S. Res. 106, a resolution calling on the President to ensure that the foreign policy of the United States reflects appropriate understanding and sensitivity concerning issues related to human rights, ethnic cleansing, and genocide documented in the United States record relating to the Armenian Genocide.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. REED (for himself and Mr. COLEMAN):

S. 911. A bill to amend the Public Health Service Act to advance medical research and treatments into pediatric cancers, ensure patients and families have access to the current treatments and information regarding pediatric cancers, establish a population-based national childhood cancer database, and promote public awareness of pediatric cancers; to the Committee on Health, Education, Labor, and Pensions.

Mr. REED. Mr. President, I rise today to join my colleague, Senator Coleman, in introducing the Conquer Childhood Cancer Act.

This bipartisan legislation seeks to achieve several important goals in our battle against childhood cancer. Specifically, it will expand support for pediatric cancer research, foster the career development of more pediatric oncologists, establish a population-based national childhood database, and provide essential information and support to help families dealing with this devastating disease. Childhood cancer impacts thousands of children and their families each year. While we have made great strides in treating cancer, we have made relatively little progress in advancing our understanding of the most common forms of pediatric cancer. This legislation will provide the focus and resources to hopefully one day find a cure.

Each year, more than 12,500 children are diagnosed with cancer, and more than 2,300 of them lose their courageous battle with the disease. Pediatric cancer not only takes a toll on the child, it affects the entire family—the parents, siblings, friends, and extended family all suffer when a child has cancer. I have had the honor of meeting one such family from Warwick, RI who has taken the pain and devastation of losing their nine year old son to neuroblastoma, a very aggressive childhood cancer, and turned their tragedy into a message of hope. The Haight family is committed, in memory of their son Ben, to providing education, advocacy, and support to other families going through a similar struggle with pediatric cancer. I never had a chance to meet Ben Haight but his mother Nancy has told me of his passion for life and his tremendous sense of strength and courage. Ben fought every day during his four and a half year battle with this disease and his tragic story highlights the importance of this legislation.
