The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

The Chair recognizes the gentleman from New York.

□ 1230

Ms. VELÁZQUEZ. I rise in support of H.R. 2965, updating and enhancing the Small Business Administration's Small Business Innovation Research and Small Business Technology Transfer programs.

Mr. Chairman, I yield myself such time as I may consume. I rise in support of H.R. 2965, which will reauthorize and improve the SBA's SBIR and STTR programs. This bill has strong bipartisan support and would work to invest in entrepreneurial innovation and job growth.

While our economy is recovering, it still has a ways to go. Even now, we need to be focused on putting Americans back to work. We need growth that is lasting and industries that are sustainable. We need jobs that cannot be shipped overseas and will not evaporate in the next cycle of boom and bust. But those jobs aren't going to appear out of thin air. They need to be created. By expanding existing industries and unlocking new ones, H.R. 2965 will generate the jobs we need.

The SBIR and STTR programs are vital to small business growth. Year after year, they help jump-start 1,500 new companies. At the very least, that is 1,500 new employers. Over time, that is millions and millions of direct and indirect positions. But while these initiatives are crucial, they're not living up to their full potential. Through H.R. 2965, we can improve SBIR and STTR so they are running at maximum capacity.

Job creation, Mr. Chairman, is the primary goal of R&D. But in order to generate new positions, we have to first develop new industries. Commercialization is critical to that process.
