SENATE CONCURRENT RESOLUTION NO. 137

Whereas, Louisiana suffers with one of the worst health environments in the country, including a high infant mortality rate, a high rate of low birth weight babies, and an incidence of stroke that is 1.3 times that of the rest of the country, outside of the "stroke belt"; and

Whereas, despite the best efforts of medical education institutions in Louisiana, the deficit of primary care physicians continues; and

Whereas, less than one-half of the 1998 graduates of medical education institutions in Louisiana selected a primary care specialty; and

Whereas, Louisiana University of Medical Sciences, Inc., College of Primary Care Medicine, is a non-profit organization designed to address the shortage of primary care physicians in small towns, rural areas, and underserved areas; and

Whereas, the faculty and staff of the College of Primary Care Medicine are com-

mitted to a teaching program that addresses the shortage of primary care physicians both in Louisiana and nationwide; and

Whereas, throughout the educational experience at the College of Primary Care Medicine of the Louisiana University of Medical Services, Inc., the student will be exposed to a wide variety of primary health care settings; and

Whereas, through the program at the College of Primary Care Medicine of the Louisiana University of Medical Services, Inc., the traditional basic medical sciences will be thoroughly presented, and students will be given all the tools necessary to be successful on the United States Medical Licensing Examination. Therefore, be it

Resolved, That the Legislature of Louisiana hereby memorializes the Congress of the United States to provide funding for the Louisiana University of Medical Services, Inc., College of Primary Care Medicine. Be it further

Resolved, That a copy of this Resolution be transmitted to the President of the United States, the secretary of the United States Senate, the clerk of the United States House of Representatives, and each member of the Louisiana delegation to the Congress of the United States.

POM-195. A resolution adopted by the House of Representatives of the State of Illinois urging Congress to act on legislation that would ensure the safety and well-being of the returning veterans who face mental illness caused by their fulfillment of their duties; to the Committee on Veterans' Affairs.

Whereas, A significant growth in Post-Traumatic Stress Disorder (PTSD) has been identified over the past few years with the escalation of combat veterans returning home from the Iraq and Afghanistan conflicts; nation-wide calls for more assistance for those returning with mental issues as a result of combat have been growing, and this resolution is in response to those calls; and

Whereas, As of January 2007, more than 1.6 million U. S. Servicemen and women had served in Afghanistan and Iraq; and

Whereas, In October 2005, the U. S. Department of Veterans Affairs reported that more than 430,000 U.S. soldiers have been discharged from the military following service in Afghanistan and Iraq; more than 119,000 have sought help for medical or mental health issues from the Department of Veterans Affairs to date; and

Whereas, In January 2006, the Journal of the American Medical Association reported that 35% of Iraq Veterans have already sought help for mental health concerns; a 2003 New England Journal of Medicine Study found that more than 60% of Operation Iraqi Freedom/Operation Enduring Freedom veterans showing symptoms of PTSD were unlikely to seek help due to fears of stigmatization or loss of career advancement opportunities; and

Whereas, In 2005, the Department of Veterans Affairs reported that 18% of Afghanistan Veterans and 20% of Iraq Veterans in their care were suffering from some type of service-connected psychological disorder; and

Whereas, The Department of Veterans Affairs has seen a tenfold increase in PTSD cases in 2006; according to the VA, more than 37,000 Vets of Iraq and Afghanistan are suffering from mental health disorders, and more than 16,000 have already been diagnosed with PTSD; and

Whereas, According to the Army, since March 2003, at least 45 U.S. soldiers and 9 Marines have committed suicide in Iraq; at least 20 soldiers and 23 Marines have committed suicide since returning home, though exact numbers are not available; and

Whereas, The United States Congress is currently considering H.R. 612, H.R. 1538, S. 713, and H.R. 1268, which address the tragic Post-Traumatic Stress Disorder situation among our returning veterans; therefore, be it

Resolved, by the House of Representatives of the Ninety-fifth General Assembly of the State of Illinois, that our returning veterans deserve the very best in healthcare, including mental care, and that both the Federal Government and State Governments must work together to provide this healthcare; and be it further

Resolved, That the State of Illinois wishes to be a model State for the medical care that we offer to our returning soldiers in joint partnership with the Federal Government; and be it further

Resolved, That we urge Congress to act on H.R. 612, H.R. 1538, S. 713, and H.R. 1268 for the safety and well-being of our returning veterans who face mental illness caused by their fulfillment of their duties; and be it further

Resolved, That suitable copies of this resolution be sent to the Majority Leader and the Minority Leader of the U.S. Senate, the Speaker and the Minority Leader of the U.S. House of Representatives, the Illinois Congressional Delegation, and the Director of the Illinois Department of Veterans' Affairs.
