#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KERRY (for himself, Mr. KENNEDY, and Mr. JEFFORDS):

S. 1887. A bill to authorize the conduct of small projects for the rehabili-

tation or removal of dams; to the Committee on Environment and Public Works.

Mr. KERRY. Mr. President, today I joined Senator KENNEDY, Representative FRANK, Governor Romney and Mayor Robert Nunes on a tour of the deteriorating dam in Taunton, MA. The dam buckled earlier this week under the pressure of heavy rain. Since the beginning of this month, Taunton has received 11½ inches of rain, with more than 7 inches of that from Friday through Sunday.

As of this morning, the city remained under a state of emergency and there was still a significant amount of water behind the Whittenton Pond Dam on the Mill River. In speaking with local officials, they expressed fear that a major break in the dam could send 6 feet of water surging through downtown Taunton, flooding businesses and destroying homes.

For now, the situation is under control but still extremely volatile. It appears we may have gotten lucky—but just because the waters are receding doesn't mean our work is through. Doing everything possible means the Federal Government has to give mayors and governors every tool they need to protect their communities.

Today, the Army Corps of Engineers can help in Taunton only because it's an emergency—and everyone who has been praying that the dam doesn't break knows just what an emergency this has been. But according to the law, it's only at that point of no return that the Corps can step in. The Army Corps of Engineers has no authority to try to prevent a situation like this. Before the water came pouring through and 2,000 people were evacuated from their homes, the Corps was powerless to fix this dam.

But it's not just on the Mill River—we have 3,000 privately-owned dams in Massachusetts. The Army Corps of Engineers shouldn't be handcuffed by bureaucratic red tape until we reach the point of a make-it-or-break-it crisis. If Hurricane Katrina taught us anything, it's that we can't let bureaucracy get in the way of preventing a pending disaster or responding to a looming threat.

For that reason, I am introducing a bill to give the Army Corps of Engineers the ability to intervene to repair privately-owned dams for the sake of public safety. That way, the Corps can help in the kind of effort Governor Romney is now undertaking to inspect and strengthen dams across the State. Senator KENNEDY is co-sponsoring this bill, and we will work together to make it law.

By Mr. JEFFORDS (for himself and Mr. FEINGOLD):

S. 1888. A bill to provide for 2 programs to authorize the use of leave by caregivers for family members of certain individuals performing military service, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

Mr. JEFFORDS. Mr. President, today I am pleased to introduce the Military Family Support Act of 2005 with my colleague and friend from Wisconsin, Senator RUSS FEINGOLD. Our bill will help military families ease the stress caused by long-term absences due to deployments overseas.

I was contacted a few months back by a group of Vermonters looking for a way to help their coworkers with family in the Vermont National Guard. When a member of the armed forces is activated and deployed, family structures and daily functioning are severely affected. The day-to-day life of families is, in many cases, more than a one-person job. Any absence, especially absences of several months due to a deployment overseas, can be debilitating to family life. The stories of soldiers and their families from Enosburg Falls, VT, were told very poignantly in a piece reported by the Los Angeles Times. Enosburg and neighboring communities have contributed a disproportionately high number of National Guard troops to Operation Iraqi Freedom. Because of this, Enosburg's men and women have felt the pains of separation and long deployments more than most. Enosburg and surrounding towns and villages should be proud of the sacrifices made by their men and women in uniform and by those employers and family members who remained at home. Vermont is a place where neighbors help neighbors and I am proud of all the people throughout the state who have given so much support to Guard families.

The Military Family Support Act of 2005 is a straightforward bill that proposes two pilot programs. The first pilot program, administered by the Office of Personnel Management, OPM, would authorize Federal employees, who have been designated by a member of the Armed Forces as "caregivers", as defined by the Department of Defense, DOD, to use their leave in a more flexible manner. No new leave would be conferred to any employees. This bill simply makes leave already available more useful during stressful times for military families. The second pilot program would be established by the Department of Labor, DOL, to solicit businesses to voluntarily take part in a program to offer more accommodating leave to their employees. This bill does not include in its scope the Family Medical Leave Act, FMLA, and it does not require any private sector entity to participate. The goal of the Military Family Support Act is to make life a little easier for those who are already giving so much to our country and to their communities.

I ask unanimous consent that a May 2, 2005, article from the Los Angeles Times be printed in the RECORD. I also ask unanimous consent that the text of the Military Family Support Act of 2005 be printed in RECORD.

There being no objection, the materials were printed in the RECORD, as follows:
