TRIBUTE TO U.S. ARMY 1LT
AARON SEESAN

HON. RALPH REGULA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2005

Mr. REGULA. Mr. Speaker, I rise today to pay tribute to U.S. Army 1LT Aaron Seesan, a constituent from my district who died on May 23rd from injuries he received in support of Operation Iraqi Freedom. Aaron was a graduate of Washington High School in Massillon, Ohio and of the Merchant Marine Academy at Kings Point, NY.

It takes an exceptional young person to be nominated for military academies. Aaron had an outstanding record in high school and in the Merchant Marine Academy and continued to make a difference as he continued his service to his country and fellow man.

After graduation he chose to join the Army. During his service in Iraq his vehicle came upon an incendiary explosive device. In this distressful time while he suffered from injuries, he directed help to others showing his sense of responsibility and duty.

The community fondly remembers Aaron as a young man who always strove to make those activities he was involved in the finest they could be. Aaron made a difference to others his age both in the military and in the community. He was a true role model and hero.

His memory will live on through the Aaron Seesan Memorial Garden at Lincoln Park in Massillon Ohio. In addition, the Aaron Seesan Memorial Scholarship Fund through the Stark County Community Foundation will serve as a tribute to his service and dedication.

TRIBUTE TO THE JIMMY CARTER
WORK PROJECT

HON. FRED UPTON

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2005

Mr. UPTON. Mr. Speaker, I rise today to recognize and pay tribute to the Jimmy Carter Work Project and the thousands of volunteers who joined together this week to help build Habitat for Humanity houses for the city of Benton Harbor, Michigan.

Across the State of Michigan, over 4,000 volunteers are building a total of 200 houses in local communities. In Benton Harbor alone, 1,700 volunteers from around the world have built 20 new houses, bringing not only large smiles on the faces of 20 families, but the reward of success after hours of hard work. The hands-on approach that the Jimmy Carter Work Project takes towards homeownership is both invaluable and inspiring. Homeowners must donate about 300 hours of their own time toward building their own homes. This partnership of volunteers working side by side with those in need is truly encouraging to all of us who want to bring the opportunity of homeownership to every family.

Homeownership is fundamental to improving and preserving the quality of life for the folks of southwest Michigan and beyond, and is truly the cornerstone of the American Dream. Taking pride in our neighborhoods and homes is a necessity to building successful communities and the work that Habitat for Humanity has done for countless individuals is truly inspiring.

This year's Project in Michigan is the second largest in Jimmy Carter Work Project's 22 year history and the first time that Habitat has organized to build homes throughout an entire state. Over the past several years Benton Harbor has been through many challenges and obstacles, but the coming together of folks

throughout our community to work to bring the American Dream to our neighbors is what makes both the Jimmy Carter Work Project and southwest Michigan extraordinary.

I look forward to any opportunity to continue this partnership with Habitat for Humanity in its efforts to build more decent, affordable housing for all.

I want to once again commend everyone who has worked and continues to work to make homeownership a reality for people in need. This is a great day for our communities in Michigan and I want to once again commend both Jimmy Carter and Habitat for Humanity for turning dreams into reality.

TRIBUTE TO WALLY A.
"PREACHER" HEBERT

HON. DUNCAN HUNTER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2005

Mr. HUNTER. Mr. Speaker, I rise today to honor and pay tribute to the life and career of Wally A. "Preacher" Hebert. Wally is holder of 4 pitching records for the San Diego Padres and on June 25, 2005, he will be inducted into the Pacific Coast League San Diego Padres Hall of Fame.

Born in Lake George, Louisiana in 1907, Wally's talents and interests were evident at a very early age. Aside from gardening, hunting, and fishing as a child, he became an expert golfer, playing close to par with a 2 iron and a putter. He enjoyed athletics and when it came to football and baseball, Wally excelled over his peers.

At Lake Charles High School, Wally was an all-state football star and had been offered a scholarship at Louisiana State University when he caught the eye of a major league baseball scout. In his first professional game in Springfield, Missouri, he got off the train from Louisiana, went to the ballpark, and pitched a 22 inning complete game victory.

In 1931, Preacher, as he was also known, was called up to spring training for the St. Louis Browns and remained with the team throughout the rest of that season. As a lefthander, he began to attract attention with a variety of curve balls at various speeds and arm motions. His first major league appearance came that year against the New York Yankees where he faced Babe Ruth with the bases loaded and one out. The Babe hit into an inning-ending double play.

That season, Preacher won six games and was the only pitcher in the major leagues to beat the New York Yankees and the world champion Philadelphia Athletics twice in one season. His finest game that year included 8 shut out innings against the Yankees—striking out Lou Gehrig and Ruth three times. Unfortunately, St. Louis lost the game by one run after Preacher exited the game.

Over the next two seasons in St. Louis, Preacher pitched in relief, battling a shoulder injury. He was then sold to the Hollywood Stars which after one season, moved to San Diego and began playing at Lane Field. During seven seasons with the San Diego Padres, Preacher delighted fans with a dominating presence and pinpoint control.

While with the Padres, Wally and his bride Bobbie moved out to California where they

had their first two children, Hillene and Linda. Of all their children, Hillene had the ability to do what the opposition could rarely accomplish; knocking her father out of a game. Preacher was pitching when Hillene's birth was announced, at which point he collapsed on the mound.

His finest season as a Padre came in 1942 when he established records for most complete games pitched, batters faced, and innings pitched. During this season, Preacher finished every game he started.

In 1943, Preacher was traded to the Pittsburgh Pirates and at the end of the season, he faced a turning point in his career. While his arm was as strong as ever, his oldest daughter was beginning first grade and America's involvement in World War II made domestic travel difficult. When Bobbie indicated that the family would not be traveling to Pittsburgh that season, Wally chose his family and his beloved Louisiana over baseball. He turned down a contract worth \$10,000 to earn 35 cents per hour in a wartime synthetic rubber factory.

After settling in Westlake, Louisiana, Wally and Bobbie had three sons and he resumed his life of hunting, fishing, and gardening while working in a nearby Firestone factory. He devoted himself to his family after his retirement from Firestone in 1965 and remained active as an outdoorsman until his death in 1999.

Today, Wally is survived by his beloved Bobbie, five children, numerous grandchildren. The legacy of Wally "Preacher" Hebert will long be remembered throughout the San Diego community and I ask that my colleagues join me in paying tribute to his life and long list of accomplishments.

RECOGNIZING JOHN GURNEY OF SONOMA, CALIFORNIA

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2005

Mr. THOMPSON of California. Mr. Speaker, I rise today to recognize John P. Gurney who is retiring this month after 12 years as the Chief of Police for the City of Sonoma, California.

How a police department in a small town interfaces with the community has always been central to Chief Gurney's policing philosophy. During his tenure in Sonoma, Chief Gurney successfully integrated the concept of community policing into the department by re-directing resources from administration to patrol officers. He established the Sonoma Police Department Community Advisory Council to provide public, input and feedback on department policies, programs and training. He then facilitated a department-wide workshop identifying community expectations and developed a strategic plan to meet those expectations. A departmental mission and value statement was developed to incorporate the community's vision.

He also established the Sonoma Valley Interagency Council for Youth and Family. This organization consists of government and non-profit youth and family service organization and is charged with reducing the risk factors to our youth and their families. In acknowledgment of his work with young people, he received the 2001 Sonoma County Office of Education's Youth Award.

On a countywide basis, Chief Gurney also participated in the development, acquisition and implementation of a \$12 million Computer Aided Dispatch, Records Management and Mobile Computing/Field Reporting system and chaired the Oversight Committee for this project.

Professionally, he has served as President of the Sonoma County Law Enforcement Chiefs Association, Chair of the Santa Rosa Training Center Advisory Committee, member of the California Peace Officer's Association, law enforcement representative to the California Judicial Council Collaborative Justice Courts Advisory Committee, member of the California Police Chief's Association, the California Police Chief's Association representative to both the Community Colleges Chancellor's Office Statewide Public Safety Advisory Committee and the Commission on Peace Officer and Standards and Training Advisory Committee.

As a member of his community, Chief Gurney served on the Board of Directors of the Valley of the Moon Boys and Girls Club, and was in the inaugural class of Leadership Sonoma Valley.

Mr. Speaker, Chief Gurney and his wife Phyllis own a small vineyard in Sonoma and they intend to enjoy the good life upon retirement. It is appropriate that we commend him for his many years of public service and wish him well on his retirement.

RECOGNIZING THE ACCOMPLISHMENTS OF DR. EDWIN AND MRS. MARY ELLEN HENDERSON

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2005

Mr. MORAN of Virginia. Mr. Speaker, I rise today to recognize a family from Virginia's Eighth Congressional District whose recognition is long overdue. For every person of national recognition there is a local leader that accomplishes much under the shadow of their more recognized peers. Two of these people are Dr. Edwin and Mrs. Mary Ellen Henderson, civil rights pioneers from Northern Virginia who have worked for social justice for nearly 50 years. The couple, who were married for 65 years, worked tirelessly for the education of African American children. They also chronicled the early civil rights struggles in letters to the editor published around the country and energized their community in Northern Virginia to join the Nation's civil rights movement.

The Hendersons viewed education as one of the primary sources of human progress, and they both served their communities as teachers. Mary Ellen filled the difficult position of teaching the fourth, fifth, sixth and seventh grades in the local segregated schoolhouse. The two-room facility overflowed with children, and it was heated by a potbelly stove and that lacked running water. Despite these difficult conditions of segregation, Mary Ellen taught with vitality and enthusiasm. Not satisfied with her inequitable surroundings, Mary Ellen worked to improve the conditions around her. By her own measure, she launched a study into the disparity between white and black schoolhouses, focusing on the learning environment and resources. Mary Ellen's work led to the formation of an interracial committee in Fairfax County, and ultimately the decision of the school administration to build the first new school for African American children in the area.

Dr. Edwin Henderson also dedicated his life to education. He focused his efforts on the promotion of interscholastic athletics and was certified as the first African American man to teach Physical Education in public schools. An avid basketball player himself, Edwin is credited with introducing the sport to the Washington, D.C. area as well as promoting athletics within the surrounding African American community. He organized the Interscholastic Athletic Association for black schools, the Public School Athletic League, and the Eastern Board of Officials for African American athletes. In addition, Edwin authored several books that spread awareness about the emergence of black sports. His groundbreaking works included "The Official Spaulding Handbook," "The Negro in Sports," and also "The Black Athlete: Emergence and Arrival." Edwin was a powerful force behind the positive recognition accorded to these athletes. As a result of his efforts, Edwin was admitted as a
