

Mayor Randall Wise was born in 1930 in Niceville, Florida, and spent his entire life as a dedicated servant to our town. He began his career in service in the 1950s as a member of the city council.

In 1971, he was appointed to the position of mayor, and to the day of his death, he served as mayor. He was one of the longest serving public officials in America, and he was the longest serving mayor in the State of Florida. His leadership reverberated throughout many projects in our community, including a senior center, a library, and more.

Mr. Speaker, on behalf of the United States Congress, I recognize this remarkable man for his selfless service to our community, his State, and our Nation. I am grateful for his lasting contributions to our town.

RECOGNIZING NATIONAL HUMAN TRAFFICKING AWARENESS MONTH

(Mr. TAYLOR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TAYLOR. Mr. Speaker, I rise in recognition of National Human Trafficking Awareness Month and the dedicated volunteers who work to end modern-day slavery.

As a parent, there is nothing scarier than the thought of children being removed from their families and trafficked.

Oftentimes, when we think about human trafficking, we envision terrible situations across the globe, but according to the Texas attorney general, there were more than 300,000 victims of human trafficking just in Texas.

As we bring attention to this far-too-common tragedy, I thank some of the incredible organizations in Collin County that work tirelessly to help survivors. Traffick911, CASA of Collin County, Rescue Her, Treasured Vessels, New Friends New Life, and the Collin County Sheriff's Office are all helping lead the fight against human trafficking.

Mr. Speaker, I ask my colleagues in the House of Representatives to join in thanking these organizations and recognizing the importance of spreading awareness about human trafficking today and every day.

REMEMBERING LIBERATION OF AUSCHWITZ

(Mr. FULCHER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FULCHER. Mr. Speaker, 75 years ago today, Allied armies liberated the Nazi concentration camp at Auschwitz. Unfortunately, more than 6 million of God's children perished before that happened. This can never be forgotten.

I agree with General Eisenhower's comments at the time: Educate people on the atrocities committed so they don't happen again.

That is why I am proud to have co-sponsored the Never Again Education Act. The bill authorizes Federal funds to be used to teach about the Holocaust. Ensuring that citizens know the uncensored truth of history will help punctuate the message that anti-Semitism is abhorrent and will not be tolerated.

Mr. Speaker, I thank my colleague, Representative CAROLYN MALONEY from New York, who took the lead on initiating this bill.

Finally, to the families of the victims so tragically lost: They will never be forgotten.

RECOGNIZING NASA DAY

(Mr. HILL of Arkansas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HILL of Arkansas. Mr. Speaker, I rise today to recognize NASA Day in my home State of Arkansas, which was recently proclaimed by Governor Hutchinson to be January 27, 2020.

In my district, Harding University, a member of the Arkansas Space Grant Consortium, has played an integral role in advancing aerospace priorities for 50 years. Between 1967 and 1979, Harding University's faculty and students supported NASA's Skylab and space efforts, including the 1969 landing of Neil Armstrong on the Moon. They conducted experiments examining the long-term effects of space on the human body.

As a part of the Arkansas Space Grant Consortium, a group of 17 colleges and universities that support NASA's research activities, Harding continues its contribution and maintains strong ties to our Nation's space program.

I thank Harding University for its commitment to our aerospace priorities, and I appreciate Governor Hutchinson for recognizing the importance of NASA in Arkansas.

47TH ANNUAL MARCH FOR LIFE

(Mr. SMUCKER asked and was given permission to address the House for 1 minute.)

Mr. SMUCKER. Mr. Speaker, last Friday marked the 47th Annual March for Life, and for the first time in history, the march was attended by a sitting President.

Since 2017, the Trump administration has established more conscience protections than ever before, but there is still more work to accomplish.

For example, the Born-Alive Survivors Protection Act, which simply requires healthcare professionals to provide medical care to babies born alive during an attempted abortion, has support from nearly 200 bipartisan cosponsors. Yet, despite numerous calls requesting to bring this legislation to the floor, my colleagues and I have been rejected time after time. It is a sad reality that we have to ask our Demo-

cratic colleagues to help us end infanticide, but it is a fight we will continue until innocent lives are protected.

Fighting for life also means fighting for individuals who are victims of sexual abuse, rape, incest, and human trafficking. Mr. Speaker, that is why I introduced legislation to codify the new Title X abuse reporting rules, to ensure these victims are protected.

I hope to see these commonsense ideas signed into law and the lives of the unborn protected.

CONFRONTING ANTI-SEMITISM

(Mr. SPANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SPANO. Mr. Speaker, I rise today to confront a cancer that has been rapidly spreading, and that cancer is anti-Semitism, here at home and around the world.

It is unsettling, and it is downright appalling. Day after day, I see new headlines about disparaging rhetoric and violence against the Jewish people.

The Anti-Defamation League reports that 80 percent of European Jews feel anti-Semitism in their country is increasing, and 40 percent live in daily fear of physical attack.

In 2018, here at home, there were 1,879 reported anti-Semitic incidents in the United States. Our Nation was founded on freedom of religion and diversity, and we must do everything necessary to preserve it.

To that end, today, the House passed H.R. 943, the Never Again Education Act, of which I am a proud cosponsor. It funds Holocaust education programs around the country.

Mr. Speaker, America cannot and will not become a breeding ground for hatred.

RECOGNIZING EAGLE SCOUT DANIEL PAOLELLO

(Mr. VAN DREW asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. VAN DREW. Mr. Speaker, today, I recognize Daniel Paoello from Mullica Hills in south Jersey on his attainment of an Eagle Scout rank.

Eagle Scout is the highest rank obtainable from the Boy Scouts of America. Only a very small percentage of all Boy Scouts will ever make it to this prestigious recognition.

Eagle Scouts continue to be more likely to dedicate their lives to service throughout their entire lives, becoming future leaders in military, business, or politics, and joining the ranks of other Eagle Scouts like Neil Armstrong, Steven Spielberg, and Gerald Ford, just to name a very few.

I was proud to attend Daniel's Court of Honor ceremony earlier this month.

Mr. Speaker, I extend congratulations to Daniel, and we look forward to big things from him in the future.
