PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-95. A resolution adopted by the House of Representatives of the State of New Hampshire supporting the U.S. Mayors Climate Protection Agreement; to the Committee on Energy and Natural Resources.

HOUSE RESOLUTION No. 9

Whereas, the people of New Hampshire value clean air and water, and prioritize natural resources protection for economic growth, and better health, and quality of life for our citizens;

Whereas, the governor of New Hampshire has declared in executive order number 2005-4 that New Hampshire will lead-by-example in energy efficiency to protect public health, future economic growth, our environment, quality of life, and taxpayer dollars; and

Whereas, the use of energy for electricity, heating, cooling, and transportation has a significant effect on public health and the environment, contributing to such problems as ground-level ozone, acid rain, eutrophication of water bodies, soot, haze, mercury contamination, and climate change; and

Whereas, 5 New Hampshire cities, Dover, Keene, Manchester, Nashua, and Portsmouth, and many cities across the United States, have signed onto the U.S. Mayors Climate Protection Agreement and have reduced global warming pollution through programs that provide economic and quality of life benefits such as reduced energy bills, green space preservation, air quality improvements, reduced traffic congestion, improved transportation choices, economic development, and job creation through energy conservation and new energy technologies,

and have recognized that energy efficiency and conservation will save taxpayer money; and

Whereas, rural communities and agriculture sectors will benefit from energy efficiency and conservation and the development of a broad spectrum of renewable energy sources including wind power, biodiesel, biomass, methane digesters, and solar, including establishing additional markets for agricultural commodities, creating new uses for crops, livestock, and their byproducts, more productive use of marginal lands, improving wildlife habitat, and providing new employment opportunities; and

Whereas, significant reduction in New Hampshire's greenhouse gas emissions, diversification of in-state energy sources, and collaboration with other northeastern states will have a measurable effect on global warming and New Hampshire will lead the region with sustainable economic growth, the next generation of new technology, and dynamic job creation; and

Whereas, producing 25 percent of New Hampshire's energy demand from renewable sources by the year 2025 is realistic and presents numerous benefits for the state's communities, diversifies the business sector, protects the environment and public health, and promotes national security; now, therefore, be it

Resolved by the House of Representatives: That the New Hampshire house of representatives supports the vision of a "25 by 25" goal, whereby renewable energy will provide 25 percent of the total energy consumed in New Hampshire by the year 2025; and

That the New Hampshire house of representatives supports incentives to consumers to increase energy efficiency and conservation; and

That the New Hampshire house of representatives agrees that smart energy measures, like anti-idling policies, expanding public transportation choices, and appropriate vehicle selection for state agency uses, will help reduce air pollution and global warming gases; and

That copies of this resolution, signed by the speaker of the house of representatives be forwarded by the house clerk to the governor of New Hampshire, the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the New Hampshire congressional delegation.

POM-96. A resolution adopted by the House of Representatives of the State of New Hampshire urging Congress to take actions relative to veterans' benefits and the war in Iraq; to the Committee on Foreign Relations.

HOUSE RESOLUTION No. 10

Whereas, in the history of military campaigns for over 2 centuries beginning with the Revolutionary War, the people of the United States of America have engaged in military and diplomatic initiatives to gain and preserve freedom for all people; and

Whereas, the citizens of the state of New Hampshire strongly support the men and women serving in the United States Armed Forces in Iraq, Afghanistan, and arenas known and not yet known; and

Whereas, over 3,000 American military personnel, including 17 from New Hampshire, have died since March of 2003 in the hostilities in Iraq, and tens of thousands have returned home with significant unmet physical and other health care needs; and

Whereas, the citizens of the state of New Hampshire recognize, appreciate, and are forever thankful for the sacrifices that all of our American and New Hampshire soldiers

have made, especially those who have given their lives or been wounded in previous and current battles to protect our freedoms; and

Whereas, the unknown time line of the war in Iraq has stretched thin our National Guard and Reserves, including the New Hampshire national guard, and created a severe equipment shortage, thereby reducing the readiness level of our National Guard to fully meet its missions of responding to natural disasters, terrorism, and protecting us at home; and

Whereas, the New Hampshire house of representatives has an obligation to speak out on matters which affect the people of our state, and the ability of our government to protect us at home; now, therefore, be it

Resolved by the House of Representatives: That the New Hampshire house of representatives and the American people will continue to support and protect the members of the United States Armed Forces and the New Hampshire national guard who are serving or who have served bravely and honorably in Iraq and elsewhere; and

That the New Hampshire house of representatives disapproves of the decision of President George W. Bush, announced on January 10, 2007, to deploy more than 20,000 additional United States combat troops to Iraq; and

That the New Hampshire house of representatives calls on the Bush Administration and Congress to fund fully all benefits for veterans to appropriately care for our brave men and women when they return from this war and other combat; and

That the New Hampshire house of representatives urges the President and Congress to commence talks with the neighbors in the Middle East and begin the orderly withdrawal of American military forces from Iraq; and

That the clerk of the New Hampshire house of representatives send copies of this resolution to governor John Lynch, the president and minority leader of the New Hampshire state senate, the President of the United States, the United States Secretary of Defense, the United States Secretary of State, the President of the United States Senate, the Speaker of the United States House of Representatives, and the New Hampshire congressional delegation.
