

levels. Specifically, the money will be spent on curriculum development, student training, outreach and recruiting efforts, and establishing a corrosion testing and teaching laboratory.

The direct annual costs of corrosion for the Department of Defense are estimated to be more than \$20 billion. Preventing or slowing the forces of corrosion could result in enormous cost savings for not only the Department of Defense, but the government as a whole. Additionally, the debilitating effects of corrosion have been documented to have a significant impact on readiness and in-theater operability. A key factor in combating corrosion is the availability of an educated workforce that can integrate corrosion considerations at the earliest stages of the acquisition process. This project will develop appropriate curriculum that will result in a pipeline of qualified corrosion engineers.

Address of Requesting Entity: 101 Constitution Ave, NW Suite 500 West Washington, DC 20001.

Description of Request: To provide an earmark of \$800,000 to fund complete research, development, testing and evaluation of a redesigned Accessory Gear Box (AGB) for the CH-47F Chinook helicopter. The redesigned AGB will give the operator and maintainer of the CH-47F Chinook fleet a 200 percent improvement in AGB reliability, which is critical to mission readiness. The redesigned AGB will increase reliability, durability, and safety. In addition to the Army's CH-47F, the redesigned AGB will also be compatible with Special Operations MH-47s, the Air Force Combat Search and Rescue (CSAR-X) aircraft, and our allies' CH-47 helicopter fleets.

Address of Requesting Entity: 1700 Old Mansfield Road Wooster, OH 44691.

Description of Request: To provide an earmark of \$800,000 to address the needs of the U.S. military's tactical wheeled fleets to significantly reduce fuel consumption and improve vehicle performance and mobility. Specifically, the money will be spent 60 percent on salaries and labor, 20 percent on materials, and 20 percent on hybrid system and vehicle testing.

This research and development will produce advanced Hydraulic Hybrid Vehicle technology that will improve fuel economy by up to 60 percent for the tactical wheeled fleet, reduce the required logistics support footprint, and reduce maintenance and replacement costs due to a reduction in brake wear. The benefits to the U.S. military are many, including supporting the American warfighter, conserving energy, improving cost-effectiveness, and reducing the Department of Defense's dependence on fossil fuels and foreign oil.

DR. ED YOUNG

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 25, 2008

Mr. POE. Madam Speaker, Jesus told the well-known parable of a shepherd who owned 100 sheep, Luke 15:3-7. When the shepherd discovered that one of his sheep was missing, he left the 99 secure and went back to find the lost one. The point is that every sheep is important. "The Lord is . . . not willing that any should perish", 2 Peter 3:9. Today, I am proud to honor long time shepherd, Dr. Ed Young, and his ministry as he celebrates 30 years with Second Baptist Church in Houston, Texas.

Dr. Young became the pastor of Second Baptist Church in 1978 and continues to minister today. Under Dr. Young's leadership in 1979, Second Baptist started its weekly broadcast of the church's worship services on local television station, Channel 39. The purpose of the weekly broadcast was to create interest in local residents and minister inside and outside of the church network.

Dr. Young was elected President of The Southern Baptist Convention in both 1992 and 1993. He has also authored a number of books, including *The Winning Walk: Outfitting for the Christian Adventure*, *The 10 Commandments of Parenting*, and *Total Heart Health*.

Dr. Young is host of the broadcast radio show, *The Winning Walk*, named after his first book. The *Winning Walk* television broadcast has also emerged. Both programs and the Internet outreach have produced national and international exposure.

Since his start, Second Baptist has grown from 2,000 members to more than 48,000 members in five different campuses. Dr. Young and Second Baptist's ministry has not only spread throughout Houston, but has reached people worldwide.

Dr. Ed Young was born on August 11, 1936 in Laurel Mississippi. He was inspired by his pastor's wife, Mrs. Gates, who led him to faith at the age of 12.

Dr. Young attended University of Alabama for half a semester before leaving. After being

challenged about his faith by a dorm-mate at the University, Dr. Young decided to seek out God's purpose in his life. He transferred to Christian University, Mississippi College, where he continued his education and prepared himself for his future ministry. He later attended Southeastern Baptist Theological Seminary in Wake Forest, North Carolina and remained in the area, where he got his first pastoral experience. After ministering in North and South Carolina for a while, he and his wife, Jo Beth, moved to Houston, Texas.

On behalf of the Second Congressional District of Texas, I want to congratulate my long time friend Dr. Ed Young for his 30 years at Second Baptist Church and honor his ministries that have touched numbers of people worldwide.

And that's just the way it is.

IN HONOR OF FRED SHELDON,
PRESIDENT OF THE NATIONAL
RURAL WATER ASSOCIATION

HON. CATHY McMORRIS RODGERS

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 25, 2008

Mrs. McMORRIS RODGERS. Madam Speaker, I rise today to congratulate Mr. Fred Sheldon as he becomes the new President of the National Rural Water Association. Fred is to be commended for his dedication to keeping our water and environment clean and healthy.

Fred has served on the Executive Board of National Rural Water for 8 years. His commitment to serve America's communities has included several terms as Board President and Vice President of the association. He was also instrumental in the establishment of Evergreen Rural Water of Washington in 1994.

As a professional in the field, Fred is dedicated to helping ensure a safe drinking water supply for all of us to use and enjoy. I am sure that National Rural Water will be in excellent hands for the duration of Mr. Sheldon's 2-year tenure.

Madame Speaker, I invite my colleagues to join me in commending Fred for his excellent work stewarding our natural resources and in congratulating him as he starts his new position as President of the National Rural Water Association.

ON THE IMPORTANCE OF EXTENDING
FOSTER CARE SERVICES
THROUGH AGE 21

HON. GEORGE MILLER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, September 25, 2008

Mr. GEORGE MILLER of California. Madam Speaker, the House and the Senate recently approved an important bill to make significant reforms to our child welfare system, including provisions to address the serious and urgent need to provide vital support to foster youth during their transition to independent adulthood. One provision of the bill in particular allows states to voluntarily extend foster care to age 21 from its current limit of 18 years of age. The President is expected to sign H.R.
