

achieve its land management objectives. I urge all the Members to support this important legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. STENHOLM. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of S. 117, the Florida National Forest Land Management Act of 2003. This legislation was introduced by Senator GRAHAM, was passed in the Senate by unanimous consent on March 4. The companion measure we consider tonight was introduced by the gentleman from Florida (Mr. MILLER).

This legislation was drafted with the help of the U.S. Forest Service and supported by the Air Force and will aid the agency with fire prevention and protection in the area.

Mr. Speaker, I urge my colleagues to support this legislation.

Mr. Speaker, I yield back the balance of my time.

Mr. PUTNAM. Mr. Speaker, I include in the RECORD jurisdiction-related letters between the Committee on Agriculture and the Committee on Resources regarding this legislation.

HOUSE OF REPRESENTATIVES,  
COMMITTEE ON RESOURCES,  
Washington, DC, November 19, 2003.

Hon. BOB GOODLATTE,  
*Committee on Agriculture, House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: I understand that you wish to consider H.R. 482, on the Floor of the House of Representatives today. This bill authorizes the Secretary of Agriculture to convey several National Forest System parcels in the State of Florida. The bill was referred solely to the Committee on Agriculture. However, a closer reading shows that 16 of the 17 parcels are located in the Choctawhatchee and Ocala National Forests, which are forests created from the public domain. Those forests are under the jurisdiction of the Committee on Resources under Rule X of the Rules of the House of Representatives. In addition, the bill waives a provision of the Federal Land Policy Management Act, a statute also under Resources' purview.

My staff has reviewed the bill and we have no problem with the substance. Because of the limited number of days remaining in the first session of the 108th Congress and the importance of this bill to Congressman Jeff Miller, I will not insist on a referral of the bill. Of course, this action does not waive our jurisdiction over the bill, nor is this action to be construed as a precedent for other, similar legislation. In addition, I would ask you to support my request to have the Committee on Resources to be represented on any conference on H.R. 482 or a similar bill, should one become necessary. Finally, I would include this letter and any response you might have in the Congressional Record during debate on H.R. 482.

Thank you for your consideration of my request. I appreciate our continued excellent working relationship on forest issues and look forward to working with you on other bills this Congress.

Sincerely,

RICHARD W. POMBO,  
*Chairman.*

HOUSE OF REPRESENTATIVES,  
COMMITTEE ON AGRICULTURE,  
Washington, DC, November 19, 2003.

Hon. RICHARD POMBO,  
*Committee on Resources, Washington, DC.*

DEAR MR. CHAIRMAN: I wanted to take this opportunity to thank you for your letter regarding H.R. 482. As you know, its companion bill S. 117 is being considered on the floor of the House of Representatives today. The bill, S. 117 would authorize the Secretary of Agriculture to sell or exchange certain land in the State of Florida, and for other purposes.

Both S. 117 and H.R. 482 were referred solely to the House Agriculture Committee. However, I understand that your committee could have received sequential jurisdiction over this legislation. Therefore, I understand and appreciate your willingness to forego committee referral of the bill for the sake of timeliness and the importance of this legislation to Congressman Miller of Florida.

I support your request to have the Committee on Resources be represented on any conference on S. 117 or a similar bill, should one be necessary. However, after passage, this bill will move to the President for his approval.

Thank you in advance for your consideration of this request.

Sincerely,

BOB GOODLATTE,  
*Chairman.*

Mr. Speaker, I yield such time as he may consume to the gentleman from Florida (Mr. MILLER), the sponsor of the legislation.

Mr. MILLER of Florida. Mr. Speaker, I thank my colleague, the gentleman from Florida (Mr. PUTNAM), from Polk County for yielding me this time.

Mr. Speaker, I too rise today in support of Senate Bill 117, the Florida National Forest Land Management Act of 2003. This legislation does allow the State of Florida and the U.S. Department of Forestry to close the loop on a patchwork of land that goes from the panhandle of Florida to the tip of the peninsula.

In my district alone some of this land has transferred from the Forestry Service to the Air Force and back to the Forestry Service again. In Okaloosa County, 80 acres are currently leased for the county fairgrounds, complete with ball fields. This parcel is a parcel of land that the Department of Forestry does not want or need, but cannot convey unless this legislation is passed.

Under the Federal sites administration law, Congress can identify specific excess land that can be sold by the Forestry Service and with the money earned purchase State forest areas. This method has already been used in Texas, Mississippi, and in Virginia. For Florida, and, more specifically, my district, this is a win-win. Okaloosa County gets the land; the Department of Forestry can use the money it receives to purchase additional property.

Under the legislation, which has been passed in the Senate and approved by the House Committee on Agriculture, the Secretary of Agriculture may solicit offers for the sale or exchange of the land or reject any offer received under this section if the Secretary de-

termines that the offer is inadequate or is not in the best interest of the public.

For parcels that run adjacent to or are in any way connected to the Air Force's property, which some parcels are, the sale or exchange cannot be executed by the Secretary of Agriculture without the concurrence of the Secretary of the Air Force.

Additionally, the Congressional Budget Office estimates that enacting this legislation would not significantly affect the Federal budget, and the measure contains no intergovernmental or private sector mandates as defined in the Unfunded Mandates Reform Act and would have no significant impact on the budgets of State, local, or tribal governments.

Therefore, Mr. Speaker, I would like to thank the leadership for making room on today's calendar for this important piece of legislation. I would like to thank the chairman and also my colleague, the gentleman from Florida (Mr. PUTNAM), and the ranking member, the gentleman from Texas (Mr. STENHOLM), for their assistance in seeing that this measure comes to the floor. I ask for their support and others.

Mr. PUTNAM. Mr. Speaker, I have no further speakers on this issue. We do thank the gentleman from Texas (Mr. STENHOLM) and the rest of the minority for their assistance in moving this legislation as quickly as we have.

Mr. Speaker, I yield back the balance of my time.

THE SPEAKER pro tempore. The question is on the motion offered by the gentleman from Florida (Mr. PUTNAM) that the House suspend the rules and pass the Senate bill, S. 117.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the Senate bill was passed.

A motion to reconsider was laid on the table.

#### GENERAL LEAVE

Mr. PUTNAM. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on S. 117.

THE SPEAKER pro tempore. Is there objection to the request of the gentleman from Florida?

There was no objection.
