

Unfortunately, after 2 months, no one, including the FCC, has seen the final details of these new regulations.

Mr. Speaker, how can regulators vote on provisions that they themselves have not seen? The internal turf battles within this agency go far beyond the walls of the Portals. While bureaucrats argue over how many angels can sit on the head of a pin, real people in this industry are being harmed.

Since January 2000, over 600,000 jobs have been lost in the telecommunications industry, most due to a failed policy of former Chairman Reed Hundt who tried to create artificial local competition.

Since the vote by the FCC on February 20th, many more jobs have been lost. Delay in issuing regulations by the FCC only continues this "meltdown" of one of our premiere growth industries.

I for one do not condone this bureaucratic delay and would hope that the FCC drastically changes its initial ruling from last February.

## WELCOMING USS "LINCOLN" HOME

### HON. RICK LARSEN

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 9, 2003*

Mr. LARSEN of Washington. Mr. Speaker, I rise today to honor the women and men on board the USS *Abraham Lincoln*.

For nearly ten months the sailors on board the *Lincoln* have been engaged in protecting our homeland. During their deployment—the longest deployment for an aircraft carrier in 30 years—the crew served courageously and selflessly. The brave women and men aboard the *Lincoln* have been embraced by a thankful nation.

Having just returned from the *Lincoln's* homecoming celebration, I can say without a doubt that the City of Everett and Snohomish County are happy to have the sailors home. While seeing them on national television gave me and our nation hope, seeing them in person with their families was even more inspirational.

I want to thank every one of those sailors today for their service, and I also want to thank their families for their service, even though it is a different kind of service. The sailors and their families sacrificed for this country. We owe them a debt of gratitude.

While our technology and know-how far surpassed our opponent's, the true success of Operation Iraqi Freedom was due to the women and men who volunteered for this service. Their commitment, dedication, bravery, and willingness to serve are what define our military might.

To those who served on this historic sailing of the USS *Abraham Lincoln*, I say: You have done your job and you have done it well. Our nation thanks you.

I am honored to be their Representative in Congress. I thank the Speaker for allowing me to speak on the floor today.

## TRIBUTE TO THE SAN FERNANDO VALLEY'S HEROES IN LAW ENFORCEMENT

### HON. BRAD SHERMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 9, 2003*

Mr. SHERMAN. Mr. Speaker, I rise today to pay tribute to five outstanding members of our law enforcement and firefighter communities. Bradley C. Thompson, Michael Jensen, Jim Pollock, Brian Brown, and Edward Lee Teter will be honored tonight at the Valley Community Legal Foundation of the San Fernando Valley Bar Association "Law Day Dinner" honoring "Heroes in Law Enforcement." Each of these fine men have dedicated their lives to the service of the San Fernando Valley and leave a legacy of heroism for all to admire.

Deputy Bradley C. Thompson of the Los Angeles County Sheriff's Department distinguished himself last December when he fearlessly rescued a driver from a burning vehicle. Deputy Thompson observed a passenger van engulfed in flames on December 10 and immediately responded. Bradley selflessly proceeded into the fire and ultimately freed the driver, undoubtedly saving his life. His heroism is truly admirable.

Los Angeles Police Detective Michael Jensen has excelled at his job since joining the force in 1972. Michael ascended to the rank of Detective in North Hollywood. In that role, Officer Jensen has become a mentor for the division and has solved many critical cases. Michael continues to lead his fellow officers in the Valley and has proven to be an exceptional asset to our law enforcement community.

City of San Fernando Police Detective Jim Pollock began solving narcotics cases in 1979. He has become a vital liaison between local law enforcement and federal police agencies such as the FBI, ATF, and DEA. Detective Pollock was nationally recognized in 1996 for his efforts to dismantle a large interstate drug trafficking organization. Jim is invaluable to our communities efforts to improve the lives of San Fernando Valley residents.

California Highway Patrol officer Brian Brown began assignment in the West Valley in 1998. Over the past five years, Officer Brown has served the Ventura Freeway corridor with bravery. This past January, Brian happened upon a serious accident involving a burning car that had left the roadway. Officer Brown made several attempts to free the driver from the perilous wreck. For his efforts, Brian has been rightly nominated for the Medal of Valor.

Los Angeles City Fire Fighter Edward Lee Teter has served Pacoima from Fire Station 98 since 1982. His engineering skills and leadership have been tremendous assets to the Fire Department and the East Valley. Ed has also volunteered his time and efforts to help rebuild an orphanage in Tijuana, Mexico. Mr. Teter mentors many firefighters in his station and was recently recognized as "Officer of the Year" for his unselfish service.

Mr. Speaker, please join me in commending these fine individuals on their exemplary work for San Fernando Valley residents. Each of them has set a standard for leadership and dedication we can all aspire to. It is my privilege to join the San Fernando Valley Bar Association in recognizing our wealth of outstanding police and fire officers.

## EXPRESSING NEED FOR FURTHER ACTION BY FCC FOLLOWING TRIENNIAL REVIEW

### HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 9, 2003*

Mr. HALL. Mr. Speaker, I rise today to speak to the Federal Communications Commission's Triennial Review of the 1996 Telecommunications Act adopted over two months ago on February 20, 2003.

Today, the telecommunications industry waits for some certainty and clarity regarding these new rules adopted by the FCC. These rules, dealing with local telephone competition, have yet to be put to paper so that the affected companies can review the order and make business plans accordingly.

The telecommunications sector of our economy is hemorrhaging. Lost jobs, reduced capital investment and loss of investor confidence have affected nearly every company in this sector. The lack of clarity, as to these new rules, is prolonging this downward spiral.

Mr. Speaker, I urge the Commission to act on this issue and do it as soon as possible. This sector is too important to be left on hold.

## COMMENDING THE WE THE PEOPLE . . . THE CITIZEN AND THE CONSTITUTION PROGRAM AND INCLINE HIGH SCHOOL

### HON. JIM GIBBONS

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 9, 2003*

Mr. GIBBONS. Mr. Speaker, On April 26–28, 2003 more than 1200 students from across the United States visited Washington, D.C. to compete in the national finals of the We the People . . . The Citizen and the Constitution program, the most extensive educational program in the country developed specifically to educate young people about the Constitution and the Bill of Rights.

I am proud to announce that for the second year in a row the class from Incline High School from Incline Village represented the State of Nevada in this national event. These young scholars worked diligently to reach the national finals for the second straight year and through their experience gained a deep knowledge and understanding of the fundamental principles and values of our constitutional democracy.

The 3-day national competition is modeled after hearings in the United States Congress. The hearings consist of oral presentations by high school students before a panel of adult judges on constitutional topics. The students' testimony is followed by a period of questioning by the judges who probe their depth of understanding and ability to apply their constitutional knowledge.

Administered by the Center for Civic Education, the We the People . . . program has provided curricular materials at upper elementary, middle, and high school levels for more than 26.5 million students nationwide. The program provides students with a working knowledge of our Constitution, Bill of Rights, and the principles of democratic government.
