

density of more than 10,000 people per square mile."

Section 12 therefore currently would exclude the Lake Charles, Louisiana LNG facility, the Elba Island, Georgia LNG facility, and the soon-to-be reactivated Cove Point, Maryland LNG facility from coverage, as none of those facilities are located in areas with a population area of more than 10,000 people per square mile. For example, the population density of Lake Charles (home of the CMS Trunkline Facility) is 1786 people per square mile. There is one other LNG Terminal currently operating, which is located at Elba Island, Georgia, near Savannah, Georgia (which has a population of 1759.5 people per square mile). It was reactivated in December. The Cove Point facility, in Maryland is not yet reopened, but it is located in a rural area that is even less densely populated.

Section 12 also excludes an LNG facility that is not used to dock or receive LNG tankers. We are focused narrowly on LNG terminals in this amendment since these are facilities that may receive ocean-going tankers from Middle Eastern countries like Algeria, where there may be active terrorist cells operating, or from other foreign nations, where there may not be adequate screening of ship's crews or adequate systems in place to assure ship security. The section is intended to supplement the other measures undertaken to ensure the security of such LNG terminals, included those taken by the Coast Guard in addressing the security of LNG tankers and screen their crews as they enter U.S. waters and travel through U.S. harbors to their destinations. In the past, I have seen at the Everett facility that while the Coast Guard does a reasonably good job of addressing security at the water side of the plant, there simply has not been enough attention focused on what could happen on the land side, or the potential for a coordinated attack that might involve insiders. Section 12 gives the Department the tools needed to address this.

I appreciate the cooperation of the Chairman of the Energy and Commerce Committee and his staff, who have offered some helpful suggestions on how to tighten the language of the amendment, as well as the Ranking Member, who have been helpful in assuring that the amendment touched only this facility, and did not inadvertently affect other facilities where the security problems may not be as serious, or the consequences of a successful terrorist attack so potentially devastating.

I urge adoption of the legislation.

Mr. YOUNG of Alaska. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mrs. BIGGERT). The question is on the motion offered by the gentleman from Alaska (Mr. YOUNG) that the House suspend the rules and pass the bill, H.R. 3609, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. YOUNG of Alaska. Madam Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. Pursuant to clause 8, rule XX, and the Chair's prior announcement, the Chair will now put three of the questions on which further proceedings were postponed earlier today.

Votes will be taken in the following order:

H.R. 3479, by the yeas and nays;

H.R. 4775, by the yeas and nays; and House Joint Resolution 101, by the yeas and nays.

The Chair will reduce to 5 minutes the time for the second and third electronic vote in this series.

NATIONAL AVIATION CAPACITY EXPANSION ACT OF 2002

The SPEAKER pro tempore. The pending business is the question of suspending the rules and passing the bill, H.R. 3479, as amended.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Florida (Mr. MICA) that the House suspend the rules and pass the bill, H.R. 3479, as amended, on which the yeas and nays are ordered.

The vote was taken by electronic device, and there were—yeas 343, nays 87, not voting 5, as follows:
