Mr. DEFAZIO led the Pledge of Allegiance as follows:

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Monohan, one of its clerks, announced that the Senate has passed without amendment a concurrent resolution of the House of the following title:

H. Con. Res. 313. Concurrent resolution to urge the President, on behalf of the United States, to present the Presidential Medal of Freedom to His Holiness, Pope John Paul II, in recognition of his significant, enduring, and historic contributions to the causes of freedom, human dignity, and peace and to commemorate the Silver Jubilee of His Holiness' inauguration of his ministry as Bishop of Rome and Supreme Pastor of the Catholic Church.

The message also announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 1895. An act to temporarily extend the programs under the Small Business Act and the Small Business Investment Act of 1958 through March 15, 2004, and for other purposes.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain 10 one-minutes from each side.

IN SUPPORT OF MEDICARE REFORM BILL

(Mr. FOLEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FOLEY. Mr. Speaker, I learned in the real estate business, you never leave the negotiations for fear they may fail and you do not get your commission. Today, I understand the Democrats are planning a walkout from this floor to protest Medicare legislation. Yesterday, uniquely, the Democrats were burning their AARP cards down the street. The only thing missing from that scene was Jane Fonda.

Mr. Speaker, the seniors of our country deserve a Medicare program that is updated for the 21st century, including prescription drugs. It is an opportunity to help our seniors with new technology, diagnostic tests for osteoporosis, cardiovascular disease, diabetes. But no. If the Democrats do not get their way, they take the highway. That is discouraging for American seniors. And for them to ridicule and criticize AARP that just last week was

the gold standard for senior lobbying organizations is somewhat a tremendous stain on the Democratic Party. Where are the leaders like Claude Pepper and Franklin Roosevelt?

I urge them to come to the floor today and work on Medicare legislation. Let us pass a bill for all seniors.

A RUBE GOLDBERG MEDICARE REFORM BILL

(Mr. DEFAZIO asked and was given permission to address the House for 1 minute.)

Mr. DEFAZIO. Mr. Speaker, the gentleman before me waxed eloquent about a \$400 billion Rube Goldberg complete with subsidies for the pharmaceutical industry, the insurance industry and price fixing. It is going to guarantee that there will be no reduction in the extortionate price of prescription drugs. Americans will still continue to pay the highest prices in the developed world despite the fact that the drugs are manufactured here by American companies who often receive the benefit of taxpayer-funded research.

We could provide a much more meaningful benefit for substantially less and that would be if we did two simple things: Negotiate lower prices like every other nation in the world has done, but this bill prohibits the government from negotiating lower prices on behalf of Americans or Medicare beneficiaries. And, secondly, we could just engage in free trade, allow the reimportation of U.S.-manufactured, FDA-approved drugs. That would substantially lower the price. Many American seniors have already resorted to that, but this bill will prohibit the reimportation of drugs but instead it will engage in subsidizing private insurance, subsidizing the pharmaceutical industry, price fixing and protectionism. They are violating every principle they say they believe in.

IN SUPPORT OF MEDICARE PRESCRIPTION DRUG BILL

(Ms. DUNN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DUNN. Mr. Speaker, later this week we will have an opportunity to keep our promises to seniors. For too long our parents and our grandparents have been paying too much for prescription drugs. This problem is much more acute for low-income seniors, especially women. Women represent more than half the seniors with incomes that are less than 135 percent of the poverty level. They live longer than men, they spend more on health care, and they are more likely to suffer from chronic medical conditions. In essence, women need more drugs for a longer period of time but are least likely to be able to afford them.

This prescription drug bill will help those on fixed incomes. A woman with

an income of less than \$13,000 today will receive full assistance. No premiums, no deductibles, no gap in coverage. Furthermore, disease management programs will help women who are suffering from multiple chronic diseases. It will help them receive better care from health professionals who can coordinate their medical needs.

Mr. Speaker, it is time to end the rhetoric and deliver on a promise.

CONGRESS PUNTS ON PRESCRIPTION DRUG BILL

(Mr. EMANUEL asked and was given permission to address the House for 1 minute.)

Mr. EMANUEL. Mr. Speaker, as we address the issue of prescription drugs and as speaker after speaker is speaking about prescription drugs, there are three attempts to deal with out-of-control prices of prescription drugs that are going up on average 20 percent a year:

One is through the free market principle of reimportation, allowing Americans to buy drugs in either Europe or Canada. Second, bulk negotiation, creating a Sam's Club using the power of 40 million seniors to purchase drugs at reduced prices like they do in Europe and in Canada. And, third, through speedy introduction of generic medications to market to bring competition to price.

In all three areas, the pharmaceutical industry got what they want, and this Congress punted on getting the price reduction as it relates to pharmaceutical prices. We need to offer the taxpayers who are about to be asked to spend \$400 billion of their money, \$400 billion of taxpayer money, we owe them the common decency and courtesy to get them the best price, either through the free market principle, through creating negotiation bulk prices to get prices reduced, or generics. In each area, this Congress punted on behalf of the pharmaceutical industry.

PEER-TO-PEER SOFTWARE IS A REAL DANGER TO OUR KIDS

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, the British newspaper The Guardian has found that demand for child pornography through the use of file-sharing programs, like Kazaa, is leading to more abuse of children. The sale of peer-to-peer traffic in illegal images of children now dwarfs any other pedophile network they have found.

David Wilson, professor of criminology at Central England, said, "Peer-to-peer facilitates the most extreme, aggressive and reprehensible types of behavior that the Internet will allow." Programs that are used by kids to find songs or pictures of cartoons are delivering our children right into the clutches of these predators.
