

PERSONAL EXPLANATION

HON. LARRY KISSELL

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 8, 2009

Mr. KISSELL. Madam Speaker, on Tuesday, July 7, 2009, I missed two rollcall votes as I was attending a meeting in North Carolina concerning my state's higher educational system. Had I been present, I would have voted "aye" on rollcall numbers 478 and 479.

HONORING T. MICHAEL NICHOLSON

HON. ERIC J.J. MASSA

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 8, 2009

Mr. MASSA. Madam Speaker, I rise today to honor T. Michael Nicholson, a man who has suffered tremendous personal loss but has used it as inspiration to help others.

Michael at a young age, in a desire to help his community became a volunteer firefighter. He was only a junior in high school. He joined the Bushnell's Basin Volunteer Fire Department in the town of Perinton. Six months after joining he was struck by a car while directing traffic to a fire scene. Michael was severely injured and was given a 50% chance of living.

His legs were broken, his back was broken, and his skull was fractured. Michael was in a coma for three weeks which he was not expected to come out of.

The State of New York agreed to compensate Michael with eighty dollars a week for what they deemed partial disability.

However, the long term effects Michael suffered from prevented him from living a normal life and \$80 a week was insufficient to live on. He pled his case to an administration law judge with hopes of being allowed a total permanent disability status.

His request being denied, Michael was told, "If you want to do anything about this, then change the workers' compensation law."

So he did.

Using this as inspiration Michael has led a crusade to overhaul the way the workers compensation system treats firefighters. Against all odds he has scored victories in the State Senate and Assembly where a law was created to bring the weekly benefit rate up to \$400. This was a significant increase especially since some firefighters were trying to live off of \$25 a week.

On November 29th 1992 the United States Department of Justice created the Public Safety Officer Disability Benefit which awards federal benefits to any Public Safety Officer in the United States who is permanently disabled from an "in the line-of-injury" suffered in their community.

Disabled firefighters have Michael Nicholson to thank for this. With his hard work and drive he was able to fix what was unfair and it is for this reason I honor him

EARMARK DECLARATION

HON. GLENN THOMPSON

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 7, 2009

Mr. THOMPSON of Pennsylvania. Madam Speaker, pursuant to the Republican standards on earmarks, I am submitting the following information regarding earmarks I received as a part of H.R. 2997, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Act, 2010. The entity to receive funding is the Pennsylvania State University, 117 Old Main, University Park, PA 16802, in the amount of \$349,000. Funding will be used for a project at Penn State that has a goal of improving dairy farm profitability throughout the Commonwealth.

EARMARK DECLARATION

HON. ADAM H. PUTNAM

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 8, 2009

Mr. PUTNAM. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 2997, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2010.

Requesting Member: Congressman ADAM H. PUTNAM

Bill Number: H.R. 2997

Account: National Institute of Food and Agriculture

Project Funding Amount: \$300,000

Legal Name of Requesting Entity: Hillsborough County/University of Florida

Address of Requesting Entity: University of Florida, Institute for Food and Agriculture Sciences, Post Office Box 110180, Gainesville, FL 32611-0180

Description of Request: The Hillsborough County—Ruskin Tropical Aquaculture Laboratory is a cooperative venture of Hillsborough County and the University of Florida. Research from the laboratory provides much needed science-based technologies in nutrition, reproduction, health, and water quality management issues for the tropical ornamental aquaculture industry, based primarily in the county.

Requesting Member: Congressman ADAM H. PUTNAM

Bill Number: H.R. 2997

Account: National Institute of Food and Agriculture

Project Funding Amount: \$1,217,000

Legal Name of Requesting Entity: University of Florida

Address of Requesting Entity: University of Florida, Institute for Food and Agriculture Sciences, Post Office Box 110180, Gainesville, FL 32611-0180

Description of Request: For critical continuation and expansion of vital Citrus Greening and Citrus Canker research to improve technologies for treatment and detection, methods of movement and containment, and means to control and eliminate these devastating diseases.

Requesting Member: Congressman ADAM H. PUTNAM

Bill Number: H.R. 2997

Account: National Institute of Food and Agriculture

Project Funding Amount: \$6,677,000

Legal Name of Requesting Entity: University of Florida

Address of Requesting Entity: University of Florida, Institute for Food and Agriculture Sciences, Post Office Box 110180, Gainesville, FL 32611-0180

Description of Request: The Tropical/Subtropical Agricultural Research (T-STAR) program conducts research and education for interdiction, eradication, and suppression of invasive plants, animals, insects and disease. The objective of this critical initiative is to develop strategies and tactics to stem the influx of invasive species into the United States to protect American agriculture.

Requesting Member: Congressman ADAM H. PUTNAM

Bill Number: H.R. 2997

Account: Animal and Plant Health Inspection Service (APHIS)

Project Funding Amount: \$43.6 million

Legal Name of Requesting Entity: U.S. Department of Agriculture

Address of Requesting Entity: U.S. Department of Agriculture, 14th and Independence Avenue, SW., Washington, DC 20250

Description of Request: Due to the rapidly spreading nature of citrus pests and disease and their enormous potential economic impact, it is important that the Federal government actively support a coordinated plan to control, suppress and prevent further spread of the Citrus Greening and Citrus Canker through the Citrus Health Response Plan.

U.S. PATENT AND TRADEMARK
OFFICE FUNDING

SPEECH OF

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 7, 2009

Mr. MORAN of Virginia. Mr. Speaker, I rise in strong support of H.R. 3114, and commend the Chairman for his leadership in acting so swiftly to rectify this situation.

The U.S. Patent & Trademark Office, located in my District, is funded entirely by the user fees it collects; it does not draw any taxpayer funds from the general Treasury.

Like many other businesses and industries, the PTO has seen significant reductions in its revenues as a result of economic belt-tightening by its customers. In response, PTO has already enacted over \$140 million in budget cuts and cost-savings measures. PTO has instituted a hiring freeze, curtailed non-bargaining unit performance awards, stopped overtime for many workers and significantly reduced contracts, travel, supplies and other non-essential overhead expenses.

In the meantime, we must ensure that the USPTO can continue to maintain its personnel level and perform its critical mission of examining and granting patents that promote innovation and create jobs. As a result, a serious budget situation has developed. Absent adoption of this legislation approximately 9,000 patent office employees would be subject to furloughs during the last pay period of FY09 (last two weeks of September).
