S. CON. RES. 33

Whereas at its inception, the Capitol of the United States of America was blessed to rise under the hand of some of this Nation's greatest architects, including Dr. William Thornton, Benjamin Henry Latrobe, and Charles Bullfinch;

Whereas prior to the Honorable George Malcolm White, FAIA, being appointed by President Nixon on January 27, 1971, it had been 106 years since a professional architect had been named to the post of Architect of the Capitol;

Whereas Mr. White has served the Congress through an unprecedented period of growth and modernization, using to advantage his professional accreditation in architecture, engineering, law, and business;

Whereas Mr. White has prepared the Capitol Complex for the next century by developing the "Master Plan for the Future Development of the Capitol Grounds and Related Areas";

Whereas Mr. White has added new buildings to the Capitol grounds as authorized by Congress, including the Thurgood Marshall Federal Judiciary Building, the Philip A. Hart Senate Office Building, and the Library of Congress James Madison Memorial Building, and through acquisition and renovation, the Thomas P. O'Neill and Gerald R. Ford House Office Buildings, the Webster Hall Senate Page Dormitory, and the Capitol Police Headquarters Building;

Whereas Mr. White has preserved for future generations the existing historic fabric of the Capitol Complex by faithfully restoring the Old Senate Chamber, the Old Supreme Court Chamber, National Statuary Hall, the Brumidi corridors, the Rotunda canopy and frieze, the West Central Front and Terraces of the Capitol, the House Monumental Stairs, the Library of Congress Thomas Jefferson and John Adams Buildings, and the Statue of Freedom atop the Capitol Dome;

Whereas Mr. White has greatly contributed to the preservation and enhancement of the design of the District of Columbia through his place on the District of Columbia Zoning Commission, the Commission of Fine Arts, the Pennsylvania Avenue Development Corporation, and other civic organizations and commissions; and

Whereas upon Mr. White's retirement on November 21, 1995, he leaves a legacy of tremendous accomplishment, having made the Capitol his life's work and brought to this century the erudition and polymath's capacity of our first Architects: Now, therefore, be it

#### ADDITIONAL STATEMENTS

##### THE BALANCED BUDGET ACT OF 1995

• Mr. MCCAIN. Mr. President, last week I had submitted for the RECORD a statement regarding the Balanced Budget Act of 1995 that appears to not have been printed. Therefore, Mr. President, I would ask that my statement appear in the RECORD today.

Mr. President, I want to commend the hard work of all my colleagues in producing this legislation. Although there are parts that do concern me, in general I strongly support this bill and the goal of balancing the budget in 7 years.

As one of the Senate Commerce Committee members who drafted title IV of the Senate bill and served as a conferee for this section of this legislation, I want to clarify for the record what I believe is intended by this bill regarding spectrum auctions.

Under the bill, the Federal Communications Commission [FCC] is mandated to identify and make available for public auction 100 Mhz of spectrum. I believe that auctioning this and other spectrum is the fairest, most equitable manner in which to allocate spectrum. I would hope that the Commission would understand this fact and become spectrum auction proponents. The auctioning of spectrum in an orderly manner—done so that the public interest is served both by maximizing revenue to the Treasury and ensuring that services that use the spectrum continue in a manner that benefits the public—should be a goal of all FCC proceedings regarding the spectrum.

The bill before the Senate contains several criteria that the FCC should use in selecting which blocks of spectrum to auction. I want to emphasize
