

Meanwhile, the gun industry is wrapped with immunity that shields their profits and puts more guns on our streets.

Madam Speaker, there is a secret that President Trump and Mr. MCCONNELL are hiding—you are subsidizing this industry:

Billions in medical costs, covered by your tax dollars;

Billions in lost wages, covered by your tax dollars;

Eighty-seven percent of the costs incurred after a bullet pierces a person's skin, covered by you.

We are propping up an industry that profits off of our pain.

Enough.

PARTICIPATING IN THE COMMISSION ON SECURITY AND COOPERATION IN EUROPE

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, last week, I was grateful to participate with the delegation for the Commission on Security and Cooperation in Europe, co-chaired by Congressman ALCEE HASTINGS and Senator ROGER WICKER, in Vienna, Austria. We attended the OSCE Parliamentary Assembly's 19th Winter Meeting.

The delegation engaged with OSCE officials and parliamentary members from 57 nations. Ambassador Jim Gilmore and his wife, Roxane, were effective assuring allies and potential adversaries of American commitment for peace through strength.

It was especially meaningful to meet with the courageous Ukrainian delegation, led by Mykyta Poturaiev, which appreciates President Trump's providing Javelin missiles to stop Russian aggression.

Bulgaria was well-represented, with a delegation led by Desislava Atanasova. Today, America celebrates Bulgarian National Day with Ambassador Tihomir Stoychev at the Library of Congress across the street in Washington.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

RECOGNIZING MILLER MIDDLE SCHOOL'S EIGHTH GRADE CLASS

(Mrs. LEE of Nevada asked and was given permission to address the House for 1 minute.)

Mrs. LEE of Nevada. Mr. Speaker, today I am here on behalf of the people of Nevada's Third Congressional District, and I rise to recognize the Miller Middle School eighth grade class, with whom I met earlier this week on their trip to Washington—and the timing couldn't be better since it is Public Schools Week.

We talked about topics from STEM education to encouraging creativity in the classroom. They had some terrific

questions, but one really stuck out. One student asked me: Is investing in public education really worth it?

It is a tough question, a fair question, especially coming from a Clark County student. But the answer for me is overwhelmingly, undoubtedly yes. I just had to look around that room and see each of those students, whether they came from different backgrounds, having access to education.

And the answer is not just about investing, but it is about if we invest in public education as the national priority that it should be. In a time when public schools are being called upon to help kids beyond the classroom, investment in education should be our national priority.

RECOGNIZING COLONEL GUION "GUY" BLUFORD

(Mr. GONZALEZ of Ohio asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GONZALEZ of Ohio. Mr. Speaker, today I rise to recognize Westlake, Ohio, resident Colonel Guion "Guy" Bluford, who received the Ohio Distinguished Service Medal last week.

Guy became the first African American astronaut to travel into space in 1983. He earned the Ohio Distinguished Service Medal, the highest noncombat decoration for service awarded by the State, for his commitment and dedication throughout his historic career in aviation.

Before joining NASA, Bluford flew over 144 combat missions with the United States Air Force in South Vietnam. He later went on to earn his master's and doctorate degree with aerospace engineering at the Air Force Institute of Technology at Wright-Patterson Air Force Base in Dayton, Ohio.

We are proud and eternally grateful for Bluford's military service and dedication to space exploration. As NASA looks to expand mankind's horizons in space, his life achievements and aviation accomplishments serve as an inspiration to future generations.

AMERICANS SHOULD KNOW HOW MUCH OUR HEALTHCARE IS GOING TO COST

(Mr. MALINOWSKI asked and was given permission to address the House for 1 minute.)

Mr. MALINOWSKI. Mr. Speaker, today I introduced a fully bipartisan healthcare bill, the Know the Price Act. It says something very simple that I am confident we will agree on: Americans should know how much our healthcare is going to cost before we receive it.

Many Americans aren't aware that, when we go to a healthcare provider, there is often a gag clause, a gag clause in the contracts between providers and insurers that blocks us from seeing the cost and quality of the care we are about to receive. My bill eliminates

these gag clauses so that we have the power and the freedom to make informed decisions about our healthcare.

The bill would also allow employers to access deidentified claims data, consistent with the Privacy Act, so that they have the information they need to choose the healthcare plans that are actually best for their employees.

Mr. Speaker, this is commonsense legislation that will offer families and businesses in New Jersey and all across our country more choice in their healthcare at lower prices.

MEASURES TO COMBAT ROBOCALLS COMING FROM ABROAD

(Mr. BUDD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BUDD. Mr. Speaker, I rise today to discuss an ongoing issue that has affected nearly every American: the barrage of annoying and deceptive robocalls.

These seemingly endless automated phone calls disrupt our daily lives; they constitute a serious form of harassment and expose millions of Americans to dangerous financial scams.

That is why I introduced a bipartisan bill, alongside my colleagues, Representatives LACY CLAY and DAN BISHOP, called the Foreign Robocall Elimination Act. Our bill takes on robocalls that originate overseas by directing the FCC to convene an inter-agency task force to develop effective measures to combat robocalls coming from abroad.

No matter which side of the aisle we find ourselves on, we should all be able to agree: It is time for these illegal robocalls to be stopped once and for all.

KEEP US SAFE FROM CORONAVIRUS

(Mr. CICILLINE asked and was given permission to address the House for 1 minute.)

Mr. CICILLINE. Mr. Speaker, the American people deserve a coordinated, fully funded response to keep us safe from the coronavirus. But instead of taking the situation seriously, the President has mounted a confusing and chaotic response.

He designated MIKE PENCE to lead the public health response, MIKE PENCE, a man whose terrible public health policies as Governor of Indiana allowed the worst HIV epidemic in the State's history to take root in 2015.

The President's budget earlier this month slashed almost \$700 million from the CDC. He has left vacant critical positions responsible for managing pandemics, and now he has proposed raiding funds that were appropriated by Congress for other life-threatening public health emergencies.

To be blunt, the President's response has been a disaster.

The American people deserve better, and that is why the House will advance
