

save average American families thousands of dollars. Implement 9/11.

Now, Mr. Gingrich brought up a great point. They are in charge of a government, Madam Speaker, that just cannot function. They do not know how to run government. They have had the opportunity over the past 5 years, and they have been incapable and unable to execute and administer government.

They run it down for years and then they expect it to work. They hire their buddies who know how to run ponies and administer horse shows, but then they cannot execute FEMA, Katrina, Iraq, Medicare, health care, gas prices, college education. They do not know how to administer government.

Everyone likes to say that the Democrats do not know how to administer an immigration policy. Well here's the statistics. From 1993 to 2000, the average number of border patrol agents added per year under Clinton, 642; under Bush, 411. Who is trying to protect the country from illegal immigrants coming into the country? It looks like to me that the Clinton administration did a heck of a lot better job than the Bush administration and the Republican Congress did.

INS fines for immigration enforcement, 1999, under President Clinton, 417 fines for immigration; only three in 2004 under President Bush. Seventy-eight percent fewer completed immigration fraud cases under President Bush. Under Clinton in 1995, fraud cases completed, 6,455; in 2003, under President Bush, 1,389.

It is not about ideology. It is not about what your rhetoric is. It is not about our little cute phrases that you may have and you may have worked on in some little interest group or some little building somewhere in D.C. and you just say the right things and it may sound like you know what you are doing.

These are facts. Gas prices are facts. College tuition numbers, they are facts. Health care costs, those are facts. Prescription drug costs, those are facts. Tax rates on small businesspeople, those are facts.

It is kind of funny because you go back home, you go back to the real world, and you get out from where the Potomac fever is, and you go back home and people are not saying things are going real good for them. But you come down here and our friends, many of them are our good friends, on the other side that stand in the well and they will try to convince everybody how great the economy is going. But when you go back to Ohio or Miami, it is not same.

We know how to do this and we want, Madam Speaker, an opportunity to take back over the House of Representatives that was created by Article I, Section 1 of the United States Constitution. We want an opportunity to govern, to lower tuition costs, increase the minimum wage, implement the 9/11 Commission report, provide for the common good, the common defense,

and do it with some commonsense and get the country going in a new direction.

On www.housedemocrats.gov/30Something, all of our charts will be available. This was the 30 Something 2-minute drill today.

Mr. MEEK of Florida. Let me say, I almost feel like a preacher of a Baptist church. I just wish I had time to preach this sermon. I wish I had time. The reason why I am saying that is by the House rules we have to end at 12:00.

I am going to I say this to my good friend Mr. Manatos, we need a chart that talks about what Congress has received since 1998 in pay increases and what the American people have received in the minimum wage. We need a chart that talks about that every year, so Mr. RYAN, when you talk about when folks come to the floor, the majority side talk about how great the economy is, you doggone they come and say it because they have gotten a pay increase every year.

Let me tell you, a lot of us here in Congress, including myself, are financially challenged. We have got to have a house here and a house there and kids and all of the things that goes with it. But do not vote for an increase for yourself and then turn around to someone that is making \$5.15 an hour to say that you do not deserve it. Over my dead body. That is what the Republican majority is saying.

So I think it is important. If I had time tonight to carry this point further, I would, but with that, Madam Speaker, we want to thank the Democratic leader for allowing us to have this time. It was an honor to come before the House to address the American people.
