NURSING RELIEF FOR DISADVANTAGED AREAS REAUTHORIZATION ACT

Mr. CORNYN. Mr. President, I would like to go on the record regarding H.R. 1285, the Nursing Relief for Disadvantaged Areas Reauthorization Act of 2005, a bill that I support as it moves through the Senate today.

This legislation extends for 3 years the Nursing Relief for Disadvantaged Areas Act of 1999 which provides non-immigrant visas for nurses in areas where there is a shortage of health professionals.

Many hospitals across the Nation and, particularly in my home State of Texas, have been experiencing great difficulties over the last several years in attracting nurses. This shortage has been especially severe in both inner-city neighborhoods and in rural isolated areas.

It was for this reason that in 1999 Congress passed the Nursing Relief for Disadvantaged Areas Act. This legislation created a new H-1C temporary worker program with 500 visas available per year for registered nurses. In order to be eligible to petition for an alien nurse, a hospital must be located in a health professional shortage area as designated by the Secretary of Health and Human Services, the hospital must have at least 190 acute care beds, and it must have a certain percentage of Medicare and Medicaid patients.

The legislation also included strong protections for American nurses by requiring that any H-1C nurses be paid the prevailing wage and mandating that hospitals take steps to recruit American nurses. Furthermore H-1C nurses may not comprise more than 33 percent of a hospital's registered nurses, and these hospitals may not contract out any H-1C nurses to other hospitals.

The legislation before us, H.R. 1285, will reauthorize the H-1C nurse program for 3 more years. The H-1C visa category is vital to Texas hospitals like McAllen Medical Center and Mercy Health System, located in Laredo, TX. The United States is facing a critical nursing shortage in the coming years, and this small but significant program is essential to our efforts to recruit more nurses to the United States. I believe this legislation strikes a balance between the critical need for nurses in certain shortage areas while protecting the wages and working conditions of U.S. citizen nurses.

I urge my colleagues to support this bill.
