

What I heard the gentleman from Missouri saying is that now his report has been filed. It is over 100 pages. No one has seen it. We have not heard anything about it. I did read in the paper this morning a very troubling article that maybe the committee will not deal with this until after the election.

□ 1545

So I do not know what they are going to do with it, put it on ice, shred it, hope the hurricane hits it and blows it away. I mean what is the point? Why can Members not see what this report is? Why cannot taxpayers, why cannot the public or why does not the committee deal with it? And I think that is what he was trying to ask.

I know I was very surprised because I cannot figure out what is going on here. I thought we were going to have votes today until 7 or 8 o'clock. All gone. There are supposed to be votes tomorrow; tomorrow is gone. Monday is gone. Tuesday is gone. I do not know if we are ever going to vote again.

Now, hey. I am packing and getting ready to go. These are gifts to me. That is terrific. But what are we doing and what are we ducking and what are we running from and how come they keep saying we are going to have votes, and then they change it, and then we find out there is all this unfinished business that no one else can see, even though we all got to help pay for it, and that is the very serious business about does this body have the gravitas to deal with our own and to deal with reports that this body paid for to be done? I think that the average American will be very upset if we say:

"Oh, no, we are not going to deal with that until after the election."

Why would we not deal with that until after the election? I cannot understand why we would even consider not dealing with that until after the election. This is very important. When you are on a 2-year term you should really finish the business of that term in that 2 years, because people are going to get to decide whether or not they want to renew our contract come November 5 for people who are running again.

So if it is true that the committee is really thinking about not doing anything about this until after the election, I think this body should all be aware of that, and we ought to put people on record as to whether or not they agree with that decision because I do not think the American people would agree with that decision, and I think it is a real violation of our trusteeship.

I have always said government is not a fungus, it can thrive in sunshine, and I think they expect us all to be able to explain ourselves. If people do not want to disclose, they do not have to run for office. But we do expect people who run for office to play by these rules and put them out there.

So I thought the gentleman from Missouri had some very serious questions, and while I had a very funny 5

minutes done about sending Shannon into space and I hope we come get her, she has been up there before Easter, I am now beginning to think maybe the next thing is we are going to send this report into space, or it may as well be in space because we do not seem to be able to get ahold of it and see what is happening, and we do not seem to have any business to do, so there is no reason to come here.

So as I leave this body, I hope every Member thinks about that and says the public will be very angry if we do not finish this serious ethnics charge that has come in front of the Speaker.

The SPEAKER pro tempore (Mr. COOLEY). Under a previous order of the House, the gentlewoman from North Carolina [Mrs. CLAYTON] is recognized for 5 minutes.

[Mrs. CLAYTON addressed the House. Her remarks will appear hereafter in the Extensions of Remarks.]

WHEN WILL WE STOP THE IMPERIAL PRESIDENCY?

The SPEAKER pro tempore. Under the Speaker's announced policy of May 12, 1995, the gentleman from California [Mr. DORNAN] is recognized for 60 minutes as the designee of the majority leader.

Mr. DORNAN. Mr. Speaker, we adjourned regular legislative business, or ended regular legislative business, so early that it is in the middle of the day. It is only 10 minutes to 1 out in California and still the morning in Hawaii, so I am going to take advantage of this opportunity and try to keep my good friend from Texas, Mr. GONZALEZ, interested by covering three different topics. The first thing I would like to cover is Iraq.

I want to associate myself with the remarks of Mr. PORTER of Illinois. There is great suffering going on in northern Iraq. I thought that the Kurdish people would maybe reach a period of tranquility here. They are one of these sad ethnic groups that spread over three, actually four, nations, with the geographic lines changing over the past several centuries multiple times. The only Nation that I can think of that has been cut up into four different nations like this is the once great nation of Armenia, now down to less than a fourth of its original size; the first nation as a nation to embrace Christianity in the 300's, the fourth century, and now we learn about these Kurdish people dividing among themselves, starting to kill one another. We had an opportunity here diplomatically to move in after Operation Provide Comfort was sent to that area of northern Iraq by President George Bush. Secretary of State Jim Baker visited. I recall telling President Bush when he called me for the only hospital visit I remember having in my life, and I was in the hospital for 3 or 4 days for some surgery, and President Bush called me

on my birthday, April 3, 1991, and he said:

"Bob, we need you, get out of there."

And I said, "Can we talk business?" And he said, "What?" He said, "In the hospital you want to talk business?"

I said, "Mr. President, draw a line in the hills. The way you drew a line in the sand, draw a line in the mountains."

And he said, "Bob, there are forces in Washington that would like to see Iraq spin into at least three different nations."

And I said, "Well, if you'll look at the television, which I have been looking at a lot in the last 2 days, you will see that they are beating your brains out. Kurdish women are coming into our camps along the Turkish-Iraqi northern border with children on their shoulders that have already frozen to death."

Fortunately with each day it was getting a fourth of a degree warmer, and he said, "Well, we're looking at it."

The media then began to just savagely attack President Bush. This is within days of the 4-day land war in Iraq ending on the 27th of December. Here it was less than 5 weeks later and they are beating his brains out. Within a few days he did draw that line in the hills of northern Iraq and organized Operation Provide Comfort.

Well it is hard to believe that 6 years ago this coming March, 5½ years ago now, and the Kurds are still suffering. Iraqi troops in the north, as Mr. PORTER said, are beating in doors, shooting people. They opened up with savage artillery fire a few days ago into Irbil, the so-called capital of the Kurdish people in the northern area.

Why Mr. Clinton neglected this area of the world for almost his entire first term is beyond me. We do have strategic interests in the area because a dictator like Saddam Hussein can just destroy oil prices around the world. He was driving faster than anybody believed toward nuclear, biological and chemical warfare capability. It remains a fact that we were never able to discover a single Iraqi scud missile.

This last week I have been in Great Britain visiting some of the best intelligence sites outside of the United States proper in the world. There is a new news center at the RAF base at Moesworth, which was our second GLCM base in Great Britain. Fortunately with the dissolution of the evil empire out of the Kremlin, we were able to shut down those GLCM bases in Sicily and the two in Great Britain and stop the one in Germany before it had even gone operational, and we had all of these new facilities built for the GLCM, the GLCM missiles in Great Britain, and we put in there something that is called the JAC, the Joint Analysis Center. I went in there last Thursday, watched in the clearest way possible, beyond anything I have ever seen of intelligence capability so far,
