

in Congress in 1973, Congressman Regula's greatest years of serving our country were still ahead of him.

His leadership was apparent immediately. As a freshman member, alongside Congressman John Seiberling, he fought hard to have President Ford establish the Cuyahoga Valley National Recreation Area.

Congressman Regula continued his fight to help build and protect the Cuyahoga Valley over the next 34 years of his career.

In 1974, Congressman Regula said “. . . we could be the architects in preserving this heritage for future generations; it goes far beyond today in terms of the potential.”

Today, that potential has been fully recognized.

The Cuyahoga Valley National Park is one of the most heavily visited national parks in the country.

It is one of the great treasures Congressman Regula has left us. And, I am privileged to be able to carry on his efforts to continue to preserve and expand the Park.

I want to thank Senator BROWN and Congressman BOCCIERI for leading the effort on this bill.

No one is more deserving of this great honor than Congressman REGULA. He left a great legacy for all of us to live up to.

It is clear that the citizens of Canton and the 16th congressional district are eternally grateful for his endless contributions.

I thank him for his service, and I am glad to be a part of this effort to recognize his importance by helping to pass this bill.

EARMARK DECLARATION

HON. VERN BUCHANAN

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 16, 2009

Mr. BUCHANAN. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 2847, the Commerce, Justice, Science Appropriations Act, 2010:

Requesting Member: Congressman VERN BUCHANAN

Bill Number: H.R. 2847

Account: NOAA—Operations, Research, and Facilities

Legal Name of Requesting Entity: Mote Marine Laboratory

Address of Requesting Entity: 1600 Ken Thompson Parkway, Sarasota, Fl. 34236

Description of Request: I secured \$1,500,000 for Science Consortium for Ocean Replenishment (SCORE) at Mote Marine Laboratory.

SCORE is a multi-state initiative for the recovery of the nation's ocean fisheries. Its approach is to replenish diminishing marine fisheries stocks based on scientific protocols developed through a highly coordinated national effort focused on demonstration of successful stock enhancement. This fast-track strategy has the potential to be more cost-effective and timely than policy measures traditionally used to conserve and sustain ocean resources.

IN MEMORY OF VIRGINIA APGAR OF WESTFIELD, NJ

HON. LEONARD LANCE

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 16, 2009

Mr. LANCE. Madam Speaker, I rise today in honor of Dr. Virginia Apgar of Westfield, New Jersey to celebrate her life and achievements with her family and friends, and with my colleagues here in the United States Congress and with the American people.

Were she still alive today Dr. Apgar would have observed her 100th birthday this month.

Born on June 7, 1909, Dr. Apgar enjoyed a long distinguished career in medicine, education, public health and devoted a significant amount of efforts to preventing birth defects of infants around the world.

Educated at Mount Holyoke College and Columbia University, she became the director of anesthesiology at Columbia University's College of Physicians and Surgeons in 1938. In 1949, Dr. Apgar became the first full-time professor of her gender at Columbia University, overcoming the challenges for exceptionally talented women in higher education.

While millions of parents around the world in the last half of this century may not have known Dr. Apgar, they do know her last name well. The Apgar Score—which she created in 1952—is a straightforward and efficient system designed to evaluate the vital signs of newborns at birth. It is still in use today around the world.

The method she developed was the first time in public health that addressed the needs of newborns in the very early minutes of their
