

free. Colonel Woodward's character reflects this sacrifice and the steadfast resolve so many of our veterans maintain in the preservation of freedom. Allow me a moment to tell you about him.

Colonel Woodward joined the United States Air Force in 1941. Shortly after enlisting, he was called to arms in the European campaign of World War II. Colonel Woodward quickly earned the rank of captain flying B-17 bombers. During his 13th mission flying under the 100th Bomb Group, he was shot down and injured. He received a Purple Heart for these actions.

Colonel Woodward's relentless service to our country does not end here. In addition to his contributions in World War II, Colonel Woodward continued to serve through times of peril. From 1952-1954 he flew in the Korean war. From 1966-1967, he served in intelligence and strategic planning during the Vietnam war. In 1971, after 30 years of service, Edgar F. Woodward Jr. retired as a United States Air Force colonel.

I commend Colonel Woodward for his diligent service. His decision to serve our country places him in my highest esteem, and today I honor him. ●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Ms. Evans, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations and a treaty which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)

REPORT OF THE CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO THE RISK OF NUCLEAR PROLIFERATION CREATED BY THE ACCUMULATION OF WEAPONS-USABLE FISSILE MATERIAL IN THE TERRITORY OF THE RUSSIAN FEDERATION—PM 87

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Banking, Housing, and Urban Affairs:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a

notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent the enclosed notice to the *Federal Register* for publication, stating that the emergency declared with respect to the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation is to continue beyond June 21, 2004. The most recent notice continuing this emergency was published in the *Federal Register* on June 12, 2003 (68 Fed. Reg. 35149).

It remains a major national security goal of the United States to ensure that fissile material removed from Russian nuclear weapons pursuant to various arms control and disarmament agreements is dedicated to peaceful uses, subject to transparency measures, and protected from diversion to activities of proliferation concern. The accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation continues to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency declared with respect to the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation and maintain in force these emergency authorities to respond to this threat.

GEORGE W. BUSH.
THE WHITE HOUSE, June 16, 2004.
