

dependent community, instituting a program to closely monitor dosage of medication and evaluation of patient progress. As part of the program, she also upgraded the hospital's system for documenting or recording nurses' interventions or admissions notes. She also encouraged greater participation in the hospital's drug addiction classes by holding teaching sessions in the hospital's lobby. Special emphasis was placed on intervention for drug addicts and alcohol dependent clients who were pregnant.

In 1989, Gloria moved to Coney Island Hospital where she focused on the facility's "Drug Free Clientele Program." As a clinical therapist, she identified clients with drug and alcohol problems and referred them to an in-house drug free program. She shared her work with the March of Dimes Foundation, which used some of the information as part of a paper on birth defects. In the late 1990s when Gloria retired, her main focus became helping her daughter who is following in her mother's footsteps by working as a nurse at Coney Island Hospital.

However, Gloria continues to be an asset to her community through her volunteer work. She volunteers at Samuel J. Tilden High School, where she conducts conflict management intervention groups and sessions on alternative ways of dealing with angry students. She also helped establish a scholarship fund for two consecutive years for four students entering the health administration field of study from Tilden. Gloria's volunteer service also extends to several other community-based organizations such as the Caribbean Women United for Social and Political Action (CWUSPA) and the Caribbean Women's Association. Additionally, she has served as Secretary and Chairperson for the Social Service Committee on Community Board 17. Gloria holds the position of 1st Vice-President at Dr. Susan McKinney Nursing and Rehabilitation Center Auxiliary and has been the Chairperson of the Community Advisory Board for the past three years. As Chairperson, she served as a member of the NYC Health and Hospitals Corporation Council of Community Advisory Board.

She is an active member of the St. Augustine's Episcopal Church and is one of the founding members and the first president of the Health Guild. During her presidency, she raised \$23,000 for the church. She also holds a certificate from the New York Theological Seminary for assisting her priest with his Doctorate of Divinity Degree. Currently, she assists the priest-in-charge in coordinating annual services to honor the 67th precinct with the goal of fostering a better relationship between the police and community.

Mr. Speaker, Gloria Miller has dedicated her life to helping her fellow community members. As such, she is more than worthy of receiving our recognition today and I urge my colleagues to join me in honoring this truly remarkable woman.

THOMPSON CANCER SURVIVAL  
CENTER

**HON. JOHN J. DUNCAN, JR.**

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 11, 2003*

Mr. DUNCAN. Mr. Speaker, today I would like to share with you and the House news

from my district that will offer life-saving technology to people across our Nation.

Thompson Cancer Survival Center in Knoxville, Tennessee, recently received state-of-the-art equipment that experts say will revolutionize cancer treatment. The \$2.9 million TomoTherapy unit allows doctors to deliver radiation treatments more accurately, and with far fewer side effects, than traditional treatment.

TomoTherapy is especially effective for cancers of the prostate, neck, head and spinal cord, and other cancers that are near sensitive organs or structures. Doctors at Thompson will begin treating patients with TomoTherapy this spring, making them the first in the Nation to benefit from this new technology.

Thompson's TomoTherapy unit is one of only nine in the world, and so far only six U.S. hospitals are slated to receive this life-saving equipment. This means people from across our Nation and around the world will look to East Tennessee for help in battling cancer.

Mr. Speaker, I congratulate Thompson Cancer Survival Center for this latest victory in the fight against cancer.

PAYING TRIBUTE TO KYLEE  
SMITH

**HON. SCOTT McINNIS**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 11, 2003*

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to pay tribute to Kylee Smith of Montrose, Colorado. Through Kylee's diligent efforts, numerous Cottonwood Elementary School students have developed a love for physical fitness that will allow the students to reap many benefits for the rest of their lives.

Kylee has created an innovative program called "Shape Up Across Colorado" to encourage her students to participate in physical activity. The program, which has been in place since 1991, uses 400 squares, each representing a square mile in a model of the State of Colorado. As children advance through numerous levels of activities, they are allowed to fill in corresponding squares. Using this program, the students are able to see their progress while they participate in activities they love, such as running outside, and playing in the playground. Kylee has really taught her students how to love physical exercise as well as being in the outdoors.

Earlier this year, Colorado Governor Bill Owens honored Mrs. Smith for her efforts to teach children about the benefits of physical education. She was presented with the "Shape Up Colorado Teacher of the Year" award from the Governor's Council for Physical Fitness and the Colorado Foundation for Physical Fitness. Kylee, who is proud to live in Colorado with its great outdoor resources, believes that programs like this one will help my state become the nation's leader in physical fitness.

Mr. Speaker, it is with great pride that I stand before you, this body of Congress, and this nation today to honor Kylee Smith. Mrs. Smith has inspired her students to participate in vital lifelong, and life sustaining, physical exercise. The children of Montrose are lucky to have such a wonderful resource helping

and guiding them to healthier lives. I applaud Kylee Smith for her efforts.

PAYING TRIBUTE TO ALOYS AND WANDA SCHNEIDER

**HON. SCOTT McINNIS**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, March 11, 2003*

Mr. McINNIS. Mr. Speaker, it is with great honor that I rise today to recognize "Moon" and Wanda Schneider of Montrose, Colorado. The Schneiders have been important members of their local community and the State of Colorado for many years, and I would like to pay tribute to their efforts before this body of Congress and this nation today.

The Schneiders have been married for fifty-six years and are the parents of eight children.

The couple began volunteering after Moon retired from the Agriculture Stabilization Conservation Service in 1978. Wanda had learned to play the piano, accordion and clarinet as a young girl in Canon City, so in 1983 the Schneiders started visiting nursing homes, where Wanda would play her keyboard and Moon would entertain the residents with his sharp sense of humor. When the new senior center opened in Montrose, the Schneiders put on their show once a week.

Eight years ago, Wanda volunteered to serve as the senior center's program chairman. Since then, she and Moon have helped with a variety of activities, including producing four plays. Moon himself has starred in three of them, most recently portraying the colorful actress Carmen Miranda. Moon has also served on the board of directors for the Golden Circle for six years, and the couple still finds time to pack and deliver Meals on Wheels.

Mr. Speaker, it is with pride that I recognize Moon and Wanda Schneider for the countless hours they have contributed to the welfare of seniors in Montrose, Colorado. They have been a great asset to the senior center and to the people of the nursing homes they serve. Their active involvement in their community is a credit to Montrose County and the entire State of Colorado.
