PAT FINUCANE REPORT IN
NORTHERN IRELAND

HON. FRANK PALLONE, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Friday, November 22, 2002

Mr. PALLONE. Mr. Speaker, I rise today to call on the London Metropolitan Police Commissioner Sir John Stevens to expeditiously complete the report on the February 1989 killing of Pat Finucane in Belfast. Sir Stevens has been investigating this case for almost 3 years.

Pat Finucane was shot and killed by British-Loyalist paramilitaries while he sat eating a Sunday meal with his wife and three children. Since his murder in 1989, Amnesty International and the United Nations have called on the British Government to investigate any collusion between the RUC/British Government officials and the Loyalist paramilitaries. Unfortunately, after 3 years of investigation still no report has been made public.

Prior to being murdered, Mr. Finucane was a human rights lawyer who defended several individuals that were detained by the RUC. According to the UDA, Ulster Defense Association, which claimed responsibility for his murder, Mr. Finucane was profiled as an individual who was helping support the pro-Catholic, pro-Republican cause in Northern Ireland.

Last week, Sir John Stevens announced, for a second time, that the Finucane report would be delayed as a result of a British military witness being reluctant to speak to the police. Stevens claims that the report will be released 'before next spring', however, there continues to be speculation that the report may be delayed further should a public inquiry be ordered.

There are few who will dispute the facts in this case. According to Brian Nelson, a former British military intelligence agent who also served as chief intelligence office of the UDA, he directly assisted in the targeting of Pat Finucane and passed a photograph of Pat Finucane to a UDA member just days before the killing. However, Mr. Nelson claims have never been examined in an open court.

To date no one has been prosecuted for the murder of Pat Finucane.

The facts in this case seem quite straightforward—once again a pro-Loyalist police force used its authority to further sectarian rule and continue the rash of violence against the Catholic Community.

I call on Prime Minister Tony Blair and London Metropolitan Police Commissioner Stevens to finally release the current report and then immediately open a full public inquiry into this matter. My hope is that by putting an end to this long drawn-out process we can bring both justice to the individuals who undertook this gruesome act and take steps to ensure that this doesn't happen again.

This whole matter once again reinforces my belief that for too long both the British government, along with their police force, and the Loyalist paramilitary groups in Northern Ireland have worked in tandem to usurp the rights of the Catholic Community.

A full public inquiry into this matter will show the world that the only way peace can last in Northern Ireland is for a full fair and just reform in policing in Northern Ireland. Northern Ireland must immediately implement all of the Patten Commission's recommendations on policing.

Mr. Speaker, if there is to be a just and lasting peace in Northern Ireland we must learn from what happened to Pat Finucane and ensure that it never happens again.

PASSAGE OF H.R. 4750

HON. SAM FARR

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, November 22, 2002

Mr. FARR of California. Mr. Speaker, I rise today to give sincere thanks to Chairman HANSEN, Ranking Member RAHALL and the staff of the Resources Committee for their efforts to move H.R. 4750 through this chamber in the final hours of the 107th Congress. I am

pleased to inform you Mr. Speaker, that the other body has passed this legislation as well and it is on its way to the President. This legislation designates as wilderness more than 50,000 acres of land in the Central Coast of California, adding another jewel in the crown of Big Sur.

Mr. Speaker, since this legislation passed without committee action, it was not possible to get a Committee Report so I want to inform you of my intentions in regard to H.R. 4750. The Big Sur region is a rough, wild, sparsely populated area full of scenic vistas and should be managed as such. In regard to wilderness fire management, it would be beneficial to have a management plan for the Ventana and Silver Peak areas prepared, following their designation as wilderness, that would authorize the Forest Supervisor of the Los Padres National Forest to take whatever appropriate actions are necessary for fire prevention and watershed protection. This would include, but not be limited to, acceptable fire suppression and fire suppression measures and techniques. Any special provisions contained in the management plan for the Ventana and Silver Peak Wilderness areas should be incorporated in the planning for the Los Padres National Forest.

This language is a slight modification of language enacted in 1977 as part of the legislation initially designating the Ventana wilderness area. The thought is that current language be as close to original language as possible. Local USFS staff have indicated that under normal agency procedures, the decision to utilize this existing authority would have to be made at the regional forester level or higher. The practical impact is that the existing authority has never been used. This language seeks to make the existing authority more useful by authorizing the decision at the forest supervisor level.

Mr. Speaker, in regard to military training at Fort Hunter-Liggett, I suggest that we do nothing to preclude existing low level overflights of military aircraft, the designation of new units of special airspace, or the use or establishment of military flight training routes over wilderness areas. In regard to military access all non-motorized access to and use of the wilderness areas designated by this Act for military training should be permitted to continue in the same manner and degree as permitted prior to enactment, subject to reasonable regulation by the land manager. This language will apply to the proposed wilderness areas adjacent to Fort Hunter-Liggett. The non-motorized use language covers a variety of training activities that the military has undertaken in the National Forest. Currently, the two agencies have an MOU that governs such activities. I would encourage a new MOU be developed to account for the change to wilderness.

Mr. Speaker, the Central Coast is a unique ecosystem in itself. For example, only in this area will you find giant redwoods growing in the same drainage as a yucca plant. Because of this great diversity our area faces constant assaults by invasive species. The spread of invasive species continues to inflict great damage to the Big Sur region's environment. Such plant species as South American pampas grass, genesta (French broom) from southern Europe, and cape ivy from South Africa have taken over large areas of the Big Sur region. In addition, a cross breed of ferral and wild pig has become very prolific in many areas of Big
