PROVIDING FOR CONSIDERATION OF H.R. 1404, FEDERAL LAND ASSISTANCE, MANAGEMENT AND ENHANCEMENT ACT

Mr. POLIS. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 281 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 281

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 1404) to authorize a supplemental funding source for catastrophic emergency wildland fire suppression activities on Department of the Interior and National Forest System lands, to require the Secretary of the Interior and the Secretary of Agriculture to develop a cohesive wildland fire management strategy, and for other purposes. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived except those arising under clause 9 or 10 of rule XXI. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chair and ranking minority member of the Committee on Natural Resources. After general debate the bill shall be considered for amendment under the five-minute rule. The bill shall be considered as read. All points of order against provisions in the bill are waived. Notwithstanding clause 11 of rule XVIII, no amendment to the bill shall be in order except those printed in the report of the Committee on Rules accompanying this resolution. Each such amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the report, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against such amendments are waived except those arising under clause 9 or 10 of rule XXI. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. The previous question shall be considered as ordered on the bill and amendments thereto to final

passage without intervening motion except one motion to recommit with or without instructions.

The SPEAKER pro tempore (Mr. ROSS). The gentleman from Colorado is recognized for 1 hour.

Mr. POLIS. Mr. Speaker, for the purpose of debate only, I yield the customary 30 minutes to my colleague on the Rules Committee, the gentleman from Florida (Mr. LINCOLN DIAZ-BALART). All time yielded during consideration of the rule is for debate only.

GENERAL LEAVE

Mr. POLIS. I ask unanimous consent that all Members have 5 legislative days within which to revise and extend their remarks and to insert extraneous materials.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Colorado?

There was no objection.

Mr. POLIS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, House Resolution 281 provides for consideration of H.R. 1404, the Federal Land Assistance Management and Enhancement, or FLAME, Act under a structured rule. The rule provides 1 hour of general debate controlled by the Committee on Natural Resources.

The rule makes in order 13 amendments, which are listed on the Rules Committee report accompanying the resolution. Each amendment is debatable for 10 minutes. The rule also provides one motion to recommit, with or without instructions.

All Members were given an opportunity to submit amendments to the Rules Committee on the bill, and a number of Members on both sides of the aisle did so: 21 amendments were submitted to the Rules Committee on this bill; two amendments were subsequently withdrawn; and three amendments were nongermane to the underlying bill. Of the remaining 16, 13 were made in order, five of those from Republican sponsors. This was a very fair rule and a very fair process.

My district and the State of Colorado are tied closely to the lands and landscapes that our citizens interact with on a daily basis. These landscapes are majestic and rugged, and define the character of Colorado. The FLAME Act ends a cycle of growing costs for fighting wildfires. These costs are draining the coffers of our Federal land management agencies.

The character of our wilderness is being tested every summer when districts like mine and many others face the threat of wildfires, and anxiety grows in the minds of mountain residents and local communities. This anxiety has grown in recent years due to the health of forests, which has worsened.

Mr. Speaker, the FLAME Act is a bill of personal interest to me and the residents of Colorado. My district, like many Western districts, is dealing with a mountain pine beetle outbreak of
