

Avery. They own a home in Clinton Hill, Brooklyn. Vernon has a Bachelor's Degree in Accounting with extensive coursework in Business Management and Marketing, from St. Francis College, in Brooklyn. He used his education to become an Accountant for the Industrial Bank of Japan. After working there for two years he joined Showtime/The Movie Channel as an Accounting Coordinator. Following one year in that position he decided to go out on his own and start his own business.

Vernon started a commercial building maintenance company, Reliable Cleaning Corp. His company grew to employ over 25 full time and 15 part time employees. The company was reorganized in 1996, giving employees the opportunity to own and operate their own independent cleaning service business, as an alternative to franchising. Within a four-year period, Reliable, Inc. grew to over 150 accounts. Vernon helped to start over 50 entrepreneurs in their own commercial cleaning business in New York City. Last year, Mr. Jones sold his cleaning business to one of the companies that he helped to start so that he could fully concentrate on the development of his new business venture," *itsaboutecom, inc.*" His new corporation is responsible for creating business concepts and developing these concepts into strong independent businesses. "Itsaboutecom, inc." will own a majority stake in each developed business. This has been a dream of Vernon's since he was a young boy, to own a majority stake in various businesses that he conceptualized.

The first company developed by "itsaboutecom, inc." is New York City Teachers, Inc. This company was developed to leverage the power of the teachers in the NYC Public School system. Through Vernon's marketing and business management experience, New York City Teachers, Inc. already have over 6,000 teachers on board with the company. This is remarkable because the company was just launched in May 2001, with the help of his wife, Marcella.

Just as in the commercial cleaning business, Vernon is using unorthodox marketing strategies. He is giving all 81,000 NYC public school teachers an equity stake in the Corporation. The goal is to have all of the teachers involved, through a monthly newspaper that will be sent to every teacher's home, which will begin within the next 6 months. He is also in the process of partnering with a Massachusetts company, which has agreed to provide Internet access to all NY Teachers and this will form a strong Online community, very similar to America Online. The online teacher community is "NYCteachers.com", and the offline teacher community will be the monthly newspaper, seminars events to honor good teachers, etc.

In between running his businesses and spending time with his family. Vernon coaches youth basketball teams during, the summer, fall and winter seasons. This is his way to educate kids about life.

Mr. Speaker, Vernon K. Jones is a remarkable businessman, entrepreneur and community leader. As such he is more than worthy of receiving our recognition today. I urge my colleagues to joining me in honoring this truly remarkable man.

TRIBUTE TO MARY ANN HEIMERS

HON. DUNCAN HUNTER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 6, 2001

Mr. HUNTER. Mr. Speaker, I rise today to honor Mary Ann Heimers for her many accomplishments and contributions to the people of San Diego and, in particular, our community in East County. Mary Ann, and her husband Wolf Heimers, have lived in my district for over 35 years and have been strong pillars of the El Cajon business community for 48 years. Mary Ann has touched thousands of lives through her many years of service as a volunteer.

Mrs. Heimers is always at the forefront of assisting those in need. She has spent over twenty years in service to our neighborhood's elderly, sick, and those who just need a helping hand. Mary Ann's dedication to others is evident in the work she performs with non-profit groups in San Diego, such as Victory Chapel, SHARE, the Food Pantry, and the countless number of people she helps every day. Last year, she was named Volunteer of the Year for 2000 by a local service club for her outstanding work in San Diego County.

I have personally worked beside Mary Ann on many occasions and have witnessed her commitment to our community and the joy and comfort she brings to those who need it most. Again, I am honored to rise today in special recognition of my friend Mary Ann, and join her friends and family, including her husband Wolf, son Richard, daughter Susan, and grandchildren, to commend her work and thank her for her tireless efforts throughout the many years of service to our community and our Nation.

TRIBUTE TO THE EISENHOWER MEDICAL CENTER

HON. MARY BONO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 6, 2001

Mrs. BONO. Mr. Speaker, I rise today to recognize Eisenhower Medical Center on the occasion of its 30th Anniversary.

Eisenhower Medical Center is the only not-for-profit hospital in the Coachella Valley.

The mission of Eisenhower Medical Center is "to provide excellent health care services and education to enhance the health of our community."

Eisenhower Medical Center has provided high quality, compassionate patient care through a full range of state-of-the-art diagnostic treatment, and emergency facilities to residents of the Coachella Valley and beyond for 30 years.

The spirit of volunteerism, philanthropy and patriotism found at Eisenhower is truly impressive. There are more than 800 active volunteers working at the medical center and nearly 1,800 Auxiliary members.

The Boards of Trustees, Directors and Governors, physicians, employees and volunteers are dedicated to maintaining Eisenhower's leadership role in providing quality patient care and community service.

Eisenhower's reputation for outstanding patient care attracts physicians and professional

staff from the finest in their fields. Their expertise in clinical care, combined with compassion and understanding, has made Eisenhower the health care provider of choice in the Coachella Valley.

The 261 bed hospital continues to be a leader in providing innovative treatment, leading-edge procedures and important clinical research in cardiology, orthopedics and cancer care.

Eisenhower conducts the type of research typically found at university-based medical centers in the fields of cancer care, orthopedics, infectious diseases and cardiology. The medical center's contributions to exploring new treatment methods in these fields are shaping the future of medicine around the world.

Eisenhower Medical Center is unique among hospitals, bringing health education through the Annenberg Center for Health Sciences, drug and alcohol treatment through the Betty Ford Center, and care for victims of child abuse through the Barbara Sinatra Children's Center.

As Eisenhower looks towards its future, all of the constituents of California's 44th Congressional District can be comforted in knowing of the expansion of their services. The new millennium will usher in the extension of programs in Cardiology, Cancer Care, and Orthopedics.

Again, I would like to recognize the contributions that Eisenhower Medical Center has made to the thousands of constituents who have received medical assistance over the past 30 years.

INTRODUCTION OF H.R. 3423

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 6, 2001

Mr. SMITH of New Jersey. Mr. Speaker, I am introducing today a bill to make certain reservists eligible for burial at Arlington National Cemetery. I am joined by the Honorable FRANK WOLF, Honorable MIKE BILIRAKIS, Honorable STEVE BUYER, Honorable MIKE SIMPSON, Honorable RICHARD BAKER, Honorable ROB SIMMONS and Honorable TOM DAVIS in introducing this measure. Our bill would allow burial at Arlington National Cemetery of (1) reserve members under age 60 who but for their age would have been eligible at the time of their death for retired pay under title 10; and (2) reserve component members who die in the line of duty while on active duty for training or inactive duty training. The bill would be effective for interments occurring after the date of enactment.

Mr. Speaker, I am proud that this Nation affords a final resting place for every veteran who has honorably served in its Armed Forces. The Department of Veterans Affairs administers 133 national cemeteries throughout the United States, and since 1980 has provided \$82 million in grants to states to establish or expand 42 state veterans cemeteries. Last year, over 82,000 veterans and family members were interred in VA cemeteries and more than 14,000 veterans and family members were buried in state veterans cemeteries. In addition, 3,727 veterans and family members were buried at Arlington National Cemetery (ANC), which is administered by the Department of the Army.
