Whereas Everglades National Park has been designated an International Biosphere Reserve, a World Heritage Site, and a Wetland of International Importance, in recognition of its significance to all the people of the world;

Whereas the Everglades ecosystem encompasses 3,000,000 acres of wetlands and is the largest subtropical wilderness in the United States featuring slow-moving freshwater that flows south from Lake Okeechobee through sawgrass and tree islands to the mangroves and seagrasses of Florida Bay;

EXPRESSING THE CONDOLENCES OF THE SENATE TO THOSE AFFECTED BY THE TRAGIC EVENTS OF DECEMBER 5, 2007, AT WESTROADS MALL IN OMAHA, NEBRASKA

Mr. REID. Mr. President, I ask unanimous consent the Senate proceed to the immediate consideration of S. Res. 393, submitted earlier today.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 393), expressing the condolences of the Senate to those affected by the tragic events of December 5, 2007, at Westroads Mall in Omaha, NE.

There being no objection, the Senate proceeded to consider the resolution.

Mr. NELSON of Nebraska. Mr. President, I rise today to honor and remember the victims of yesterday’s tragic shooting in Omaha, NE. I know every one of my colleagues joins me in extending our prayers and deepest sympathies to the families and friends of the victims and the entire Omaha community.

On Wednesday, December 5, 2007, the worst mass slaying in Nebraska history

occurred at the Westroads Mall in Omaha, claiming the lives of eight victims. The names of those victims are: shoppers Gary Sharf of Lincoln, NE, and John McDonald of Council Bluffs, IA; and store employees Angie Schuster, Maggie Webb, Janet Jorgensen, Diane Trent, Gary Joy, and Beverly Flynn, all of Omaha. We must never forget these individuals or the horrible tragedy which took them from us.

In addition, five people were wounded. Nebraska stands with each of them on their road to recovery.

I concur with the words of Omaha Mayor Mike Fahey, who said, “We are a community who will grieve this loss. Omaha is a good city with wonderful people.”

At Westroads Mall, this time of year is especially lovely with holiday decorations and music. That peace and tranquility were forever shattered by this senseless act of violence. Today, many Nebraskans are asking, “Why?” but there are no answers.

We are shocked, grief-stricken and in complete disbelief. Things like this should not happen anywhere, but headlines like these are unexpected in places such as Omaha. Our community has been altered forever—a sentiment reflected in today’s headline in the state’s largest newspaper, which declared: “It Happened To Us.”

So, now as we are celebrating what should be the most joyous season of the year, Nebraskans are preparing to bury our dead. And we are praying. We ask the nation to continue to pray with us; and on behalf of my fellow Nebraskans, I thank you for all the prayers and expressions of sympathy we have received.

Mr. REID. I ask unanimous consent the resolution be agreed to, the preamble be agreed to, the motions to reconsider be laid on the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 393) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 393

Whereas, on Wednesday, December 5, 2007, the worst mass slaying in Nebraska history occurred at Westroads Mall in Omaha;

Whereas lives were tragically lost, and others were wounded;

Whereas the people of Omaha have embraced those affected and will continue to offer support to their neighbors who have suffered from this tragedy; and

Whereas the community of Omaha will endure the aftereffects of this tragedy to emerge stronger than it was before: Now, therefore, be it

Resolved, That the Senate—

(1) expresses its heartfelt condolences to the friends and families of those who lost their lives in the tragic shooting on December 5, 2007, at Westroads Mall in Omaha, Ne-

braska: Gary Sharf of Lincoln, Nebraska, John McDonald of Council Bluffs, Iowa, and Angie Schuster, Maggie Webb, Janet Jorgensen, Diane Trent, Gary Joy, and Beverly Flynn, all of Omaha;

Mr. REID. Mr. President, I ask unanimous consent we now proceed to the immediate consideration of S. Res. 394, submitted earlier today.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 394) recognizing the 100th anniversary of the founding of the American Association for Cancer Research and declaring the month of May 2008 as National Cancer Research Month.

There being no objection, the Senate proceeded to consider the resolution.

Mr. REID. I ask unanimous consent the resolution be agreed to, the preamble be agreed to, the motions to reconsider be laid on the table, and any statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 394) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 394

Whereas the American Association for Cancer Research, the oldest and largest scientific cancer research organization in the United States, was founded on May 7, 1907, at the Willard Hotel in Washington, DC, by a group of physicians and scientists interested in research to further the investigation into and spread new knowledge about cancer;

Whereas the American Association for Cancer Research is focused on every aspect of high-quality, innovative cancer research and is the authoritative source of information and publications about advances in the causes, diagnosis, treatment, and prevention of cancer;

Whereas, since its founding, the American Association for Cancer Research has accelerated the growth and dissemination of new knowledge about cancer and the complexity of this disease to speed translation of new discoveries for the benefit of cancer patients, and has provided the information needed by elected officials to make informed decisions on public policy and sustained funding for cancer research;

Whereas partnerships with research scientists and the general public, survivors and patient advocates, philanthropic organizations, industry, and government have led to advanced breakthroughs, early detection tools which have increased survival rates, and a better quality of life for cancer survivors;

Whereas our national investment in cancer research has yielded substantial returns in terms of research advances and lives saved, with a scholarly estimate that every 1 percent decline in cancer mortality saves our national economy \$500,000,000,000;

Whereas cancer continues to be one of the most pressing public health concerns, killing 1 American every minute, and 12 individuals worldwide every minute;

Whereas the American Association for Cancer Research Annual Meeting on April 14 through 18, 2007, was a large and comprehensive gathering of leading cancer researchers, scientists, and clinicians engaged in all aspects of clinical investigations pertaining to human cancer as well as the scientific disciplines of cellular, molecular, and tumor biology, carcinogenesis, chemistry, developmental biology and stem cells, endocrinology, epidemiology and biostatistics, experimental and molecular therapeutics, immunology, radiobiology and radiation oncology, imaging, prevention, and survivorship research;

Whereas, as part of its centennial celebration, the American Association for Cancer Research has published "Landmarks in Cancer Research" citing the events or discoveries after 1907 that have had a profound effect on advancing our knowledge of the causes, mechanisms, diagnosis, treatment, and prevention of cancer;

Whereas these "Landmarks in Cancer Research" are intended as an educational, living document, an ever-changing testament to human ingenuity and creativity in the scientific struggle to understand and eliminate the diseases collectively known as cancer;

Whereas, because more than 60 percent of all cancer occurs in people over the age of 65, issues relating to the interface of aging and cancer, ranging from the most basic science questions to epidemiologic relationships and to clinical and health services research issues, are of concern to society; and

Whereas the American Association for Cancer Research is proactively addressing these issues paramount to our aging population through a Task Force on Cancer and Aging, special conferences, and other programs which engage the scientific community in response to this demographic imperative: Now, therefore, be it

Resolved, That the Senate—

(1) congratulates the American Association for Cancer Research on its 100 year anniversary celebration, "A Century of Leadership in Science—A Future of Cancer Prevention and Cure";

(2) recognizes the invaluable contributions made by the American Association for Cancer Research in its quest to prevent and cure cancer and save lives through cancer research;

(3) expresses the gratitude of the people of the United States for the American Association for Cancer Research's contributions toward progress in advancing cancer research; and

(4) declares the month of May 2007 as National Cancer Research Month to support the American Association for Cancer Research in its public education efforts to make cancer research a national and international priority, so that one day the disease of cancer will be relegated to history.

NATIONAL CARDIOPULMONARY RESUSCITATION WEEK

Mr. REID. Mr. President, I ask unanimous consent that the HELP Committee be discharged charged from further consideration of S. Con. Res. 54 and that the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the concurrent resolution by title.

The legislative clerk read as follows:

A concurrent resolution (S. Con. Res. 54) supporting the designation of a week as "National Cardiopulmonary Resuscitation and Automated External Defibrillator Awareness Week."

There being no objection, the Senate proceeded to consider the concurrent resolution.

Mr. REID. Mr. President, I ask unanimous consent that the concurrent resolution be agreed to, the preamble be agreed to, and the motions to reconsider be laid upon the table.

The PRESIDING OFFICER. Without objection, it is so ordered.

The concurrent resolution (S. Con. Res. 54) was agreed to.

The preamble was agreed to.

The concurrent resolution, with its preamble, reads as follows:

S. CON. RES. 54

Whereas heart disease remains the leading cause of death in the United States;

Whereas heart disease affects men, women, and children of every age and race in the United States, regardless of where they live;

Whereas approximately 325,000 coronary heart disease deaths annually occur out of hospital or in an emergency room;

Whereas approximately 95 percent of sudden cardiac arrest victims die before arriving at the hospital;

Whereas sudden cardiac arrest results from an abnormal heart rhythm in most adults;

Whereas in 27.4 percent of cases of sudden cardiac arrest, the victim is located in a place other than a hospital and receives cardiopulmonary resuscitation by a bystander;

Whereas prompt delivery of cardiopulmonary resuscitation more than doubles the chance of survival from sudden cardiac arrest by helping to maintain vital blood flow to the heart and brain, increasing the amount of time that an electric shock from a defibrillator can be effective;

Whereas an automated external defibrillator, even when used by a bystander, is safe, easy to operate, and highly effective in restoring a normal heart rhythm, significantly increasing the chance of survival for many victims if used immediately after the onset of sudden cardiac arrest;

Whereas death or severe brain injury is likely to occur unless resuscitation measures are started no later than 10 minutes after the onset of sudden cardiac arrest;

Whereas the interval between the 911 call and the arrival of EMS personnel is typically longer than 5 minutes, and achieving high survival rates therefore depends on a public trained in cardiopulmonary resuscitation and automated external defibrillator use; and

Whereas the American Heart Association, the American Red Cross, and the National Safety Council are preparing related public awareness and training campaigns on cardiopulmonary resuscitation and automated external defibrillation to be held during the first week of June each year: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That the Congress—

(1) supports the goals and ideals of a National Cardiopulmonary Resuscitation and Automated External Defibrillator Awareness Week to establish well-organized programs to increase public training in cardiopulmonary resuscitation and automated external defibrillator use and to increase public access to automated external defibrillators; and

(2) calls upon the people of the United States and interested organizations to ob-

serve such a week with appropriate ceremonies and activities.
