

someone who will investigate; if they have any evidence—in other words, they have been able to get to a doctor and have the evidence from a rape kit—indeed, that evidence is lost, the counseling is not there, and they are left on their own.

The United States military actually has done a pretty good job of this for military personnel, not so with contractor personnel. There are laws on the books that protect contractor personnel. But out of the 26 known cases we know of, of raping American women—contractor personnel—not one of them has been prosecuted.

So the amending of the Defense Authorization Act with this new requirement will require—you would think common sense would tell you the contractors would do this. But, no. In 26 alleged cases, there has not been one prosecution, and certainly no conviction. So it is my hope this will mandate to the contractors they have to report the offenses and they have to provide the victims and witnesses protection and assistance.

In this one case, which was so dramatic, Mrs. Dawn Leamon had come forth for the first time when she testified to our subcommittee. The intimidation of her not doing anything about this gang rape was so severe that when she finally left the forward operating base to go to another forward operating base, where she could first seek assistance, she was given a thumb drive of photographs. Normally, these would just be photographs of the fellow contractors and so forth.

But let me tell you what one of those photographs was. And one day I am going to bring that photograph over here in its blown-up form, which we showed in the committee, so that the Senate can see how dramatic this is. There are three of her male contractor personnel. As they are all three facing the camera, one of them is like this, another one is like this, and the third one is like this: Hear no evil, see no evil, speak no evil—a message that there is no sense in her trying to do anything, that they do not know anything.

This is the kind of lack of protection that is allowed to have been going on that has to stop. I thank Senator LEVIN, the chairman of the Armed Services Committee, and Senator WARNER, who is the acting ranking member of the Armed Services Committee, for letting this Senator bring that to the attention of our committee when we marked up and amended the Defense authorization bill.

Mr. President, I yield the floor and suggest the absence of a quorum.

The ACTING PRESIDENT pro tempore. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. REID. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

Mr. REID. Mr. President, I would ordinarily ask consent to proceed to a

bill prior to filing a cloture motion on the motion to proceed. But I will not do so today because there is no one on the other side to object.

#### FLOOD INSURANCE REFORM AND MODERNIZATION ACT OF 2007—MOTION TO PROCEED

Mr. REID. Mr. President, I now move to proceed to Calendar No. 460, S. 2284, the National Flood Insurance Act Amendments.

Before sending a cloture motion to the desk, I told the minority leader yesterday I was filing this and that this would be the thing we would go to as soon as we finish FAA. I hope that it is not necessary to have a vote for cloture. I hope they will allow us to move to FAA on Tuesday. If they do, we will proceed quickly to move to this flood insurance act.

#### CLOTURE MOTION

Mr. REID. Mr. President, I sent a cloture motion to the desk.

The legislative clerk read as follows:
