APPALACHIAN REGIONAL DEVELOPMENT ACT REAUTHORIZATION

Mr. LATOURETTE. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the bill (H.R. 2501) to reauthorize the Appalachian Regional Development Act of 1965, and ask for its immediate consideration in the House.

The SPEAKER pro tempore (Mr. BEREUTER). Is there objection to the request of the gentleman from Ohio?

Mr. COSTELLO. Mr. Speaker, reserving the right to object, I yield to the gentleman from Ohio, the chairman of the subcommittee, for an explanation of the bill.

Mr. LATOURETTE. Mr. Speaker, I thank the gentleman from Illinois for yielding to me.

H.R. 2501 authorizes the Appalachian Regional Commission for fiscal years 2002 through 2006. The bill also requires the ARC to target at least half of ARC project funds to distressed areas and counties, creates a council to coordinate Federal economic development assistance in the region, provides affordable access to technology and telecommunications through a new program initiative, and lowers the administrative cost share for Local Development Districts that include a distressed county.

Mr. Speaker, I want to thank the ranking member of the Subcommittee on Economic Development, Public Buildings and Emergency Management of the Committee on Transportation and Infrastructure, the gentleman from Illinois (Mr. COSTELLO); the ranking member of our full committee, the gentleman from Minnesota (Mr. OBERSTAR); the chairman of the full committee, the gentleman from Alaska (Mr. YOUNG), for their diligent attention to this very important program, and two Members of our subcommittee to whom this program is critical, the gentleman from Ohio (Mr. NEY) and the gentlewoman from West Virginia (Mrs. CAPITO), a valuable new member of the subcommittee, who worked tirelessly to assist us in this reauthorization.

I support the bill and thank the gentleman from Illinois.

Mr. COSTELLO. Further reserving the right to object, Mr. Speaker, I thank the chairman of the subcommittee, the gentleman from Ohio (Mr. LATOURETTE), for his leadership regarding the reauthorization of the Appalachian Regional Commission. The subcommittee hearing was very enlightening and provided essential information for the public record. I commend Jesse White and his excellent

staff for working with us to shape a fair bipartisan bill. This is a good bill and it deserves our support.

Continuing my reservation of objection, Mr. Speaker, I yield to the ranking member of the full committee, the gentleman from Minnesota (Mr. OBERSTAR).

(Mr. OBERSTAR asked and was given permission to revise and extend his remarks.)

Mr. OBERSTAR. Mr. Speaker, the Transportation and Infrastructure Committee has devoted a significant amount of time to reviewing and evaluating the Appalachian Regional Commission (ARC) and its programs. In 1997, the Economic Development Subcommittee held a series of hearings regarding not only the ARC but also the Economic Development Administration, and in 1998, both agencies were reauthorized with broad bipartisan support.

The ARC received overwhelming bipartisan support for one self-evident reason—ARC programs WORK. These essential programs have significantly boosted employment, population growth, and income throughout the region. Despite more than 35 years of effort, we are only halfway home—the region has not yet pulled itself up to the national average. Of ARC's 406 counties, 118 counties remain severely economically distressed. One hundred years of decline cannot be overcome in only 35 years. Much work remains to be done, and new initiatives need to be considered, not only to maintain the existing economic foothold in the region, but also to help it prepare for the new economy.

H.R. 2501 is certainly another step in the right direction for the people of Appalachia. The bill authorizes the ARC for five years, it establishes a coordinating council to address Federal agency program delivery for the region, and it increases funding consistent with inflation. The bill also establishes a telecommunications program and authorizes \$10 million for this new initiative in fiscal year 2002 and such sums as may be necessary in succeeding years. The new information highway is just as important in opening up opportunities for people of the Appalachian region as is the Appalachian Development Highway System; the telecommunications program will help put the people of Appalachia on the highway of the future.

I thank Subcommittee Chairman LATOURETTE, Ranking member COSTELLO, and Chairman YOUNG for their diligent work on this bill. For Chairman YOUNG and Ranking Member COSTELLO the problems of Appalachia are very similar to the problems confronting regions in Alaska and the Mississippi Delta. The Denali Commission and the Delta Regional Authority have worked closely with the ARC to the benefit of each of the regions and the Nation as a whole.

I strongly support the bill and urge its passage.

Mr. COSTELLO. Continuing my reservation of objection, Mr. Speaker, I yield to the gentlewoman from West Virginia (Mrs. CAPITO).

Mrs. CAPITO. Mr. Speaker, I would like to thank also the gentleman from Ohio (Mr. LATOURETTE); the gentleman from Alaska (Mr. YOUNG), the chairman of our committee; and the ranking members, the gentleman from Min-

nesota (Mr. OBERSTAR) and the gentleman from Illinois (Mr. COSTELLO), for all their hard work on reauthorizing the Appalachian Regional Commission.

As a West Virginian native, I am especially grateful to the ARC for its commitment to improving the lives of my fellow Mountaineers. As my colleagues may know, West Virginia is the only State that is entirely within the boundaries of the ARC.

The Appalachian Regional Commission is critical to the continued economic development not only of my State but the whole of Appalachia. The area served by the ARC is very diverse, both economically and geographically. And while we have made progress in recent years, we continue to face numerous challenges.

ARC's assistance helps level the playing field and gives my constituents a chance to share in the economic prosperity that has for so long left many of us behind. The flexibility and diversity of its programs enable local communities to tailor the ARC grants to their individual needs.

In the district I represent, 11 counties are classified by the ARC as economically distressed. And I have seen firsthand the positive impact that these grants can have on a community. In my district alone, the ARC has assisted with equipping industrial parks, helped improve the skills of the workforce, and preserved precious jobs by strengthening industries ranging from wood products to Internet technology.

The ARC is also instrumental at meeting energy funding requests to assist rural communities with their most desperate situations. Recently, the town of Wardensville contacted me regarding the need for immediate assistance for a damaged sewer. I contacted the ARC and was able to secure the necessary funding which allowed the town to repair the damage rather quickly.

Mr. Speaker, it is imperative for the Congress to reauthorize the ARC. A 5-year reauthorization will ensure that ARC continues to address my home State of West Virginia's needs. It would also enable the commission and our local communities to develop and implement long-term strategies for economic growth with a new emphasis on technology.

I fully support this request, and I thank the gentleman for yielding to me.

Mr. COSTELLO. Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

The Clerk read the bill, as follows:
