have a transparent product here. We worked in a bipartisan manner, as many Kansans and Americans have asked me to do, asking: Can we get along? The answer is yes, we can get along to do something as basic as an appropriations bill. I hope the answer will continue to be yes. It is important for us to address the priorities and needs of our Nation.

I look forward to advancing this legislation. I will be here on the Senate floor from time to time to respond to my colleagues' questions and to respond to any amendments that may be offered.

I urge my colleagues to support this package of four bills, including our CJS bill, so that we can move one step closer to completing our constitutionally required work of funding the Federal Government.

I again thank Chairman SHELBY and the vice chairman, Senator LEAHY, for their leadership throughout this entire process. I look forward to working with them for the next few days and throughout the year to see that we have a successful conclusion.

I yield the floor.

The PRESIDING OFFICER. The Senator from Kansas.

BUDGET ENFORCEMENT LEVELS FOR FISCAL YEAR 2020

Mr. ENZI. Madam President, section 251 of the Balanced Budget and Emergency Deficit Control Act of 1985, BBEDCA, establishes statutory limits on discretionary spending and allows for various adjustments to those limits. In addition, sections 302 and 314(a) of the Congressional Budget Act of 1974 allow the chairman of the Budget Committee to establish and make revisions to allocations, aggregates, and levels consistent with those adjustments.

The Senate will soon consider S. Amdt. 948 to H.R. 3055, the Commerce, Justice, Science, Agriculture, Rural Development, Food and Drug Administration, Interior, Environment, Military Construction, Veterans Affairs, Transportation, and Housing and Urban Development Appropriations Act, 2020. The Senate amendment provides appropriations for spending within the jurisdiction of all the subcommittees in the underlying bill except for the Senate Appropriations Subcommittee on Military Construction, Veterans Affairs, and Related

Agencies. The measure contains spending that qualifies for cap adjustments under current law.

This measure includes \$2,500 million in nonsecurity budget authority that is designated as being for the periodic U.S. Census pursuant to section 251 (b)(2)(G) of BBEDCA. CBO estimates that this budget authority will result in \$1,800 million in outlays in fiscal year 2020.

This measure also includes \$2,250 million in nonsecurity discretionary budget authority for wildfire suppression operations pursuant to section 251 (b)(2)(F) of BBEDCA. This budget authority and its associated outlays of \$2,250 million qualify for an adjustment under BBEDCA.

As such, I am revising the budget authority and outlay allocations to the Committee on Appropriations by increasing revised nonsecurity budget authority by \$4,750 million and outlays by \$4,050 million in fiscal year 2020. Further, I am increasing the budgetary aggregate for fiscal year 2020 by \$4,750 million in budget authority and \$4,050 million in outlays.

I ask unanimous consent that the accompanying tables, which provide details about the adjustment, be printed in the RECORD. There being no objection, the material was ordered to be printed in the RECORD, as follows:

ADDITIONAL STATEMENTS

TRIBUTE TO BILL STEBBINS

• Mr. DAINES. Madam President, this week I have the honor of recognizing pilot Bill Stebbins of Dawson County for his tremendous impact on Montana and over 60 years of experience as a pilot.

Bill was honored by his colleagues and the Federal Aviation Administration with the distinguished Wright Brothers Master Pilot Award in August of 2019. This high honor is reserved for few pilots who have had a pilot's license in good standing for 50 or more years.

Bill has been flying since 1955, putting him at over 60 years of flight with an outstanding 13,000 hours spent in the air.

After earning a mechanical engineering degree, Bill joined the Army where he trained in fixed-wing aircraft at Gary Air Force Base in San Marcos, TX. He later advanced to fixed-wing and helicopter training at Fort Rucker in Alabama.

Upon leaving military service, Bill worked for Montana-Dakota Utilities and then Williston Basin Interstate Pipeline, where he flew thousands of miles of pipeline in a variety of fixedwing and rotary aircrafts to help inspect and maintain the pipeline's protection.

Over the years, Bill has also committed himself to helping those in need, including participating in countless search and rescue operations.

Most notably, in the 1980s Bill airlifted food and supplies into Makoshika State Park to support a youth group stranded at the Lion's camp by heavy rains and washed out roads.

Bill has spent 50 years based at the Dawson Community Airport, where he has served as the assistant airport manager since 2015. He has had a tremendous impact on the operation of the Dawson County Airport.

It is my honor to recognize Bill for his extraordinary accomplishments. Bill's experience as a pilot and his selfless service to his community and country is exemplary of the Montana spirit. \bullet
