FURTHER CHANGES TO S. CON.
RES. 21

Mr. CONRAD. Mr. President, pursuant to section 301 of S. Con. Res. 21, I previously filed revisions to S. Con. Res. 21, the 2008 budget resolution. Those revisions were made for legislation reauthorizing the State Children's Health Insurance Program, SCHIP.

The Senate passed H.R. 976 on August 2. To preserve the adjustment for SCHIP legislation, I am further revising the 2008 budget resolution and reversing the adjustments previously made pursuant to section 301 to the aggregates and the allocation provided to the Senate Finance Committee. Assuming it meets the conditions of the deficit-neutral reserve fund specified in section 301, I will again adjust the aggregates and the Senate Finance Committee's allocation for final SCHIP legislation.

I ask unanimous consent to have the following revisions to S. Con. Res. 21 printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

FOOD AND DRUG ADMINISTRATION
AMENDMENTS ACT

Mr. ALEXANDER. Mr. President, last week the Senate passed H.R. 3580, the Food and Drug Administration Amendments Act of 2007, and sent it on to the President for his signature. This is the biggest drug safety reform in a decade, and I was proud to support it. Among other things, this legislation will help the FDA do a better job approving and monitoring prescription drugs and medical devices, encourage the research and development of medical treatments for children, and provide needed resources to the FDA.

I am very pleased that the incentive which encourages more studies of medicines in children was preserved in the final version of this bill. Over the last 10 years, this program has helped provide worried parents and concerned physicians with information they need to make better decisions in prescribing treatment for young children. By extending drug patents in exchange for additional research on how these drugs affect children, this program has prompted studies on 144 products and led to 122 label changes on some of the most frequently prescribed medicines for children. Clearly the system works and should be continued, especially since to date only a third of drugs prescribed to children have been studied and labeled for children.

I also am pleased that this legislation reinforces FDA's broad authority over prescription drug labels. Under current law, States are preempted from substituting their judgment for the FDA's scientific decisions based on exhaustive reviews of clinical data. If this weren't the case, medicine labels would become so overwhelmed with warnings designed to avert lawsuits that most Americans will simply stop paying attention to them.

Additionally, Congress has decided to give FDA the authority to make expedited labeling changes, so that when prescription drug safety problems are identified the FDA and drug manufacturers can work together to quickly update product labels to ensure that the American people have the latest safety information. If a drug manufacturer comes to the FDA in good faith

to discuss the possible need for an expedited labeling change—and if the FDA does not respond in a timely manner or decides that the science does not require a labeling change—then that drug manufacturer should not be subject to frivolous lawsuits.

I am pleased that Congress came together in a bipartisan manner to approve this legislation. It can serve as a model for how the parties can come together to pass other meaningful bills during the remainder of the 110th Congress.

ADDITIONAL STATEMENTS

HONORING THE LIFE OF DR.
EDWARD M. GRAMLICH

● Mr. LEVIN. Mr. President, I would like to honor the life of Dr. Edward M. Gramlich, who recently passed away at the age of 68. Dr. Gramlich was an outstanding and dedicated public servant whose expertise, knowledge, and counsel were highly sought after among the leaders of Michigan's economic and academic communities.

Dr. Gramlich will be best remembered as a pragmatic economist who championed the cause of consumer protection and sought to tighten mortgage lending practices. Appointed to the Board of Governors of the Federal Reserve System in 1997 by President Clinton, Dr. Gramlich brought a balanced view to the Reserve Board that included a deep respect for consumer-protection issues. For years he warned of the looming crisis in the mortgage industry, citing excessive fees and high cost mortgages offered to those who could not afford them. In June of this year, while undergoing medical treatment, Dr. Gramlich published a timely critique of these practices entitled "Sub-prime Mortgages: America's Latest Boom and Bust," which both assessed the issue and offered timely solutions to the problem.

In 2005, Dr. Gramlich resigned from the Fed to return as interim provost to the University of Michigan, where he enjoyed a decades-long affiliation. He held a number of distinguished positions there throughout his career, including as a professor of economics and public policy, chair of the Economics Department, and Dean of the Ford School of Public Policy. Other important positions included Dr. Gramlich's service as chair of the Air Transportation Stabilization Board after the attacks of September 11, 2001; deputy director and acting director of the Congressional Budget Office; senior fellow at the Brookings Institute; and director of the Policy Research Division at the Office of Economic Opportunity.

Prior to his work with the Reserve Board, Dr. Gramlich served as chairman of the Neighborhood Reinvestment Corporation. In that capacity Dr. Gramlich worked to urge legislators to clamp down on predatory lending practices and to toughen regulations on

banks and mortgage lenders. During his tenure at the Fed, his strong calls for regulation were often met with resistance from a system that favors industry self-regulation. Given today's mortgage and credit crises, we cannot help but wonder "what if" with respect to many of those decisions. In any event, as Congress and the States seek ways to grapple with the current situation, Dr. Gramlich's work on consumer protection issues and his insightful analyses will undoubtedly have significant influence.

Dr. Gramlich is mourned by many in Michigan and across the country, including his wife Ruth; his children, Sarah Howard and Robert; his parents, J. Edward and Harriet; as well as many other family members, friends, and colleagues. Dr. Gramlich made an extraordinary impact throughout his life, and I hope that those mourning this loss find comfort in the significant legacy he leaves behind.●

MESSAGES FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Mr. Williams, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting a nomination and a withdrawal which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)
