PETITIONS, ETC.

Under clause 3 of rule XII,

44. The SPEAKER presented a petition of the Town of Huntington, NY, relative to Town Board Resolution No. 2003-708, petitioning the United States Congress to enact the Assault Weapons Ban Reauthorization Act of 2003; which was referred to the Committee on the Judiciary.

AMENDMENTS

Under clause 8 of rule XVIII, proposed amendments were submitted as follows:

H.R. 253

OFFERED BY MR. BERUTEER

(Amendment in the Nature of a Substitute)

AMENDMENT No. 1: Strike all after the enacting clause and insert the following:

SECTION 1. SHORT TITLE.

This Act may be cited as the "Flood Insurance Reform Act of 2003".

SEC. 2. CONGRESSIONAL FINDINGS.

The Congress finds that—

(1) the national flood insurance program (A) identifies the flood risk, (B) provides flood risk information to the public, (C) encourages State and local governments to make appropriate land use adjustments to constrict the development of land which is exposed to flood damage and minimize damage caused by flood losses, and (D) makes flood insurance available on a nationwide basis that would otherwise not be available, to accelerate recovery from floods, mitigate future losses, save lives, and reduce the personal and national costs of flood disasters;

(2) the national flood insurance program insures approximately 4,400,000 policyholders;

(3) approximately 48,000 properties currently insured under the program have experienced, within a 10-year period, two or more flood losses where each such loss exceeds the amount \$1,000;

(4) approximately 10,000 of these repetitive-loss properties have experienced either two or three losses that cumulatively exceed building value or four or more losses, each exceeding \$1,000;

(5) repetitive-loss properties constitute a significant drain on the resources of the national flood insurance program, costing about \$200,000,000 annually;

(6) repetitive-loss properties comprise approximately one percent of currently insured properties but are expected to account for 25 to 30 percent of claims losses;

(7) the vast majority of repetitive-loss properties were built before local community implementation of floodplain management standards under the program and thus are eligible for subsidized flood insurance;

(8) while some property owners take advantage of the program allowing subsidized flood insurance without requiring mitigation action, others are trapped in a vicious cycle of suffering flooding, then repairing flood damage, then suffering flooding, without the means to mitigate losses or move out of harm's way;

(9) mitigation of repetitive-loss properties through buyouts, elevations, relocations, or flood-proofing will produce savings for policyholders under the program and for Federal taxpayers through reduced flood insurance losses and reduced Federal disaster assistance;

(10) a strategy of making mitigation offers aimed at high-priority repetitive-loss properties and shifting more of the burden of recovery costs to property owners who choose

DELETIONS OF SPONSORS FROM PUBLIC BILLS AND RESOLUTIONS
