

funding for these tested and proven programs will open the doors of higher education to more academically motivated young people, specifically those who have the most financial need.

Lastly, Mr. President, given world events and the ever increasing demands we place on our military, I am pleased that this budget calls for an increase in military pay. We need to do more to alleviate the quality of life concerns of our men and women in uniform. However, I am concerned that some of the military increases in this budget are not going to the things that the military needs most, as evidenced by the current crisis in Kosovo.

This budget, like all budgets passed by Congress, is an expression of political intent and a starting point for bargaining. Much work remains to be done to pass the 13 appropriations bills that actually fund the government. In areas where I disagree with the budget resolution, I plan to work hard with appropriators to adjust spending levels and turn this budget into reality.●

2D LT. GEORGE W.P. WALKER

● Mr. REED. Mr. President, it is my pleasure to inform my colleagues that the U.S. Military Academy Class of 1958 is naming the debate room at Lincoln Hall, West Point, NY, in honor of their classmate, 2d Lt. George W.P. Walker.

George Walker was an outstanding soldier, scholar and leader. He graduated from the U.S. Military Academy No. 1 in his class. George Walker received many prestigious awards for his educational and military prowess. He was admired and respected by his classmates as a man of honor and a true friend. Tragically, 2d Lt. Walker died in an airplane accident in 1959 while he was en route to Oakland, CA, for an overseas assignment.

I wish to recognize the remarkable life of 2d Lt. George W.P. Walker by printing in the RECORD the February 2, 1959, remarks of Congressman Francis Dorn who appointed 2d Lt. Walker to the U.S. Military Academy. I ask that Congressman Dorn's remarks be printed in the RECORD.

The remarks follow.

2D LT. GEORGE W.P. WALKER

Mr. DORN of New York. Mr. Speaker, it is with great sadness that I inform my colleagues of the death of 2d Lt. George W.P. Walker, son of Mr. and Mrs. George Walker of 1103 East 34th Street, Brooklyn, N.Y. Lieutenant Walker was in an aircraft accident in North Carolina while he was enroute to Oakland, Calif., for overseas assignment.

Lieutenant Walker was my appointee to the U.S. Military Academy and when he was graduated from that institution in June of 1958, he stood No. 1 in his class. For the entire time he attended the Military Academy, he was carried on the dean's list.

Upon graduation, he was presented with the following awards:

For having the highest rating in mechanics of fluids, a portable typewriter, presented by the National Society, Daughters of the American Revolution.

For excellence in intercollegiate debating, a wristwatch presented by the Consul General of Switzerland.

As the No. 1 man in military topography, a wristwatch presented by the Daughters of the Union Veterans of the Civil War.

The Francis Vinton Greene Memorial, caliber .45 pistol, presented in the name of Mrs. Green, for standing No. 1 in general order of merit for 4 years; a set of books presented by the American Bar Association for having the highest rating in law; a silver tray—called the Eisenhower Award—presented by the American Bar Association for having the highest rating in law; a silver tray—called the Eisenhower Award—presented by Mr. Charles P. McCormick of Baltimore, Md., for excellence in military psychology and leadership.

In addition to maintaining his very high military and academic standing while at the Academy, Cadet Walker was active in extracurricular activities, and during his last year held the rank of lieutenant in the Corps of Cadets.

The Nation has lost a potential outstanding military leader and the loss is indeed a great one. I was proud to have been his sponsor, and I join in grieving with his parents.●

WATER RESOURCES DEVELOPMENT ACT—SAVANNAH HARBOR DEEPENING PROJECT

● Mr. HOLLINGS. Mr. President, I rise today to discuss the Water Resources Development Act that was passed by the Senate on Monday, April 19, 1999. I apologize for the tardy nature of my remarks, but I have been inundated with requests from my constituents to clarify the language regarding this project. I hope the Chairman of the Senate Environment and Public Works Committee will help clarify the intent of the Savannah Harbor Expansion Project authorization that appears in Section 101 of the 1999 Water Resources Development Act.

Mr. CHAFEE. I will try.

Mr. HOLLINGS. It is my understanding that this legislation does not exempt affected Federal, State, regional, and local entities from their independent legal duties to propose and evaluate navigation improvement projects in compliance with the requirements of applicable law; including the National Environmental Protection Act, the Water Resources Develop-

ment Act of 1986, the Endangered Species Act, the Clean Water Act, the Coastal Zone Management Act, and the Fish and Wildlife Coordination Act, as well as the laws of South Carolina and Georgia.

Mr. CHAFEE. That is correct.

Mr. HOLLINGS. I also understand that the concurrence of the federal agencies in the implementation plan and mitigation plan will not compromise or impair those legal requirements. Is that correct?

Mr. CHAFEE. That is correct.

Mr. HOLLINGS. And I further understand that authorization of the project is contingent upon all applicable legal requirements being met. Is that correct?

Mr. CHAFEE. That is correct.

Mr. HOLLINGS. I thank the Chairman for the opportunity to clarify these understandings.●

CONGRATULATIONS TO PUEBLO PACHYDERM CLUB

● Mr. ALLARD. Mr. President, I wish today to recognize a group from Pueblo, Colorado—the Pueblo Pachyderm Club. This is Founders Week of the National Federation of the Grand Order of Pachyderm Clubs, and I think it is fitting that we acknowledge their civic efforts and attitude.

The Pueblo Pachyderm Club, and the National Federation of Pachyderm Clubs, have a motto—"Free government requires active citizens." Their goal is to develop future leaders and better citizenship through the promotion of wide-spread involvement by good citizens in politics. They advocate better government through club programs and open meetings, by providing scholarships for political science students, by sponsoring campaign workshops, and by encouraging awareness of political affairs.

The founders who have worked tirelessly for the Pueblo Pachyderm Club for years deserve special recognition. They have made the Club a fixture in the Pueblo community. The Club's regularly scheduled luncheons have become an avenue for local and state officials to meet with and listen to the concerns and thoughts of the community.

Bringing together citizens, and hosting politicians and officials, leads to greater and better communication and fosters the beginning of new political interests and political potential. To simplify it—the more the better. The larger the percentage of our public that is involved in policy decision making, the better. With this in mind, the Pachyderm Club continues its mission. I wish them the best.●
