

community folks from our districts to be a part of the health care profession. It will also improve funded programs to help reduce health care disparities such as chronic illnesses, asthma, diabetes, and obesity.

It will improve data collection in our respective communities with respect to race, ethnicity, and language and promote accountability through the Office of Civil Rights and the Office of Minority Health at the Department of Health and Human Services. Lastly, it would help to strengthen health care institutions that serve minority populations.

We look forward to visiting our friends in Chicago, Illinois.

#### DEMOCRATS' TRACK RECORD: RAISE TAXES

(Mr. DOOLITTLE asked and was given permission to address the House for 1 minute.)

Mr. DOOLITTLE. Mr. Speaker, the inevitable insolvency of Social Security is not a new problem. Since the program began in 1935, the number of workers per retiree has slipped from 40 to just three today. And unless Congress acts, the system will be completely bankrupt by the year 2041.

□ 1015

In light of these facts Republicans have put forth a variety of proposals to make Social Security remain solvent for future generations. But up to this point, Democrats have chosen to oppose our good faith efforts and insist that indeed there is no problem. The minority party's only solution to saving Social Security is the same solution they have applied to this problem for the past 68 years, to raise your taxes. On 50 separate occasions when faced with critical decisions to shore up Social Security, Democrats have resorted to either raising the payroll tax rate or the minimum taxable wage. It is clear their tax hikes have done nothing more than mask Social Security's inadequacies and postpone real and lasting solutions.

#### KARL ROVE

(Ms. WATSON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WATSON. Mr. Speaker, today Karl Rove continues to walk around the White House with the highest of security clearances. What does that say to our covert CIA agents risking their lives around the world? When Karl Rove became a top level White House employee, he took an oath to abide by the guidelines included in a briefing book called the Standard Form 3112. This form says, and I am quoting, "Before confirming the accuracy of what appears in the public source, the signer of SF 312 must confirm, through an authorized official, that the information has, in fact, been declassified. If it has not, confirmation of its accuracy is also an unauthorized disclosure."

Rove signed this form promising to abide by the rules. Clearly, he broke these rules when he told Reporter Matthew Cooper that Joseph Wilson's wife worked for the CIA.

Furthermore, he also broke the rule when he confirmed this same information for reporter Robert Novak. It is outrageous that Rove continues to have access to top secret information.

#### RU-486 KILLS WOMEN

(Mr. SMITH of New Jersey asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of New Jersey. Mr. Speaker, the FDA issued a stern warning on Tuesday about the dangers to women from RU-486, the abortion drug the Clinton administration aggressively pushed through approval without proving its safety. Not only is RU-486 baby pesticide, killing unborn children up to 7 weeks, it is poison to the women themselves. Licensed by the Population Council, manufactured in the PRC, and widely disbursed by Planned Parenthood, at least five women have died in the U.S. after taking this dangerous drug. As a result of these women's deaths and serious concerns that many more women have died as well—underreporting is a serious problem—new drug labeling will warn women that serious danger of sepsis and blood infection can occur.

Because RU-486 was rushed to approval by the Clinton administration using the expedited FDA subpart H process, which is supposed to be used for HIV/AIDS and other life-threatening diseases, numerous safety concerns were suppressed, trivialized and overlooked. The Clinton FDA approval process was a gross sham. The approval of RU-486 is a scandal that is today killing women. The FDA must pull this dangerous drug and Congress must pass Holly's Law.

#### TAX REFORM

(Mr. BURGESS asked and was given permission to address the House for 1 minute.)

Mr. BURGESS. Mr. Speaker, maybe we can cool things off by talking about a little tax reform. What if we had a tax reform proposal that would immediately eliminate the marriage penalty, repeal the death tax, abolish the punitive alternative minimum tax, eliminate capital gains taxes and allow for immediate expensing for business and capital equipment?

Well, in fact we have such reform. In case you missed it yesterday, in the Washington Times Steve Forbes talks about Americans deserve a flat tax, and believes that the stage is set for fundamental tax reform via the vehicle known as the flat tax. Now, fortunately Members of this body do not have to wait. They can cosponsor H.R. 1040 introduced last March that would provide for a flat tax which is voluntary to be

available to the American people as soon as it is signed into law. It is basically a measure of trusting the American people and giving them a choice to opt into a voluntary pro growth system. It does encourage investment and savings for the first time in a long time in this country. I think it is reasonable to provide another option to the American people.

Mr. Forbes concludes his article yesterday saying America has a great future. The flat tax will help us achieve it. I believe it is time to trust the American people and allow that to happen.

#### HOMELAND SECURITY

(Ms. JACKSON-LEE of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON-LEE of Texas. Mr. Speaker, I think it is appropriate this morning, now, 2 weeks to the date, that we again offer our sympathy to the people of England and particularly the City of London. Today we will rise to the floor to again discuss and debate ways of securing this land. But I feel that as Americans we know each other. We understand rhetoric versus action. It saddens me to stand here and to acknowledge that Democrats over the last years and myself as a member of the Homeland Security Committee have joined those leaders of this issue, that we have asked repeatedly for actual resources to ensure the Nation's railroads and light rail systems and bus systems, the very systems that our tourists who come to this capital of the United States utilize every single day. And time after time after time after time we have been rebuked, rejected and ignored by the Republican majority when it comes to giving resources to protecting the Nation's rail system. Yet we can give high taxes, but we cannot protect those who need to be protected. We need to do something and we need to do it now.

#### HONORING ARKANSAS' PARENTS OF THE YEAR

(Mr. BOOZMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BOOZMAN. Mr. Speaker, this Sunday is Parents Day, an annual day commemorating the contribution parents make to our society. Parents Day provides an opportunity to recognize and promote parenting as a central vocation for our families and communities.

In 1994 Congress passed a resolution establishing the fourth Sunday of every July as Parents Day. According to the resolution, Parents Day is established for recognizing, uplifting and supporting the role of parents and rearing of children.

And in that vein I would like to recognize one truly special set of parents,

Mike and Becky Kneeland of Van Buren, Arkansas. They will be receiving Arkansas' Parents of the Year Award this Sunday, and I am honored to be able to recognize them on the House floor today.

Mr. Speaker, I ask my colleagues to please join me in congratulating the Kneelands and all the other wonderful parents across the country. Their efforts and sacrifices are molding the future of this Nation, and parents like the Kneelands are setting a wonderful example for all of us.

#### PATRIOT ACT

(Mr. UDALL of New Mexico asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. UDALL of New Mexico. Mr. Speaker, I rise to speak out today on the leadership's abuse of power on the PATRIOT Act. We bring the PATRIOT Act to the floor today under a closed process. Many amendments, good solid bipartisan amendments, were denied. I offered two amendments with broad support. They were denied.

The first created a strengthened civil liberties board called for by the 9/11 Commission. This board would protect our constitutional freedoms. The second, the Right to Read Act, would protect library patrons from arbitrary searches. It would bring the judiciary into the equation to protect our freedoms.

I believe that we can bring terrorists to justice and still protect our constitutional freedoms, but we will not do it under this process today. This process of not allowing debate on an amendment is deeply flawed. It runs roughshod over our rights. The leadership should be ashamed.

#### PATRIOT ACT

(Mr. KELLER asked and was given permission to address the House for 1 minute.)

Mr. KELLER. Mr. Speaker, reauthorizing the PATRIOT Act today is literally a matter of life or death because it is helping us to win the war on terrorism. Since we passed the PATRIOT Act in 2001 we have convicted 212 terrorists and \$136 million in terrorist assets have been frozen. Passing the PATRIOT Act is purely a matter of common sense.

Is it not common sense that we give law enforcement the same tools to go after terrorists as they now have to go after Mafia dons and drug dealers?

Is it not common sense that we can share data between the intelligence community and law enforcement now?

Is it not common sense that we track deadly terrorists even though they cross jurisdictional lines or switch cell phones?

The worst thing that the critics can say about the PATRIOT Act is that supposedly law abiding citizens will have their bookstore and library habits

monitored. That is a totally bogus allegation. You must go before a Federal judge, get a court order and prove that it is a matter of international terrorism. How many times has that happened since we passed the PATRIOT Act? Exactly zero, according to our Attorney General.

I urge my colleagues to vote "yes" on the PATRIOT Act.

#### ELECTION REFORM

(Mrs. JONES of Ohio asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. JONES of Ohio. Mr. Speaker, I just completed a panel discussion with Harper's Weekly about what happened in Ohio in election reform, and I just want to bring to the attention of the American public once again the need for this House to pass legislation that will provide for electoral reform, no excuse absentee balloting, holiday voting so that people can get to the ballot box and vote, an assurance that the head of a company who is involved in the process of computer machines will not have the ability to be the cochair of the campaign of someone running for office, the assurance that the Secretary of State cannot be Secretary of State and then have the responsibility of being a cochair of a campaign.

Elections are so important in our country. We go across the world trying to assure democracy and freedom across the world. We need to make sure that we assure that every vote counts in the United States of America. I ask my colleagues to join me in signing on to the Count Every Vote legislation as well as supporting the same legislation in the U.S. Senate authored by Senator HILLARY RODHAM CLINTON.

#### MEDICARE PART D

(Mr. GINGREY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GINGREY. Mr. Speaker, I rise today in strong support of Medicare Part D, the new prescription drug benefit Congress passed as part of the Medicare Modernization Act of 2003.

Mr. Speaker, if our seniors cannot afford their medications their health is going to suffer. That is why it is hugely important to provide our seniors with affordable drug coverage under Medicare, and CMS has projected savings of up to 75 percent off many drug prices for Medicare Part D enrollees.

Seniors can begin signing up for the Part D program on November 15. We hope to enroll 28 million seniors by May of 2006, making it the largest sign-up for a new program since the introduction of Medicare and Medicaid.

That is why we are going to need the help of our whole community local senior centers, commissions on aging, friends, families, pastors, volunteers and community leaders.

Mr. Speaker, I encourage anyone who wants to learn more about Medicare Part D, the prescription drug option, to call 1-800-MEDICARE or visit the Web site, [www.medicare.gov](http://www.medicare.gov). Our seniors deserve affordable prescription drugs and Part D will be a great benefit to their well-being.
